MRS. STANFORD WAS POISONED

Her Bicarbonate of Soda Held 662 Grains of Strychnine.

HUNT FOR MURDERER

Member of Dead Woman's Household, It Is Stated, Is Under Suspicion.

SHE MADE HER WILL RECENTLY

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

HONOLULU, March 2.—There are indications today that the police of this city suspect a member of Mrs. Stanford's household of having placed strychnine in the bottle of bicarbonate of soda, of which she took a dose before retiring Tuesday night. Dr. E. V. Murray, one of the physicians who conducted the autopsy, says death was due to strychnine poisoning.

Mrs. Stanford had in her possession when she arrived in Honolulu jewelry valued at about $75,000. This was found apparently intact, and was taken charge of by Mr. Hackfield.

High Sheriff Henry denies a rumor that Miss Bertha Berner, who was Mrs. Stanford's secretary, and Miss Hunt, her maid, are under surveillance.

A meeting of natives of California, resident in Honolulu, has been called for next Monday evening, to take measures to show respect for the memory of Mrs. Stanford.

The body of Mrs. Stanford has been embalmed and probably will be taken to San Francisco on the China, which will sail from Honolulu March 10. It is due to arrive at San Francisco March 17.

Late tonight the police confessed that their investigation of the tragedy is at a standstill and High Sheriff Henry declares he is without a theory concerning the cause of Mrs. Stanford's death. He hopes, however, that the report on the chemical analysis of the dead woman's stomach, together with the inquest to follow, will develop new facts.

The opinion of most of the investigators is that if there has been a crime it was committed in San Francisco, and possibly at the same time that strychnine is said to have been placed in the mineral water, on January 14.

Huge Dose of Poison.

SAN FRANCISCO, March 2.—Acting Chief of Police Spillane today received a cable dispatch from William Henry, high sheriff of Honolulu, saying:

"The Stanford bottle of bicarbonate of soda contained 43 drams—662 grains—of strychnine. An examination of the organs is now under way."

A medical expert today said: "Six hundred and sixty-two grains of strychnine easily would kill 662 persons. The maximum dose administered is only one-fifteenth of a grain, while the average is one-fortieth of a grain."

Louis Falkenau, who made the analysis of the mineral water drunk by Mrs. Stanford last January, and which was poisoned with strychnine, today said:

"Strychnine and bicarbonate of soda cannot be detected easily. Soda has a crystalline appearance and looks something like strychnine. It would require an expert to detect the appearance of strychnine."

The finding of the large amount of poison in the bicarbonate of soda puzzles Mrs. Stanford's relatives and attorneys. Mountford S. Wilson, her chief counsel, and C. G. Lathrop, her brother, today declined to make any statement until they had received direct advices from Honolulu. They held an extended conference with D. O. Mills.

Story of First Poisoning.

Mrs. Stanford's relatives and immediate friends have until today rejected the theory that she was poisoned in January. They treated her belief in that matter as the hallucinations of an aged woman. Only recently they inspired and caused to be published in a local paper an article flouting the theory of poison and treating the whole story as malacious and absurd. Nevertheless, they had a rigorous examination made of all the circumstances attendant on the poisoning of January 14. The reports resulting from that examination are kept secret and no action has followed.

It was on January 14, after she had gone to her room in her California home, when Mrs. Stanford, as was her custom, took a glass of mineral water. Her maid, Miss Elizabeth Richmond, was with her at the time.

"Richmond, that water tastes very funny," said the philanthropic Mrs. Stanford. She sank back on her bed, shook with chills, and vomited.

The bottle of water from which Mrs. Stanford drank was brought to her room on the preceding evening by Miss Richmond, and opened then. Mrs. Stanford took a glass of it that night, and the following morning about 11 o'clock partook of another glass. The bottle was permitted to remain in her room all that day, and the almost fatal dose was taken that night.

Maid Was Solicitous.

The following morning Mrs. Stanford told her maid she desired to have the contents remaining in the bottle analyzed. Miss Richmond insisted that she would personally take the bottle to the chemist because, she said, she would not entrust to any of the servants.

The employes in the house at the time were Miss Berner, Miss Richmond, William McWhinney, the butler, and Nora Hopkins, the house maid, who was brought from Palo Alto. Other servants from Palo Alto had been brought here also. These were Ah Wing, an assistant butler, who had been in the Stanford family 20 years; Ah Young, the boy courier; Joe Yeng, a cook, and Lee, an assistant Chinese cook.

Miss Richmond is living in San Mateo, in the home of Alvin Beverly, who was for many years the butler for Mrs. Stanford. Both Miss Richmond and Beverly resigned from her employ, the former about January 29 and the latter some

OPPOSED INQUEST OF ARMOR TRUST

House by a Vote of 158 to 139 Defeated the Senate Amendment.

NAVAL COMMITTEE ARRAIGNED

THE PITTSBURGH GAZETTE BUREAU.
Room 10, Postal Building.
WASHINGTON, D. C., March 2.

Another effort on the part of Representative Vandiver of Missouri to get an investigation of the alleged armor plate trust was defeated in the house today by a vote of 158 to 139.

The matter was brought up when the navy bill was reported from conference. Mr. Vandiver first made an unsuccessful attempt to get the house to agree to the senate amendment requiring the secretary of the navy to inquire into the cost of armor plate and of an armor plate plant, and agree to it with the proviso that in the purchase of armor and armament appropriated for by the bill all contracts shall be let to the lowest responsible bidder, but that no contract for armor plate shall be let at a price exceeding $308 a ton. This was prevented by a point of order made by Representative Foss.

During the debate the position of the naval committee and the government was severely criticised. Representative Hughes of New Jersey said that "the Carnegie and Bethlehem Steel companies had stolen $22,000,000 from the government in the last six years."

Mr. Vandiver will call up his resolution tomorrow asking the attorney general to investigate.

NO PNEUMATIC TUBES.

Conferees on Postoffice Bill Kill Item That Would Extend Service to Pittsburgh.

WASHINGTON, March 2.—(Special.)—The conferees on the postoffice appropriation bill reached an agreement tonight. The appropriation for the extension of the pneumatic tube service at Pittsburgh, Cleveland, Cincinnati and other cities of more than 200,000 population was stricken out at the insistence of Chairman Overstreet of the house committee. The item now stands at $500,000, as it came from the house, which is just enough to cover existing contracts.

By this action the pneumatic tube service for Pittsburgh is deferred for at least another year.

GEN. STOESSEL CORDIALLY RECEIVED BY THE CZAR

ST. PETERSBURG, March 3.—Gen. Stoessel, who was given an audience by the emperor yesterday, was received by his majesty with a warmth which went far to atone for the cool reception given him by several of the newspapers and military factions. Gen. Stoessel is being feted by society. A large dinner was given in his honor last night after his return from Tsarskoe-Selo.

OCTOGENARIAN WIFE IS SUED FOR DIVORCE

NEW YORK, March 2.—(Special.)—A woman of over 80, a grandmother, appeared as defendant in a divorce suit in the supreme court today, when Mrs. Florence L. McGinnis applied for alimony and counsel fees. McGinnis, who has $12,000 a year income, charges his aged wife with infidelity.

ST. PETERSBURG, March 3.—The Official Messenger publishes an imperial manifesto calling on the country to rally round the throne in defense of the empire from its internal enemies.

BRITISH MINISTRY HAS A REDUCED MAJORITY

Government Gets as Low as 24 in Divisions in the House of Commons.

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

LONDON, March 2.—The house of commons tonight, in committee on supply considering the additional army estimate with a reduced attendance, gave the government a majority of only 26 on a minor amendment. The result of this division was received with an outburst of cheering by the opposition.

Mr. Lloyd George (advanced Liberal) immediately moved to report progress. He said it was evident that there was a split in the ministerial ranks, and that the commons were tired of Mr. Balfour and the ministry.

Premier Balfour, in replying, said that if the commons were tired of him it was an easy matter to secure a riddance. A division was then taken, the result being 167 to 191 in favor of the government. This majority of 24 was greeted with cries of "resign."

In subsequent divisions the government majority hovered around 26 and 28 and the matter was the subject of excited comment in the lobby.

As the house was rising Winston Churchill asked whether there was any truth in the rumors of Mr. Wyndham's resignation of the chief secretaryship for Ireland. Sir Alexander Acland Hood replied that it was untrue, that either Secretary Wyndham or the viceroy, the earl of Dudley, had tendered their resignations.

MRS. BENNETT ANXIOUS TO HAVE RECEIVERS REMOVED

She Files a New Petition in New Jersey Court, but Is Told to Await the Trial of the Original Case.

[SPECIAL TELEGRAM TO THE GAZETTE.]

FREEHOLD, N. J., March 2.—Mrs. Laura Biggar-Bennett appeared in person before Judge Foster here this morning and presented a petition asking for a rule to show cause why Peter J. McNulty and James W. Platt, executors of the estate of the late Henry M. Bennett, should not be removed.

Mrs. Biggar-Bennett told Judge Foster that Dr. Charles C. Hendrick had practically withdrawn all his petitions in the case, and the one she presented today was an entirely new one. Judge Foster took the papers, but refused to take any action, giving as his reason that the original case will come up March 9 next, when the question of removing the executors will be determined.

Judge Foster said he would hear the entire case on Thursday, March 9, and that if Mrs. Biggar after that date wanted to present a new application for the removal of the executors he would receive it. Mrs. Biggar-Bennett was accompanied to and from the court by Dr. Hendrick.

SUN SPOTS AFFECT TELEGRAPH CIRCUITS

CHICAGO, March 2.—Aurora borealis, predicted to appear today on a large scale as a result of sun spots, arrived on schedule time. This afternoon telegraph circuits westward from Chicago were noticeably affected. The disturbance seemingly extended from Chicago to Sioux City, Iowa.

BAPTIZED IN ICY RIVER AT MIDNIGHT

HUNTINGTON, W. VA., March 2.—(Special.)—Standing waist deep in the muddy waters, with ice pushing against him, the Rev. Burrel S. Akers immersed three men and three young women in the Big Sandy river at midnight last night. It was the outcome of a big revival meeting during which many converts have been made.

Scared to Death in Runaway.

FAIRMONT, W. VA., March 2.—(Special.)—Abe Pethel, a justice of the peace, died from fright today. His wagon was on the edge of a precipice near Glover gap, when the horses bolted. The daughter succeeded in controlling the animals, but upon turning to her father she found him dead in the wagon bed.

WITNESS CARNEGIE DUE TOMORROW

Chadwick Prosecution Bases Much on Denial He Will Make on the Stand.

MAY BE GIVEN RECEPTION

[SPECIAL TELEGRAM TO THE GAZETTE.]

CLEVELAND, March 2.—Andrew Carnegie, one of the state's most important witnesses against Mrs. Cassie L. Chadwick, will arrive in Cleveland from Fernandino, Fla., Saturday evening over the Pennsylvania railroad. He will be in the city three or four days and will be the guest of Sylvester T. Everett at his palatial residence, Euclid and Case avenues. No reception will be tendered the ironmaster upon his arrival, as he will be fatigued from his three days' trip from the south. The Chadwick trial begins Monday morning.

The most prominent man connected with the Chadwick case, Mr. Carnegie, has steadfastly refused to take any part in its intricacies other than to deny that he had anything to do with the notes which bore his name. His coming to Cleveland, however, it is hoped, will have a most important bearing on the case, inasmuch as the actual denial in the witness chair of the signature on the notes is one of the most important links in its evidence, on which the prosecution bases its case. United States District Attorney Sullivan will meet him at the Everett home shortly after his arrival in order to make the final arrangements for the appearance of the philanthropist in court.

Western Reserve university, to which he gave a library a short time ago, will tender Mr. Carnegie a reception if he can find time to attend such a function.

SUBWAY IS OFFERED CITY OF CLEVELAND

Electric Railway Company Is Trying to Secure a Long Extension of Franchises.

[SPECIAL TELEGRAM TO THE GAZETTE.]

CLEVELAND, March 2.—To end the controversy over fares, that has occupied the public for years, the Cleveland Electric Railway Company will offer a reduced fare and better transfer privileges and will build a great subway system under the center of the city, to cost $2,000,000, in return for an extension of all franchises for 25 or 50 years. The subway, at the end of 50 years, is to become the property of the city at no cost to the public.

If the company at the expiration of its 25-year franchise does not succeed in getting an extension of that franchise it will agree to turn the subway over to the company that takes over the rest of its property, under some equitable management.

DR. OSLER EXCEPTED CASE OF MR. DAVIS

BALTIMORE, MD., March 2.—(Special.)—Former Senator Henry G. Davis, the vice presidential candidate on the Democratic ticket, was in the city today. While here he paid a visit to Dr. William Osler, and asked the latter if his opinion regarding men being useless after 60 years applied to him. Dr. Osler replied in the negative, but told the senator there were many others over 60 to whom the rule did apply.

President's Niece to Wed.

NEW YORK, March 2.—(Special.)—Miss Eleanor Roosevelt will be married to Franklin Delano Roosevelt on Friday, March 17, at the residence of her cousin, Mrs. Henry Parish, Jr., No. 6 East Seventy-sixth street. One of her six bridesmaids will be her cousin, Miss Alice Roosevelt. President Roosevelt will be present.

Payment for Pittsburgh Fortification.

WASHINGTON, March 2.—(Special.)—Senator Penrose today introduced for Senator Knox a bill providing for the payment of $19,000 to Snowden & Mason of Brownsville, Pa., for money and men furnished in the fortification of Pittsburgh during the civil war.

BROTHER HUNG FOR HIS DEED

Adolph J. Bloch Declares He Killed Mrs. Falzinger.

HELD FOR A HEARING

Washington County Authorities to Investigate Story Told by Jew in Canonsburg.

DOUBTED BY LEHIGH OFFICERS

[SPECIAL TELEGRAM TO THE GAZETTE.]

WASHINGTON, PA., March 2.—"My God! That's my brother! He never killed that woman. I am the murderer. I should have been hanged instead of Eugene!" cried Adolph J. Bloch today in a frenzy of remorse, interrupting a companion at the steel mill in Canonsburg, who was reading to him an account of the hanging of Eugene Bloch at Allentown on Tuesday. He is in the Washington county jail tonight. He is a German Jew, aged 26, and formerly lived in Philadelphia. His brother was hanged for the alleged murder of Mrs. Kate Falzinger on August 6, 1903.

Adolph Bloch declared to the authorities today after the item had been read to him that he killed Mrs. Falzinger and that the brother who had been hanged was guiltless. Bloch is a millworker, reads newspapers, but little and says he knew nothing of the trial, conviction and execution of his brother until today. John Nagle, with whom Bloch boarded at Canonsburg, secured a statement from him in which he said he killed Mrs. Falzinger at Allentown. Nagle immediately informed Constable J. J. Miller, and an information was filed against Bloch this afternoon before Justice of the Peace Butler of Canonsburg, charging him with being a fugitive from justice. He received a preliminary hearing and was committed to the county jail here to await news from Allentown. Bloch will be again arraigned before the justice next Tuesday, charged with the murder.

Bloch Comes from Philadelphia.

Bloch came to Washington county months ago from Livermore, Westmoreland county, and had since that time been employed in the local mills. Prior to that he had been employed by a wholesale notion establishment in Philadelphia. His parents live in the Twenty-eighth ward of that city. Mrs. Falzinger's throat was cut and her dead body was found hours after the crime. Eugene Bloch was arrested. He claimed that Mrs. Falzinger had been attacked by a stranger and that he was trying to defend the woman when she was killed. Adolph Bloch says his brother knew him to be guilty and suffered death rather than betray him. When brought to the jail here tonight, Bloch was in a state of collapse. He gave out a statement in which he acknowledged his guilt and expressed the hope that no mercy would be shown him for the terrible crime he committed.

The Allentown officials, who were communicated with this evening over the long distance telephone, said it was impossible that an innocent man should have been hanged for the murder. An officer from Washington will leave for Eastern Pennsylvania tomorrow morning to gather data of the Allentown murder. Bloch, while in Washington county, passed as John White, having changed his name immediately after leaving Allentown in 1903. Late tonight he recovered his nerve to some degree and declared to the jail officials that the whole story was a joke. Later, however, he repudiated this and reiterated his guilt.

Allentown Officers Act.

ALLENTOWN, March 2.—District Attorney Schantz received word by telephone today from a justice of the peace at South Canonsburg, Washington county, stating that a stranger there, giving his name both as Stephen W. White and Rudolph Bloch, had confessed that the wrong man was hanged in this city last Tuesday for the murder of Mrs. Kate Falzinger. He acknowledged that he committed the murder and not Eugene Bloch, the man who was hanged. Mr. Schantz directed that the man be arrested and held.

JIU JITSU WAS FATAL.

Philadelphia Trooper Is Dying from Injuries Received in Wrestling a la Japanese.

PHILADELPHIA, March 2.—(Special.)—Samuel Goodman, Jr., University of Pennsylvania athlete, clubman and lawyer, is dying from injuries received in a jiu jitsu bout in the armory of the First City troop, of which he is a member. While in the armory some of the troopers practiced jiu jitsu holds. Goodman was thrown heavily. Physicians found he had broken a blood vessel, that blood poisoning had set in from neglect, and that a rib must be removed. The operation was performed. Early yesterday morning the athlete began to sink rapidly, and last night he was given up.

Bethlehem Leases Tidewater Steel.

NEW YORK, March 2.—(Special.)—It is understood that Charles M. Schwab and other interests identified with the Bethlehem Steel Corporation have practically completed a deal involving the lease of the Tidewater Steel Company, one of the most important iron and steel concerns in eastern Pennsylvania.

Walcott's Body to Be Cremated.

MONTE CARLO, March 2.—The body of former United States Senator Walcott is to be conveyed to Paris for cremation at Pere La Chaise on Monday. The ashes will be forwarded on Tuesday or Wednesday to Havre and thence transported to New York.

Ellen Stone Will Return to Orient.

BOSTON, MASS., March 2.—(Special.)—Miss Ellen Stone, the famous missionary in Bulgaria and Macedonia, who was captured by the brigands, will soon leave for her old field in the orient.

ALL IS READY FOR INAUGURAL

Rough Riders, Cowboys and Indians Are Invading Washington.

TOWN IS DRESSED UP

Flags and Bunting Predominate from White House to the Capitol.

PHILIPPINE SCOUTS ARRIVE

THE PITTSBURGH GAZETTE BUREAU.
Room 10, Postal Building.
WASHINGTON, D. C., March 2.

When the inaugural committee held its final meeting today and canvassed the arrangements that have been made for the induction of Theodore Roosevelt into office, it was found that every detail was complete and it only remains for the successful execution of these plans to make this the greatest inauguration ceremony in the history of the country. Washington wears its gala attire, the streets are buried in a profusion of flags and bunting. Pennsylvania avenue is lined from capitol to White House with reviewing stands and it now lies with the weather man to determine if all these plans have been made in vain.

Yesterday a storm swept over the city and buried the streets and the decorations, as well as the hopes of official Washington, two inches deep with snow. Today the sun shone brightly, the snow quickly disappeared and the thermometer and the spirits of the committee of arrangements rose together. Fair weather is promised for tomorrow, and while the official observer will not commit himself definitely as to Saturday, he will say that there are no atmospheric disturbances in sight on the weather map.

Rough Riders Want Real Horses.

The Rough Riders are here and ready for the important part they are to have in the inaugural parade as personal escort of the president from the capitol to the White House. This afternoon a party of them were hanging around the president's office nursing a kick which they were eager to register with the president or with Secretary Loeb. They had learned that artillery horses had been assigned to them to ride in the parade. It would have been difficult to find a more disgusted set of men than they when this fact was broken to them. "Ben" Daniel, who followed Roosevelt up San Juan hill, wiped the tears from his eyes as he bemoaned this humiliation that had come upon his regiment.

"We wanted to bring our own ponies," he said, "but they told us we could have army horses, and we supposed of course they meant cavalry horses. That would have been better than for us to bring our own, because you know a cow pony with a nervous disposition might not take kindly to all the flags and bands and crowds and so on. But artillery plugs—heavens, what will the boys say back home? I'll bet the colonel (meaning the president) will raise hell with some one for this."

Cowboys Have the Laugh.

Capt. Seth Bullock and his cowboy aggregation have the laugh on the Rough Riders in this respect. They have their own ponies and tonight these broncos are being rubbed down and carefully groomed in a big livery stable in Louisiana avenue. There isn't a pony in the bunch that isn't warranted to carry its rider 100 miles a day, though how they will perform in the parade is a matter subject to some speculation. They are all here, cowboys and ponies, and this afternoon sombreros and leather chaps were more in evidence about the White House than the black frock coats and high silk hats of senators.

There's trouble for Indian Commissioner Leupp. It was he who conceived the idea of bringing on a crowd of Indian braves to add to the attractiveness of the parade, and the suggestion was heartily approved. The papers spread the news broadcast and it eventually reached all the reservations of the far west, where it was as heartily approved as it was here in Washington. Every chief or fighting brave who now sits around drawing rations and "tanking up" on whatever firewater chance brings his way, jumped to the conclusion that the success of the inauguration of the "Great White Father" rested with him personally. So, without waiting for the formality of an invitation, those who could rake together enough cash to buy a ticket to Washington came on, bringing with them their war bonnets and fighting paraphernalia of other days.

Has Indians on His Hands.

The result is that the Indian commissioner has enough Indians on his hands to form a separate division of the procession if he would permit them all to take part. But he can't do it. Some of them have brought their squaws and pappooses along and want to take them into the parade, but the line was drawn tightly here. "This isn't a wild west show," protested the commissioner. Old Geronimo and a few other chiefs who helped Gens. Miles, Crook and Lawton to their stars will have places in the line, but there are many who will go home disappointed.

The First battalion, Philippine scouts, 266 men, under command of Maj. William H. Johnston, arrived this morning from St. Louis and are stationed at Ft. Meyer. There are four tribes represented in the battalion, Macabebes, Ilocanos, Tagalogs and Visayans.

Regiments of the militia and independent military companies are arriving by almost every train and by tomorrow evening it is expected that practically all of the organizations that are to take part in the ceremonies will be here. Among the arrivals today were the Washington Light Infantry of Pittsburgh and Company I, Sixteenth regiment, N. G. P., of Warren.

Many Pittsburghers Arrive.

Although no organization other than the advance guard of the Washington infantry arrived today, Pittsburgh and Western Pennsylvania people were in evidence in all of the hotels tonight. On every register of the downtown hotels the names of prominent politicians and business men from Western Pennsylvania appeared among the arrivals. Company I, Warren, was the first detachment of the First national guard to report its arrival at the inaugural headquarters.

Howard Eaton, formerly of Pittsburgh but now of Wolfe City, Wyo., was one of the most interesting callers at the White House. The former Pittsburgher enjoys such a close acquaintance with the president that he received the greeting of "How are you, Howard?" from the chief executive of the land as he entered the reception room. The former Pittsburgher did not hesitate to return the salute by saying: "I am glad to see you, Teddy." For years the president and Eaton lived on neighboring ranches in the west and warm personal friendship was the result. L. W. STRAYER.

INDIANA AT WASHINGTON.

Hoosiers Go to the Captol to Give Fairbanks a Send-Off.

Former Lieut. Gov. W. S. Haggard of Indianapolis, Ind., was a passenger to Washington last night. He was one of a large delegation of Indiana Republicans en route to the inauguration, especially bent on honoring their townsman, Vice President-Elect Fairbanks.

"If the exodus keeps up," said Mr. Haggard last night, "I expect to hear that the Hoosier capital has been practically depopulated by Saturday. There was even some talk of adjourning the legislature to enable Indiana to be thoroughly represented at Washington, but it is not likely this extreme will be resorted to. There will be enough Indianans at the capital to testify to our esteem for Fairbanks, and that is all we care for—except, of course, a propitious start on his second term for Mr. Roosevelt."

CHURCH IS PROSPERING.

More Than 8,000 Conversions in the Central Pennsylvania Evangelical Congregation.

HAGERSTOWN, MD., March 2.—(Special.)—The formal opening of the Central Pennsylvania conference of the United Evangelical church took place this morning, when the address of welcome was delivered by Mayor A. C. Strite. The Rev. Dr. H. B. Hartzler of Harrisburg, the presiding bishop, responded. He said that during the year there were 8,158 conversions and more than 9,000 accessions to the church.

The Rev. Dr. F. J. Dunlap was reelected conference secretary. He appointed the Rev. M. I. Jamison and the Rev. J. D. Shortess his assistants. The Rev. A. D. Gramley was re-elected chief of the reportorial staff. The morning and afternoon sessions were taken up with reports. The Rev. Mace of Lewisburg, Pa., delivered the annual temperance sermon.

EXAMINER CUNNINGHAM TO RETAIN HIS POSITION

WOOSTER, O., March 2.—(Special.)—National Bank Examiner John B. Cunningham of the Pittsburgh district, who was instrumental in the arrest in British Columbia of President O. P. Ohliger and Director J. R. Zimmerman of the defunct bank of this city, and their subsequent indictment, has returned home. The report that Mr. Cunningham had been transferred to the department of judiciary because of his work in connection with the Wooster bank is without foundation in fact. Mr. Cunningham will continue to examine the national banks in the Pittsburgh district.

BIG CROWDS GO TO INAUGURATION

At Least 2,500 Persons Left Here for Washington from Two Stations.

INDIAN CHIEFS PROMINENT

Fully 2,500 persons left last night for Washington to attend the Roosevelt inauguration tomorrow. National guardsmen, civic associations and individuals, numbering hundreds left on the Pennsylvania and Baltimore & Ohio railroads. Nine o'clock was the hour of departure for most of the visitors from both railroad stations, although all through the night every through train had passengers bound for Washington.

The most picturesque figures bound for the inauguration were three Indians, who for an hour attracted the attention of the people who thronged the Union station. One was Chief Enias of the Yakima Indians, another was Chief Simpson of the Wishhan tribe and the third was Frank Meacham, a full-blooded Indian who speaks excellent English without an accent. Meacham was educated at a Quaker school in Richmond, Ind., and he is now special interpreter for the northwest tribes. He is a Wishhan like his cousin, Chief Simpson. The Wishhans and Yakimas live in Washington and are stock raisers and farmers. Many of them have individual allotments of land and have also interests in the land on the reservations.

Prevented War With the Whites.

Chief Enias is a little man. To look at him standing in the Union station, upright and vigorous, one would not have known that he is 86 years old, but he was a famous man away back in 1856, when he was 39 years old. Then, Mr. Meacham said last night, the Yakimas were about to have war with the United States but Enias used his influence to preserve the peace. The old chief last night wore a long overcoat made of the skin of the gray wolf, and bore with stoicism the stares of the people gathered in the station. He has 1,500 head of cattle on his ranch, and is quite a traveler. Roosevelt's inauguration is not the first affair of the kind for him.

Shortly before 9 p. m. the Washington Infantry, 100 men, headed by a band, marched down the platform at the side of the station, and a few minutes later the Americus club, 250 strong, entered, led by the Second brigade band. The Americus club had a special train, which went as a section of the 9 o'clock train.

For nearly an hour the Baltimore & Ohio station was crowded, the 9 o'clock train going out in five sections. There was a picked regiment of the national guard, and a battalion of the students of Grove City college, traveling in a special train.

One car was reserved for the faculty, including President Kettler and Cpt. Francis P. Siviter and wife. Capt. Siviter is captain in the Twenty-eighth United States infantry, and is instructor in military science and tactics at the college.

Composition of Picked Regiment.

The composite regiment of 12 companies from the Second brigade and the state guard, and a battalion of the students of men and officers, was in command of Col. James E. Barnett of the Tenth and Lieut. Col James F. McNary of the Eighteenth.

The regiment was composed of four companies from each of the Fourteenth, Sixteenth and Tenth regiments. The Fourteenth's four companies were in command of Maj. William S. McKee. They were B, Capt. Thomas B. Easton; F, Capt. H. W. Studt; G, Capt. Joseph A. Rising and H, Capt. Hugo Leidenroth. Asa P. Davis was battalion adjutant.

The Tenth was represented by Companies E, Mt. Pleasant, Capt. J. A. Loar; D, Connellsville, Capt. J. L. Gans; I, Greensburg, Lieut. Wade Kline, and A, Monongahela, Capt. R. L. Didball.

From the Sixteenth Companies L, Butler, Capt. James A. McKee, and M, Grove City, Capt. John W. Borland, joined the rest of the regiment here. Companies C and I of Warren and Broadford went to Washington over the Pennsylvania and will there unite with the other companies in Col. Barnett's command.

The regiment took the Tenth's band from Latrobe and the field musicians, numbering 24, from all three regiments.

Went in Two Troop Trains.

The regiment went forward in two troop trains composed of seven coaches and a Pullman car each. Col. W. E. Thompson of the Fourteenth, accompanied the regiment, although not in his official capacity. With the Fourteenth went also Capt. Howard B. Oursler of I company, who is on the staff of Gen. Chaffee, chief marshal, today. Capt. Oursler and Capt. John C. Grove of the First City troop, Philadelphia, represent Pennsylvania's military on the marshal's staff.

The Pennsylvania railroad sent out two extra sections of the 7 p. m. train for the use of the general public, and every regular train had to have extra cars added to it. The train authorities were notified early in the evening that they would have to take care of many cars coming from the west, and it was expected that several sections would have to be added to the regular train which leaves Pittsburgh at 4 a. m.

Travel to Washington for the inauguration is always very large, but at the railroad stations is was said last night that the record is this time.

The Tariff club will leave for Washington on a special train this evening at 7 o'clock.

Detectives George Cole and Edward McGough went to Washington last night to assist the police there at the inauguration. Detectives James Eagan and William Elmore are now in the national capital, having gone there on Tuesday.

CAMP SAT DOWN TO RHINOCEROS DINNER

Prince Henry Donor of Bornean Luxury Which Weighed Mere Trifle of Three Tons.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

NEW YORK, March 2.—The Canadian camp ate a rhinoceros dinner tonight at the Hotel Astor. The guests included many women and numbered 250.

At its dinner a year ago the camp dined on an Adirondack bear. The menu cards tonight announced that the "filet of rhino" had been prepared from a rhinoceros presented to the camp by Prince Henry of Prussia. The Rev. Henry Van Dyke was toastmaster, and at the table for the guests of honor sat many eminent sportsmen. The "rhino" was served, hide, horns, hoofs and tail. It weighed a little less that three tons. It arrived from the Berlin zoo a week ago, and was hauled to the hotel in a four-horse truck.

The Canadian camp did its duty by the Bornean luxury, and then proceeded to mephitis pie sent from Slabsides, the home of John Borroughs. There was strong food in plenty, and the muskrat, which tasted like toasted chips, was also no diet for babies. The feasters had wild turkey from Dan Beard's swamp, nimrod salad and menagerie ice cream.

Former President Grover Cleveland was unable to be present, but Dr. Van Dyke, who occupied the next camp to him at the Princeton clearing, said he would take him a portion of rhinoceros filet to compensate him for his absence.

Former Pittsburgh Veteran Dead.

ERIE, March 2.—(Special.)—Frederick Wiegand, one of the original inmates of the Pennsylvania State Soldiers home, died this evening. He had been in the home since 1890, and came here from Pittsburgh. Only two of the original 200 remain. He was aged 87.

JAPANESE ARMY CLOSE TO MUKDEN

Russians Recapture Several Positions from Which They Had Been Driven.

BOTH SIDES LOSE HEAVILY

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

NIU-CHWANG, March 3, Noon (via Tientsin).—Chinese from Mukden report that the Japanese have advanced almost to Mukden. The Russians, having been reinforced, have recaptured several positions out of which they had been driven. The battle is still raging. The Japanese bivouacking on the outskirts of Sinmintin withdrew this morning, leaving only a picket. The Russian station at Chang-Tau has been reinforced. Strings of Chinese carts are moving toward Mukden. Foreigners are still at Mukden. Owing to the absence of traffic merchants laden with dollars are going to Tientsin. Refugees from the battle are arriving at Niuchwang.

MUKDEN, March 2.—The thunder of cannon is heard from all positions. Putiloff and Novgorod hills are hidden by the smoke from the guns. The bombardment was resumed after the repulse of an infantry attack by Japanese. A heavy bombardment is also in progress in the neighborhood of the Shakhe bridge, apparently in preparation for an attack in that quarter.

Yesterday was marked by attacks along the whole front. After an all-night Japanese bombardment of Putiloff hill and Novgorod hill, Japanese infantry yesterday morning advanced against the Russian lines and drove back the advance posts two miles. The advance was unchecked until the Japanese came within 200 yards of the main line of trenches, when they were beaten off by the fire of machine guns and volleys of rifle fire, leaving many dead and wounded. The Russians have abandoned the Shakhe river bridge entirely, taking up their former positions. The losses on both sides have been heavy.

TOKYO, March 2.—Advices from the headquarters in Manchuria show that Japanese activity on the extreme right continues. That wing is pressing forward and is dislodging the Russians.

NIUCHWANG, March 2, via Tientsin.—A detachment of 400 Japanese cavalry with one gun raided Sinmintin, about 30 miles west of Mukden, this afternoon. With the gun trained on the main street the troopers ransacked the railroad buildings and Chinese inns.

Raid on Sinmintin.

For months Sinmintin has been the headquarters of contraband trade, and the Japanese heretofore have not interfered with it.

On the arrival of the Japanese today the streets were quickly cleared, the Chinese went in hiding, and the great crowd of Greek and German traders became panic-stricken, but the Japanese did not touch their carts, which were waiting to make a night trip to Mukden. Three Cossacks were discovered and one of them was killed.

The Chinese report that previous to their entry into Sinmintin the Japanese dispersed a small body of Russian scouts, capturing 15 of them. On the completion of their examination of Sinmintin the Japanese withdrew to Pauchiatun. An engagement is expected, as it is known that Cossacks are not far distant.

Ten thousand Japanese troops are reported to be three miles south of Pauchiatun, and numbers of Japanese in Chinese clothes are along the line. It is possible that the Japanese may seize Sinmintin, as it has long been denuetralized, owing to Russian traffic there. There are large accumulations of stores at Chencow and Koupantse.

Sinmintin is now quiet. The Japanese hold all the roads. It is reported here that Gen. Kuropatkin's left has advanced six miles.

Left Wing Is Engaged.

SAKHETUN, MANCHURIA, March 1.—A stubborn fight is waging on the left wing. Vigorous attacks of the Japanese on the village of Kudaza have been repulsed, and the Russians maintain their position, thanks to the intervention of a relief column which attacked the Japanese from the west after two passes had been occupied. This column was hard pressed by the Japanese and suffered great losses, but repulsed all the Japanese onslaughts.

To the westward the Japanese made a night attack on Kutal pass. Some of the assaults were repulsed, but at 9 a. m. the Russian advance guard vacated two outworks, which had been destroyed by the Japanese artillery, and retired to adjacent and better fortified positions. The Japanese attacked Nanshanpu in the Khandiensan district at 6 a. m., but were repulsed.

HEADQUARTERS OF GEN. RENNENKAMPFF, NEAR HADYADANI, MANCHURIA, Feb. 28.—(Via Mukden, March 2.)—All the Japanese attacks today on the new Russian positions, a few miles north of Oubenepusa, were successfully repulsed, but the forces defending the Russian left flank were unable to withstand the advance of the Japanese who enveloped the front and left.

CORDOVA AND GIRL ARE SENT TO JAIL

NEW BRUNSWICK, N. J., March 2.—J. F. Cordova, at one time a clergyman in South River, and Miss Julia Bowne arrived here today from Washington, where they were taken into custody on a request from the local authorities, who alleged they were fugitives from justice. Cordova was held in $1,000 bonds on an abandonment charge and Miss Bowne in $500 as a witness. As neither could furnish bail they were taken to jail.

The slaughter-house of James Denholm and a fruit store at 305 and 307 Frankstown avenue were damaged to the extent of $1,000 by fire at 2 o'clock this morning.

MRS. STANFORD POISONED

Continued from First Page.

nine months ago. Miss Richmond was shocked when she learned of the death of her former mistress. Said she today:

"I can hardly believe she was poisoned. I believe she fancied she might have been poisoned because she was dreadfully nervous since the attempt made upon her life here."

Raphael Weil, a merchant of San Francisco, now on the way to Europe, has telegraphed from Chicago that he will contribute $1,000 toward a monument to the memory of Mrs. Stanford, which he hopes to see erected in front of her former home in California street, now devoted to university purposes.

Mrs. Stanford did not leave so large an estate as was supposed, for during her lifetime she deeded the property she inherited from her husband to the regents of Stanford university to be held in trust for that institution after her death. The last transfer of importance made by her was about three years ago when she made over her magnificent residence in California street. At the same time she practically gave to the regents of the university a trusteeship to her jewelry, which she provided should be disposed for the benefit of Leland Stanford, Jr., university after her death.

THE MAID AND SECRETARY MAKE PUBLIC STATEMENTS

Tell in Detail the Events Surrounding the Poisoning of Mrs. Stanford, Their Employer.

[SPECIAL CABLE TO THE GAZETTE.]

HONOLULU, March 2.—In connection with the poisoning of Mrs. Jane Stanford, her secretary, Miss Bertha Berner, and her maid, Miss Hunt, each made statements today to High Sheriff Henry. Miss Berner said:

Yesterday we went to picnic at Pali, on the other side of the island. In the party were Mrs. Stanford, myself, Miss Hunt and a driver. The lunch consisted of graham bread, Swiss cheese, tongue, lettuce, hard-boiled eggs, ginger bread, oranges, chocolate candy and cold coffee. Mrs. Stanford ate heartily of everything but eggs.

When we reached the hotel from the trip Mrs. Stanford was in fine spirits. She went to her room, lay down for a short rest and then went down to dinner. She ate a plate of soup.

We then went to the porch, where we talked until about 8:30 o'clock, when she and I went upstairs to our rooms on the second floor together. I parted with her at her door, but Miss Hunt went into the room with her to undress her for bed.

I went over to Mrs. Stanford's room in a few minutes, for she said she was going to take some bicarbonate of soda, and suggested I take some, too; but I told her I would not take any, as I was going to take an aperient. Mrs. Stanford had not been in the habit of taking bicarbonate of soda as a regular thing. She never stooped over, so I got the medicine out of her trunk for her. She was sitting in a chair having her hair combed by the maid.

I did not have a spoon when I got the medicine bottle. I spoke of it and Miss Hunt got the spoon and handed it to me. I got about half a teaspoonful of the soda out of the bottle for Mrs Stanford and placed it on the table. For some reason she did not take the medicine at once. She laughed and said she guessed she would drink a glass of mineral water. I poured her out a glass of water and she drank it.

In a few minutes I bade her goodnight. The maid says she left the room about 9 o'clock. We were asleep when aroused by hearing Mrs. Stanford crying out: "Oh, Bertha! I am suffering so terribly here; send for a doctor." Then she called: "May—May—" trying evidently to arouse the maid, Miss Hunt.

We were both awakened by her cries and, running into the hall, we saw her in her nightrobe, standing in the doorway of her room, leaning heavily against the side of the door as if suffering greatly. In an instant the thought that she had been poisoned flashed through my mind, remembering, as I did, the terrible experience she had in San Francisco. I ran to the elevator and rang the bell.

At the same time we came out of our room, a gentleman who had a room nearby came out. Mrs. Stanford also told him to go for a doctor. He hurried downstairs to notify the clerk. I understand it was 11 o'clock when he got downstairs.

Miss Hunt and I began immediately to try to aid Mrs. Stanford by getting her to vomit, as had been done before when she was sick. We gave her a number of glasses of hot water and the maid put Mrs. Stanford's feet in hot water. She was suffering terrible agony, but her mind was perfectly clear, and she seemed to realize her life was in danger.

"Bertha," she exclaimed, "I fear I have been poisoned."

When the doctor arrived she said to him that she had been poisoned and for him to send for a stomach pump. The doctor said she must be mistaken, but she insisted that he send for a stomach pump. For some reason it did not arrive, and he did what he could to get her to vomit.

I asked Mrs. Stanford if I should rub her spine. She replied: "Oh, no, it is not there; the pain is in here," putting her hand to her stomach. We could see she was suffering terribly and gradually getting worse. Her limbs began to get rigid and the convulsions became more violent. She told me to tell the doctor what had happened to us before in San Francisco. She said it was too late; she could not vomit.

How long we worked with her I do not know. I know we gave her hot mustard to drink and did everything we could think of while the doctor was also working with her. She went into another convulsion when she became unconscious and died. They said she died at 11:40 o'clock.

In her room the doctor found the bottle of bicarbonate of soda and cascara. I am not clear as to that bottle with the label "bicarbonate of soda." The label says Adelaide, but I do not recall her having purchased the bottle in that place. I did not purchase it, nor do I know any one who did or when she came to buy it. In any event she had the bottle a long time. It was brought here from California, but how much medicine there was in it when we left San Francisco I cannot say. I suppose it contained bicarbonate of soda in a loose powder. I cannot recall ever having had the bottle refilled for her, or getting any medicine for her.

The cascara capsules were a prescription given me some years ago. Mrs. Stanford told me she would get me to order a double quantity and would draw on me for them. Miss Hunt ordered the prescription filled in Wakelee's just before we left San Francisco.

The packing of Mrs. Stanford's trunk was attended to by all of us—she, myself and Miss Hunt. We had gotten together a quantity of medicines, but Mrs. Stanford told us to leave some behind; she did not wish to be bothered taking so much medicine in her trunk.

Miss Hunt, the maid, said she had been in Mrs. Stanford's employ only since February 9, 1905. She had been with Mrs. Standord before, several years ago. Continuing she said:

I left in 1899 when Mrs. Stanford went abroad, because I was ill. Mrs. Stanford sent for me to come with her on this trip. I do not know anything about the bottle of soda. I put the bottle into the trunk myself. I remember the bottle, but do not recall anything about the amount of stuff inside.

Dr. F. Howard Humphries, who attended Mrs. Stanford and was present at the death, declined to give an extended diagnosis other than he was satisfied that death was due to strychnine poisoning. The doctor was severely injured yesterday afternoon in an automobile accident.

Passe Gone to Quell Disturbance.

WASHINGTON, PA., March 2.—(Special.)—Sheriff Thomas M. Pentecost, with 12 special officers, left at 9 o'clock tonight for Scenery hill, 12 miles east of here, to quell trouble resulting from a strike of miners employed by the Ellsworth Coal company. They were joined at Monongahela by Chief of Police Leo Logan and 12 officers.

ARMED MAN FOUND AT CZAR'S PALACE

St. Petersburg Workmen Reaffirm Demands on Government. Fatal Rioting at Moscow.

EMPEROR ANSWERS BOURSE

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

ST. PETERSBURG, March 3.—(12:45 a. m.)—The police at Tsarskoe-Selo have arrested a suspect, who claimed that he is a nephew of Gen. Fock, but whose papers are irregular, and who was found to be armed with a heavy loaded revolver.

The labor delegates representing the whole of the industrial population of St. Petersburg and who were elected to choose 50 members of the Schidlovski reconciliation commission, met again yesterday and reaffirmed the resolutions adopted the previous day, which threatened, in case the demands are not granted, not only to refuse to elect labor representatives to the commission, but to order a resumption of the general strike. These demands are for the release of imprisoned workmen and freedom from arrest, unhampered speech, full publicity of meetings of the commission and the abolition of the censorship.

Speaker Arouses Applause.

One speaker declared the proletariat alone could achieve positive results. He declared: "We went out into the streets one Sunday and were shot down like dogs. We are on the eve of great events, perhaps a fearful drama. No matter. We must be firm and steel our hearts to fulfil the watchword—fight! fight!"

The speech was greeted with tremendous applause. The authorities are preparing to meet a serious situation March 4. Many residents are laying in stores of provisions.

Emperor Nicholas yesterday replied to the recent address of the Moscow bourse, expressing attachment to the principle of autocracy, saying: "In this year of grievous trial, this evidence of loyalty to the old foundations of Russia's political life has afforded me special gratification."

According to reports from Moscow several rioters have been killed in conflicts with workmen of the Orechow Sujewo manufacturing district. Another 10,000 men struck today in the large factories of the Viborg quarter of St. Petersburg.

Bomb Thrown at Warsaw.

WARSAW, March 2, 11:45 p. m.—A bomb was thrown from a window overlooking the courtyard of the Muranoff district police station at 5 o'clock this afternoon. It fell in the midst of a group of soldiers, but did not explode. Two Jews have been arrested for supposed connection with the affair.

At the leather enamel works two workmen fired several shots at two of the directors as the latter were leaving the factory. The shots did not take effect and the assailants escaped. A military patrol attempted to arrest some striking Jewish shop assistants in Krussa street, who were engaged in forcing shopkeepers to close their premises. The strikers fired on the patrol repeatedly, but without injuring any of them. During the day the police arrested 340.

The director of the gas company today notified the governor general that unless the government intervenes and compels the strikers to return to work, the city will be in darkness by Sunday night. This morning strikers stabbed one of the foremen and he died tonight.

BIG DEAL CONSUMMATED.

Westmoreland Coal Company Takes Over Penn Concern—Price Is About $3,500,000.

IRWIN March 2.—(Special.)—The largest coal deal in the history of the bituminous region of this state was consummated today, when the Westmoreland Coal Company exercised its option and took over the Penn Gas Coal Company, the purchase price being about $3,500,000 on a basis of $400 an acre for coal land and $1,500,000 for equipment. This will give the Westmoreland Coal Company 20,000 acres of coal land and 10 working mines that have a capacity of 3,000,000 tons of coal a year. The number of hands that will be employed will be 2,500 and the average payroll is about $70,000 every two weeks.

This will make the Westmoreland Coal Company the largest producer of gas coal in the state. It operates its own cars, and the combined carriers will give it about 3,000 cars with a fleet of coal carriers returning from South Amboy, N. Y., to points in the New England states.

SANTA FE RAILROAD IN STANDARD SUIT

TOPEKA, KAN., March 2.—The Atchison, Topeka & Santa Fe Railroad Company is to be included in Attorney General Coleman's suit for conspiracy against the Standard Oil Company. Mr. Coleman said tonight that the Santa Fe was left out of the original petition by an error of the stenographer. The Standard Oil Company was served today with legal notice of the filing of the proceedings brought against it.

ASK FOR A LIST OF THE POLICY HOLDERS

Committee on Mutualization of Equitable Send Request to Directors of Society.

[BY PRIVATE WIRE TO THE GAZETTE.]

NEW YORK, March 2.—Steps were taken today by the committee of policy holders of the Equitable Life Assurance society, which may have an important bearing upon the plan of mutualizing the company. A letter addressed to Mr. Alexander and the board of directors of the Equitable, requesting the names and addresses of all the policy holders of the company, was drafted.

The committee explained that it desires to communicate with all the policy holders and to ask their assistance in urging members of the legislature to vote for a measure providing for the mutualization of the company. The letter will be presented tomorrow. The request is likely to meet the approval of one faction in the board of directors and to arouse opposition from the other.

At today's meeting the policy holders committee organized with John D. Crimmins as permanent chairman. The law firm of Boardman, Platt & Soley was retained, and has begun drafting the proposed bill. By beginning work in so expeditious a manner the committee has shown it does not intend to wait for action by the mutualization committee of the board of directors of the Equitable.

LEW WALLACE'S FARM OFFERED TO GOVERNMENT

INDIANAPOLIS, IND., March 2.—Henry Wallace, son of General Lew Wallace, has written Representative Charles Landis on behalf of himself and his mother, offering "Water Bubble," General Wallace's country place, to the government for a fish hatchery. The farm contains several large artificial lakes, a keeper's lodge and hatchery improvement.

H. A. Fitzsimmons Transferred.

H. A. Fitzsimmons, for the last two years general agent at the local office of the American Express Company, has been transferred to Grand Rapids, Mich. Before leaving he was presented with a silver water service by the employes of the local office. E. M. Whittle, assistant general agent at St. Louis, has been appointed Fitzsimmons' successor here. Whittle's place will be filled by C. L. Chase, formerly fruit agent of the southern division of the company.

Mother and Child Both Dead.

BUTLER, March 2.—(Special.)—The bodies of Mrs. Anthony Gall and her two-year old daughter, Helen, lie side by side at their home on the South Side. Yesterday the child died from convulsions. The mother had been ill with the grip and the shock unnerved her. A brother went to a physician and secured morphine tablets. During the night, it is alleged, an attendant gave Mrs. Gall more of them than had been prescribed and her death followed this morning.

LITTLE ONE ONE SOLID SORE

Covered With Scales and Scabs From Head to Foot—Doctors and All Other Remedies Fail—Skin Now Smooth and Clear.

ANOTHER WONDERFUL CURE BY CUTICURA

Writing under date of Sept. 7, 1904, Mrs. Mattie Shaffer, of Cumberland, Miss., says: "Some time ago I ordered and received your wonderful Cuticura Remedies, which I used on my little afflicted babe with wonderful results. I had tried many other remedies without any benefit whatever, and Cuticura came to the rescue when my doctors and all other remedies had failed. One doctor pronounced it scrofula, the other eczema. The little one was one solid sore, with scales and scabs from head to foot, when I started using Cuticura Soap and Ointment. The result was wonderful, and now my baby's face and body are smooth and clear."
(Signed) Mrs. Mattie Shaffer.

THE DUTY OF MOTHERS

At the First Sign of Disfiguring Humors Is to Use Cuticura.

Every child born into the world with an inherited tendency to torturing, disfiguring humors of the Skin and Scalp, becomes an object of the most tender solicitude, not only because of its suffering, but because of the dreadful fear that the disfiguration is to be lifelong and mar its future happiness and prosperity. Hence it becomes the duty of mothers of such afflicted children to acquaint themselves with the best, the purest, and most effective treatment available, viz.: the Cuticura Treatment, consisting of warm baths with Cuticura Soap, and gentle anointings with Cuticura Ointment, the great Skin Cure. Cures made in childhood are speedy, permanent, and economical.

Cuticura Soap, Ointment, and Pills, are sold throughout the world. Potter Drug & Chem. Corp., Sole Props. Send for "How to Cure Disfiguring Humors."

Hamilton's

D'Albert plays his own concerto with the Pittsburgh orchestra this evening.

D'Albert and the Angelus

Wilcox & White Company:

Gentlemen: I am really not a lover of automatic musical instruments, but in spite of this I must admit that the execution of the Angelus Orchestral amazed me.

This instrument manifests the greatest progress made in this direction, and surprising effects can be obtained in regard to tempo, expression and touch, as well as with the reed tones in connection with the piano.

(Signed) Eugene D'Albert.
Warsaw, 22d February.

Add to the above testimony of Edwin H. Lemare, Adolph M. Foerster, James Stephen Martin, Theodor Salmon and hundreds of other Pittsburgh Musicians and music lovers. Read also—in the little booklet we will send you if you wish—the enthusiastic praise of such pianists as Hoffmann, Tosell, Friedheim, and such singers as Jean and Edouard de Reszke, Marcella Sembrich, such violinists as Kreisler, Kocian; such conductors as Damrosch, Mascagni and others.

THEN—come and hear the Angelus for yourself—and prove our statements that the Angelus is the most perfect, yet simplest means for piano playing that the world has ever seen.

ANOTHER KNOCK AT VERNER LINE

Judge Buffington Overrules Demurrer Filed by Street Car Companies.

LOST ALSO IN COUNTY COURT

Another defeat in the suits over the Grant boulevard traction line has been sustained by the Verner syndicate, which procured the franchise from the city, the Philadelphia Company and the Pittsburgh Railways Company. The Verner syndicate is known as the Grant and Liberty Street Railway Company. Judge Buffington in the United States circuit court yesterday overruled the demurrer of the three companies to the petition of John L. Shuff, a resident of Cincinnati, O., who owns property along the proposed route of the boulevard line.

The plaintiff is backed by the Voters' Civic league, which also brought suits against the three companies in the county courts. In both cases it was charged that the three companies were jointly interested in the building of the boulevard line and that the franchise was obtained by corrupt means. The league made sensational charges of the use of money in the passage of the boulevard ordinance and other Verner traction franchise measures in city councils.

The charter rights of the Grant and Liberty Street Railway Company to the boulevard were attacked, it being shown that the company held no charter for the boulevard, but based its claim to the right of way on the boulevard only upon an extension, which was filed at Harrisburg after the charter for the short line in Grant street and Liberty avenue downtown had been obtained.

It was also charged that the capitalization of the company was not large enough to insure the payment of claims for damages that might be incurred by the building of the line.

To this petition in the United States circuit court the Philadelphia Company and the Pittsburgh Railways Company denied they were interested in the building of the line, although the charter for the Grant and Liberty Street Railway Company was obtained by the use of the names of clerks in the office of the Philadelphia Company as "dummy" incorporators, and after the franchise had been obtained from the city councils a quarrel ensued between the Philadelphia Company and the Verner syndicate over the ownership of the charters of the Verner lines.

The companies, their demurrer being overruled, must now make an answer or plead to the petition of the plaintiff. The attorneys for the Voters' Civic league are highly pleased with the result so far in the two suits in the county and federal courts and are confident of winning both finally. They gained their first victory about three weeks ago in the county court.

The street car companies made a motion to quash the writ of quo warranto that was granted upon the petition of the league. The court overruled this motion and gave the companies 30 days to answer. The 30 days will be up about March 12. Both suits were begun last November.

SPITTING IN STREET CARS WILL BECOME DANGEROUS

Regarding the efforts about to be put forth by the department of public safety to stop expectorating in street cars, Director Moore yesterday afternoon said that as soon as he could assemble 50 officers for the work they would be sent out to make arrests. It is likely the crusade will begin within a few days. The officers will be "plain clothes men." Director Moore desires wide publicity concerning the movement, so that offenders will have no opportunity to plead ignorance of the law.

Pupils Give Song Recital.

A song recital took place last evening in the Carter Conservatory, South Highland avenue. Henry D. Russell, of the faculty, rendered several piano selections. Among the singers were Misses Mabel Bochert, Frances Work, Anna Seegman, Anna Crawford, Elizabeth Anderson, Ella Wertheimer, Elizabeth Thein, Eva Kates, Bernadette Crawford and Miss Olive A. Peach, principal of the vocal department.

BRAND FAILED TO AMEND BOND BILL

Citizens Defeated the Reduction of Interest and the Installment Plan.

PASSED IN COMMON FINALLY

The new filtration bond ordinance, amending the ordinance passed last August for the issue of $5,000,000 worth of bonds, was passed finally by common council yesterday afternoon after an unsuccessful attempt on the part of the Republican minority to insert additional amendments. The ordinance was introduced to remedy a legal defect pointed out by Judge Shafer last Saturday, who decided the bonds should be made payable annually, instead of every five years, as the original ordinance provided.

The Citizens members would permit no other amendment, although a vigorous effort was made by William Brand to date the bonds from April 1, this year, instead of October 1, 1904, as the ordinance now provides. He declared the amendment would save the city six months' interest. No arguments or reasons were offered by the Citizens to combat Mr. Brand's amendment.

Mr. Roenigk moved to lay the amendment on the table, and this cut off debate. The amendment was tabled, 30 to 12 1-6.

Then Mr. Brand moved to make the date of the issue of the bonds October 1, 1905, instead of October 1, 1904, saying this would save the city $200,000, or a full year's interest; that the city had over $2,000,000 in the city treasury now which would be sufficient until next October when $5,000,000 more of bonds would be issued.

Brand Criticised Roenigk.

Mr. Roenigk attacked the amendment, stating that he was opposed to any amendment because he wanted no changes to be made in the ordinance, as it might invalidate it. He said the $5,000,000 should be obtained at once and added to the $2,000,000 in the city treasury; that by having all of the money on hand at the start the city would save 20 per cent on the contracts.

"The gentleman from the Twentieth ward (referring to Mr. Roenigk) said that the original ordinance was perfectly legal, because it had been scrutinized by the city solicitor, but it has been sent back to councils by the court for correction, and I predict that if this ordinance passes in its present shape it will be sent back to councils for further amendments," said Mr. Brand.

Upon motion of Mr. Mathews, Mr. Brand's second amendment was laid on the table.

Mr. Brand moved to amend by reducing the rate of interest from 4 to 3¼ per cent. This was also laid upon the table.

Mr. Brand moved to amend by providing $5,000,000 be issued in yearly installments, instead of in one lump. He proposed that $1,000,000 be issued April 1, 1905; $2,000,000 on April 1, 1906, and $2,000,000 on April 1, 1907.

Amendment Ruled Out.

President Ward ruled the amendment out of order, because it changed the manner of issuing the bonds. Mr. Brand took an appeal, but the administration had a majority and President Ward was sustained.

The ordinance was passed finally, 37 to 3 1-6, the one-sixth vote being cast by a Thirty-ninth ward member.

Mr. Brand called attention to the fact that the terms of two of the six members from the Thirty-ninth ward had expired on March 1, and he asked if the four remaining members from the baby ward were not each entitled to one-fourth of a vote, instead of one-sixth.

President Ward said he would have to have official notice to this effect, and directed the clerk to secure a certificate from the clerk of Elliott borough, now the Thirty-ninth ward.

Common council passed the ordinance erecting the Elliott borough into the Thirty-ninth ward.

Common council also passed all the other measures reported by the finance committee, except the ordinance appropriating 25 per cent of the police fines and forfeitures received through the mayor's office to the police pension fund. This ordinance was referred to a special committee, consisting of Messrs. Gulland, Helmold and Bockstoce.

New Jobs Created.

A number of street improvement and general public works measures from the public works committee were passed finally. Several bills creating new positions, which have been pending for several sessions, were passed finally, including ordinances for six deputies and one clerk in the bureau of water assessments at $3 per day each, an additional clerk in the city clerk's office at $80 per month, a principal assistant engineer at $200 per month and counter clerk at $50 per month in the bureau of surveys.

Among the new bills introduced yesterday was an ordinance authorizing the letting of a contract for the drilling of artesian wells at a cost not to exceed $10,000. The ordinance is said to be illegal, because it does not state the number of wells to be drilled, nor the locations of the wells.

W. & J. DINNER TONIGHT.

Plans Are Completed for a "Tristate" Reunion of the Alumni of Old Institution.

At the Duquesne club this evening a "tristate" dinner of Washington and Jefferson alumni will be held. It is confidently expected that the festivities will surpass any former dinner of the old institution, and the committee in charge has been working hard to make a success of a number of new features.

The dinner is scheduled to start at 7 o'clock and to end at 11:30. A glee club, composed of graduates, will be one of the novelties sprung, and there will be both serious and amusing features.

LESS PRICE PROOF. *We often refer to the fact that our prices are lower than anywhere in town. Proofs are presented to us every day, but we seldom give them out. Here is such a good one, however, you must have it. A lady came to our Drapery Department yesterday, looking for cretonnes. The first piece laid on the counter was our 18c grade. She looked at it, and with marked disgust exclaimed: "Do you know I just came from a store that is everlastingly talking of its low prices, and the clerk asked me 25c for this same cretonne, and added that it had been reduced in price?"*

Boys' New Clothes in Spring Styles.

Our Boys' Clothing Store is well ready to fit out boys completely with new Spring suits and new Spring topcoats, and though yet early, we are ready to show an interesting variety of boys' wash suits. By the way, singular as it may seem, we are selling as many wash suits at the present time as we are of woolen suits.

We lay this down as an absolute fact: Our clothes for boys are sold closer to the cost line than in any other establishment in the Greater City. We will prove this to the satisfaction of any inquiring mind. We doubt if there is any other store in Western Pennsylvania that pays as close attention to the construction of clothes for boys as we do. The very best tailors' findings are used on both suits and overcoats, and our aim is always to produce garments that the boy will have trouble in knocking out in a hurry. Herewith, different ranges of prices, all on the new Spring outfits.

Boys' Topcoats and Reefers, cut full and long, garments that boys should now wear in place of heavy overcoats, sizes for 3 and up to 14 years, $3.50 and up to $10.00.
Boys' New Spring Suits in double-breasted and Norfolk style, various fine materials in the new shades of gray—sizes for 7 and up to 16 years, $4.00 and up to $14.00.
New Suits for little boys, 3 to 10 years—Eton-sailors, regular Sailors and Etons, Russian and Military-Russian styles—$4.00 and up to $10.00.

Every new style of wash suit that has been brought out can now be had in our Department for Boys' Clothing, both in white and colored fabrics, at prices low enough down in the scale to give us the name of leaders in boys' clothing. Perfectly plain suits, full of style, is what the boy should have, and we ask you to take the matter up at your earliest convenience and see what we show in sizes for boys from 2½ up to 10 years and in prices from $2.50 up to $15.00.

Women's Instep Length Skirts, $5.75.

Our news of yesterday afternoon gave much detail regarding these skirts, and it is not necessary to go over the ground again.

However, we desire to say, in as strong words as we can command, that there never was as great a skirt bargain offered by this store before, and that means never was there a store at any time or any place that ever had such a fine value for such a small price.

The skirts are worth from $9.00 up to $15.00.

MATERIALS—Voiles, panamas, mohairs, cheviots, broadcloths, tweeds.
COLORS—Black, blue, brown and a variety of fancy mixtures.
STYLES—Nine gores and up to twenty-one gores, some with gatherings, some with flounce effects, and a few umbrella skirts, all flared at foot.

You had best get to the department early this morning, as there are only 275 of these skirts.

The New Silk Waists and the New Cotton Waists Away Under Price.

You will find your size among the silk waists today, and you are sure to find a style to your liking. Jap. silk, you know, of which we have told you about for the last two days. White silk waists and black silk waists.

$3.00 for $5.00 Jap Silk Waists.
$3.75 for $6.00 Jap Silk Waists.
$4.75 for $7.00 Jap Silk Waists.

Then in company with these Jap Silk Waists are batiste and lawn white shirtwaists with trimmings of Val. laces, heavy laces and Swiss embroideries. They sold very fast yesterday, but we had quite a lot of them and there is good choosing left for today.

They will cost you $2.50 each, although they are regular $4.50 and $5.00 grades.

Notice to Amateur Photographers.

Tomorrow we will have another demonstration in our Kodak Department, Main Floor, West, of Velox-Re-Developer, a chemical combination for giving that beautiful sepia tone to Velox pictures.

One peculiarity of this new combination is that it will as readily develop old and faded prints as new prints.

It is a simple, a rapid and interesting process.

Mr. Rabineau, a representative of the Eastman Co., will have charge of the demonstration.

You are invited and you are also requested to bring any new or old prints that you have and note their development.

$5.00 Colored Umbrellas for $3.00.

The covering is of best French taffeta, complete with finished case and tassel. Patterns, styles and colorings are all the best. Not a bad color in the lot. Polka dots and stripe effects.

We have sold hundreds of them at $5.00 each, so you know how much they are under value when we say $3.00.

At $3.75, $4.50, $5.00 and $6.00 we are showing some entirely new designs in bordered umbrellas, all-over plaids and solid colorings.

Here's Something for the Small Boy.

Something to bring delight to his heart. The Irish Mail. Have you heard of it? Or the Flying Dutchman?

Friday, March 3, 1905.

There have been some claims of activity for congress during the closing session. Included in the list of performances is the ratification of a number of treaties. This does scant justice to the senate, for its activity included amendment of the treaties as well as ratification, whereby they were rendered useless. It is true congress has not been idle, but between delaying measures demanded by public sentiment that were passed by the house, and destroying treaties and legislation by amendment, the senate has made a record for pernicious activity.

On the question of whether we were at war with China, when in co-operation with other nations we sent a relief expedition to Pekin, will depend the fate of a private in our army charged with desertion. While the action of the United States troops was for the suppression of disorder and the rescue of American citizens, from a military standpoint, it was little less than war, for the men were authorized to shoot and they were liable to death from the shots of an enemy. Hence, so far as the discipline of the troops was concerned, war existed, and as much depended on the presence of every enlisted man as if the troops were facing recognized belligerents.

Germany is preparing for the adoption of a new tariff bill that will levy "general" and "conventional" duties. In preparation for the measure the German foreign office has concluded commercial treaties with its neighbors, Switzerland, Italy, Austria-Hungary and Russia, under which those countries will enjoy the conventional rates. The general schedules will, apparently, be leveled at Great Britain, France and the United States, particularly at the latter, because special efforts are to be made to protect the agricultural interests. Germany has long been distressed by the import of American foodstuffs and the agrarians seem to have the upper hand in government. Americans, however, are likely to balance accounts by a more vigorous invasion of the German markets with their manufactures.

The resignation of the Norwegian cabinet has international interest, for it was caused by a refusal to approve of the plan of establishing immediately separate consular bureaus in foreign ports to represent Sweden and Norway. This desire for the promotion of separate trade relations is evidence of a separatist tendency, and it may result in a termination of the dual government under one king. Crown Prince Gustaf, who is regent since the abdication of his father, opposes any separation and has appealed to the legislatures to prevent this. In the meantime a compromise plan has been proposed, by which the two nations should unite in sending ministers to other nations, while the consuls, or trade agents, should be chosen from each country. Whatever the compromise, the division between the governments seems to be widening and may produce consequences.

Senator Wolcott of Colorado represented a type of statesmanship that is disappearing with the industrial development of the border states and the growth of culture which makes public men more careful about their reputations. He was born in a New England home and had none of the crude manners of the frontier, but he made no attempt to conceal the fact that he gambled for large stakes and indulged in other forms of amusement that are not approved by those with sensitive consciences. As a mine owner he favored free silver, but when his party adopted the gold standard he remained loyal and argued for that standard with no little oratorical ability. He was always a thorn in the side of the politicians of that state, for he had friends enough to dictate elections even after his retirement from the United States senate, and only recently Gov. Peabody complained that the Wolcott element was working against him in his contest for governor.

It is reported at St. Petersburg that the withdrawal of stores and supplies northward from Mukden is under way, and it is predicted that Gen. Kuropatkin will again evade the net which the Japanese are spreading about his position. But however well conducted, a retreat is a retreat, and the expulsion of Russia from lower Manchuria goes steadily on. The latest news from the Japanese side shows that their left wing is well advanced as well as their right, so that Gen. Kuropatkin is in danger of being overlapped on both flanks, making retreat necessary in order to avoid being cut off. The communications by which the Russian army has been receiving supplies from the country west of the Liao river are intercepted by the advance of the Japanese left, and it seems probable that the Russian army will soon become wholly dependent upon supplies by rail from Harbin, which will place it in an embarrassing position, as the railroad strikes in Russia are making it difficult for the government to keep the stores at Harbin replenished. The marked ability heretofore shown in repairing the consequences of defeat is now precluded by the internal disorders of Russia, and under such conditions another great victory won by the Japanese might be crushing in its effect upon the Russian army.

Sentiment Is Favorable.

An anti-annexation meeting is being planned in Allegheny, and with the aid of the payroll it can surely be made an enthusiastic success. It cannot, however, present an array of solid, substantial business men equal to that of the Greater Pittsburgh meeting of Monday evening, which the payroll attempted to overturn. The mere fact that Allegheny City hall, in the interest of the small political jobs held under the separate organization, deems it necessary to make a counter demonstration speaks eloquently of its consciousness that consolidation sentiment on the North Side is dangerous.

It cannot be successfully denied that in Allegheny the preponderant sentiment favors consolidation with Pittsburgh. During the last two decades of the last century many of the best citizens of Allegheny removed to this city because they wanted to be wholly identified with Pittsburgh. They desired to be Pittsburghers. Many more have remained on the North Side, not desiring to take so radical a step, and hoping for the consolidation that would bring them in without abandoning their homes. The time for this progressive movement is ripe, and the legislature should not further delay the consummation of their hopes.

The School Issue in Canada.

There is already a dangerous split in the big majority gained by the Liberal party in Canada in the election last fall. Sir Wilfred Laurier seemed to be more firmly established in power than ever, but his cabinet is going to pieces and a formidable revolt is threatened in his party. The issue which has caused all this disturbance was not heard of during the electoral campaign, but was developed unexpectedly in connection with what in this country would be termed statehood bills. The two provinces of Alberta and Saskatchewan are to be formed out of the Canadian northwestern territory, and the trouble has arisen over a clause which provides that the school funds shall be divided between the public schools and separate schools in equitable proportion.

In the province of Quebec the school funds are thus divided at present, the Roman Catholic church thus obtaining public support for its parish schools. This is, however, a policy adopted by the provincial government in which Roman Catholic influence heavily preponderates. The objection against the clause in the pending bills is that the same policy is made obligatory upon the new provinces whether they like it or not, and on this issue a tremendous political storm has burst upon the Dominion. The minister of the interior has resigned on this issue, and it is rumored that the minister of finance will follow suit. The Liberal party is so torn up over the matter that Sir Wilfrid Laurier may have to withdraw the objectionable clause or resign. The premier is hampered by his previous record in favor of conceding to every province full right to manage its domestic affairs in its own way, but his Quebec following expect him to insist upon the clause as a measure of justice to the church and as a lasting settlement of the educational question.

This issue is always latent in Canadian politics owing to the strength of the French-Canadian vote, which has a permanent base of power in Quebec. It may smoulder for years, but it is liable to burst out into flame at any time, destroying party lines. Sir Wilfrid Laurier has enjoyed a long lease of power owing to his able leadership in the economic development of the country, and at the last election overthrew the opposing party in its chief strongholds, but on the issue which is now to the front his ministry is already tottering.

Chicago's Municipal Contest.

Carter H. Harrison, four times elected mayor of Chicago, is to retire this year, and the Democrats have nominated Judge Edward F. Dunne of the circuit court bench candidate for his successor. The Republicans had previously met and named John M. Harlan for the office and the campaign is now fairly under way. The Democrats think they have strengthened their ticket by naming "Pop" Anson of baseball fame for city clerk, and he is likely to be elected. But personality has less to do with the main issues this year than the present attitude and past history of each party in reference to the treatment of the traction companies and the question of municipal ownership. In this respect there has been a change since the days of the elder Harrison, who was elected mayor five times largely on account of personal popularity which he partly secured by a "wide open policy." His son has been stricter in the enforcement of the law, but the defiance of public sentiment by the street railway companies gave the young man an issue in which he demanded closer municipal regulation of franchises and finally municipal ownership itself.

It is rather difficult to define completely the difference between the Republican and Democratic platforms on the issue this year. It can be stated in general terms, however, that the Democrats demand that the city take immediate action under the Mueller law, allowing municipal ownership of street railroads and condemn their property preparatory to operating them. The Republicans, on the other hand, insist that this would mean tedious litigation, and they promise to get the best terms possible from the street railroads and to submit every measure proposed for their further restraint to vote by the people. Indirectly they declare the people own the streets and have the right to control traffic on them, hence municipal ownership is admitted. But they declare the right to acquire the property of the roads will not allow their confiscation without further authority from the legislature, and that when the financial scheme has been worked out it should be submitted to the people before the tracks of the company are seized.

The situation of the traction companies in Chicago is peculiar, for their franchises have been expiring and some of them are now using the streets on sufferance. It has been proposed that tentative franchises be granted them, allowing them to keep seven-eighths of their net profits and turn the rest over to the city, but public sentiment seems to oppose any further negotiations with them until the matter of municipal control is definitely settled. For this one issue of the traction companies all others have been neglected, so the Republican candidate complained that commercial interests, care of the streets and other municipal matters had suffered. The Democrats, on the other hand, go further than the city control of street railways, for they demand that when these have been acquired the city should secure the right to operate gas and electric light plants and the telephone system. Thus the extreme form of municipal socialism is before the voters of the second largest city in America, and such ownership has been advocated by the Democratic party which is in control of the city offices. The Republicans represent the more conservative and proper view.

The Mileage Grab.

There is undoubtedly a direct connection between such scenes as were witnessed in the house Wednesday and the absurd arrangement by which congress holds a session after it is dead. The election is over, many members are retiring, no election will be held until after the incoming congress has held a session and its record will be that which will be offered to the contemplation of voters. The conditions seem as if expressly contrived to promote irresponsible action, and they are absolutely unparalleled in the history of representative institutions. In every other civilized country the legislative assembly meets after election and finishes its sessions before the next election.

The effect of responsibility to the people was shown last year when the house voted down a proposal to allow the members mileage for the regular session. The claim was without equity, as mileage had been allowed for the extra session, which extended into the regular session without intermission. But on Wednesday the proposition was brought up again, and in spite of vigorous protests was carried through the house by a log-rolling combination of members of both parties. At best the mileage allowance is inequitable, as it dates back to the days before railroads and is grossly out of adjustment with present conditions. Twenty cents a mile for going and returning is far above the actual cost of railway travel and in the case of members living at long distances amounts to a big addition to their salaries. The $190,900 now voted is a sheer gratuity, as no mileage expenses were incurred during the constructive recess. And this raid upon the treasury took place at a time when a deficit is impending and there was reason for strict economy.

It is significant that this grab took place just after the house, after much oratory censuring federal judges for drawing the entire $10 a day allowed by law for expenses, had adopted an amendment cutting down the allowance to $5 a day. Congress wants all federal officials to be economical but its own members and appointees. An extra month's pay was voted to all employes of congress.

The Poison Mystery.

Investigation of the sudden death of Mrs. Jane Lathrop Stanford proves clearly that she was correct in her fear that someone was attempting to poison her and that it was a deadly drug which killed her. Only a month ago she claimed that poison had been administered to her and she fled from San Francisco to escape further attempts on her life. It is said that strychnine was mixed in a simple remedy she often took, and other medicines she carried with her will be examined. The fact that the soda had been unopened since she left California would indicate that the poison was administered there, although it did not do its work until she reached Hawaii.

The prominence of the victim and the mystery attending the case promise to make the interest in it widespread, especially as it concerns two such separated sections of the world. The question of motive is for the present the strangest feature of the case. Most of her money had gone to the university in trust, so there would not seem to be an incentive on account of money, and if the deed was done by an associate or companion personal spite must have inspired the act. In the present dearth of facts the conjecture of suicide has been advanced, but with nothing to support it. Mrs. Stanford was 80 years old, but she had apparently retained possession of her mental faculties, which had abundant exercise in attending to the details of the great university founded by the family.

Greater Pittsburgh will have an inning at Washington, and there is no possible reason why the chairman of the Republican state committee should look coldly upon it. It is not a political measure and the state chairman cannot afford to espouse the cause of a few petty politicians.

A rigid enforcement of the anti-spitting ordinance is to be begun. Next we may expect an ordinance to prevent smokers from blowing disagreeable, if not poisonous, fumes into other peoples nostrils.

In New York men have been fighting for the privilege of shoveling snow at $2 a day, while in the coke region a voluntary advance has been granted to men who can shovel coke.

While the final "h" is retained on the official seal of this city, there is but one proper way to spell its name and that is Pittsburgh.

There is yet a good prospect for the rivers and harbors bill, including much needed improvements in the Pittsburgh region.

Gen. Stoessel has faced the czar, which was probably less an ordeal than facing the court-martial yet to be held.

Some persons are beginning to fear the South Side hospital is more a battle ground than a curative institution.

There are signs of warfare in the ranks of the Citizens party because the leaders cannot trust each other.

John L. Sullivan, too, is sending messages to Dr. Osler from the ranks "above 40."

Gen. Kuropatkin appears to have the usual alternative to retreat in a hurry.

Even now John L. Sullivan cannot be regarded as a "coming man."

Germany is getting ready to aim another tariff shaft in this direction.

The Lesson Had Effect.

Congress has done something substantial in the way of providing for the safety of passengers on vessels, so far as that can be done by legislation. The loss of 1,000 lives on the General Slocum has not in that respect been without effect.—Philadelphia Press.

Talked of in Gotham

By FRANK A. PARKER.

[BY PRIVATE WIRE TO THE GAZETTE.]

NEW YORK, March 2.—H. Rider Haggard, the eminent English novelist, arrived here today on the Teutonic. He was accompanied by his daughter. Mr. Haggard has been appointed a special commissioner by the English government to investigate and report upon the various colonies of people established and maintained upon the communistic plan by the Salvation Army and like religious and semi-religious organizations in this country and Canada. He will remain in this country three months. He is understood to have been making a tour of inspection of social settlements conducted upon this system abroad. He may extend his present tour so as to include Australia and New Zealand, where the system has been in operation for many years.

The investigation he is conducting is under the auspices of the British colonial office, and is made with a view to applying the scheme to South Africa. The plan for colonization by the British in South Africa was one of the pet schemes of Cecil Rhodes, and his estate is paying the expenses of the inquiry.

"I expect to make a thorough examination into the workings of the Salvation Army colonization scheme," said Mr. Haggard, "but I shall not confine my inquiry to that scheme alone. I want to look into the vacant lot colony scheme in Philadelphia and the colonies in Utah. I expect to look into any other scheme which will add to the general information on the subject. I will probably be three months on this side.

"South Africa has opened up great possibilities for colonization, and the subject of colonization has become of great interest in England. Over there there is much congestion, especially among the poor and with the acquisition of South Africa all eyes have been turned on that country. Of course I cannot go into what the result of my inquiry will be. I am simply to report on what I find to be the actual conditions of this side of the Atlantic."

Husbands and Wives Taken on Trial.

"There can be no two opinions on the gravity of the divorce evil," said the Rev. Dr. Charles H. Parkhurst today, in discussing the matter. "The negro problem and the immigration problem sink into nothingness when compared with it. The 'race suicide' question, raised a year or so ago by President Roosevelt, is but an outcome of it. The fundamental principle from which we must start is the sanctity of the home. It is on that principle that every society of the Christian world is founded. There is no greater force than that, no higher ideal. But you cannot maintain the sanctity of the home if you let in divorce, and destroy the sanctity of the relations between the man and the woman. It would seem as if it were no longer monstrous to approach marriage with a mental reservation, a forethought of a possible divorce.

"They have made divorce so easy that it has become an incentive to marriage—to limited marriage, I should say. With the consciousness that if everything is not as represented, or as fancied, the bargain can be called off in the courts, people now rush into careless, thoughtless and unprepared marriages. The taking of the marriage vows no longer has a finality about it. Women take husbands on trial, as it were, and men act in the same spirit when taking wives."

Treasure Ship Runs Aground.

The outward bound French liner La Bretagne ran aground in the main ship channel inside Sandy Hook today, but floated in about an hour without any apparent damage. The ship had a pilot on board and touched bottom close to the southwest spit. After grounding signals were set indicating that she was not under control it was assumed by the observers at Sandy Hook that something was wrong with her steering gear. La Bretagne worked clear at 12:12, and put to sea without further mishap. A horde of speculative tugs gathered about while the ship was aground, drawn by the chance for unusual salvage. Part of the ship's cargo was $9,130,000 in gold, the second largest shipment on record from this port. The master of the La Bretagne ignored the tugs and their captains.

Congratulations for President Roosevelt.

At a meeting of the chamber of commerce today Oscar E. Straus offered the following resolution which was adopted and ordered telegraphed to President Roosevelt: "Resolved, That this chamber extend through its president its hearty congratulations to President Roosevelt on his inauguration, with its best wishes for his happiness, for the success of his administration, and for the continuing welfare and prosperity of the nation."

New Home for Working Girls.

Plans have been filed with Building Superintendent Hopper for a new six-story and basement hotel for the accommodation of working girls at the southwest corner of Hudson and West Twelfth streets. The hotel is to be of colonial design with facade of granite and brick with trimmings of terra cotta, and will be known as the "Trowmart Inn." It is to be erected for William R. H. Martin, and the cost is estimated at $150,000 by the architect, Ralph S. Townsend.

New Pistol Law Is Nullified.

Magistrate Baker, in the Morrissania court today, declared the new city ordinance providing six months imprisonment or $250 fine or both for carrying a revolver, inactive and without power. The magistrate said the Greater New York charter provides that the punishment shall not exceed a fine of $10 and the ordinance is therefore null and void. All a defendant had to do, he said, was to refuse to pay the fine, go to jail for 10 days and then he must be discharged. Even six months sentences must end in 10 days, he said.

Electricians are inclined to belittle steam. They say it is becoming effete, and that the steam engine will ere long be dumped down beside the lazy old water wheel.

Maybe so, but not until some lucky fellow discovers the trick of developing electricity from heat direct. Until this is accomplished the dynamo will have to depend upon the steam engine to provide the motion necessary to develop electric energy, or rather provide the motion which the dynamo transforms into power, heat and light.

But there need be no jangling or jealousies between steam and electricity, for old King Coal really possesses the energy which they claim, and he got it from the sun.

* * * * *

Much has been written about the steam engine, but it was left for Lord Jeffrey to sum it up in a few words, as follows:

"It has become a thing stupendous alike for its force and its flexibility; for the prodigious power which it can exert, and the ease, precision and ductility with which it can be varied, distributed and applied. The trunk of an elephant, that can pick up a pin or rend an oak, is as nothing to it. It can engrave a seal and crush obdurate masses of metal before it; draw out, without breaking, a thread as fine as gossamer, and lift a ship of war like a bauble in the air. It can embroider muslin and forge anchors; cut steel into ribbons and impel loaded vessels against the fury of the winds and waves."

A lot more might be said about the steam engine, but taking your cue from the above paragraph, what is to hinder you from saying it yourself? It will be more satisfactory than if someone else said it.

It is a pity that there is not more in our school books concerning the engine. It is such a simple machine that any boy can understand how it does its work. And what could give a boy greater satisfaction than to understand how an engine can make wheels go round?

THE SONG OF STEAM.

Harness me down with your iron bands,
Be sure of your curb and rein,
For I scorn the power of your puny hands
As the tempest scorns a chain.
How I laughed, as I lay concealed from sight,
For many a countless hour,
At the churlish boast of human might
And the pride of human power.

Ha! ha! ha! they found me at last,
They invited me forth at length,
And I rushed to my throne with a thunder-blast
And laughed in my iron strength.
Oh, then ye saw a wondrous change
On earth and ocean wide,
Where now my fiery armies range,
Nor wait for wind or tide.

Hurrah! hurrah! the waters o'er
The mountains steep decline;
Time, space, have yielded to my power,
The world, the world is mine!
The rivers the sun hath earliest bless'd
And those where his beams decline,
The giant streams of the queenly west,
And the orient floods divine.

I blow the bellows, I forge the steel
In all the shops of trade;
I hammer the ore and turn the wheel
Where my arms of strength are made;
I manage the furnace, the mill, the mint,
I carry, I spin, I weave;
And all my doings I put in print
On every Saturday eve.

I've no muscle to weary, no breast to decay,
No bones to be laid on the shelf;
And soon I intend you may go and play,
While I manage the world myself.
But harness me down with your iron bands,
Be sure of your curb and rein,
For I scorn the strength of your puny hands,
As the tempest scorns a chain.
—G. W. CUTTER.

Seeing that the principles of the steam engine are so simple that the average boy can grasp them, wouldn't it be a good scheme to have a small engine in each room in our school houses and let the boys get acquainted with it?

Beginning with the simplest type in the lower grades gradually introduce the more complex types. By the time the high school grade is reached the boys who had taken a real interest in the practical machines would be able to read drawings.

Anyone who knows how a steam engine works can tell what great satisfaction this knowledge affords.

With a bit of schooling like this many a boy who is now drifting around loose and of no account would be working in an engine shop, driving an engine or engaged in some useful employment.

The great thing in education is to get the youngsters interested in something practical and useful. This takes the mind away from foolish, idle things and directs it into profitable channels.

According to the proverb you must catch your hare before you can cook it. Catch your boy with something useful that appeals to him and you can cook him to your taste.

And what is more interesting to a boy or to a girl, for that matter, than a steam engine?

THE ENGINE'S SONG.

Through city and forest and field and glen
I rush with the roaring train;
My strength is the strength of a thousand men,
My brain is my master's brain.

I borrow the senses of him within
Who watches the gleaming line;
His pulse I feel through my frame of steel,
His courage and will are mine.

I hear, as I swerve on the upland curve,
The echoing hills rejoice
To answer the knell of my brazen bell,
The laugh of my giant voice.

And, while in the glare of the golden ray
Or red in the furnace light,
My smoke is a pillar of cloud by day,
And a pillar of flame by night.

Don't Want Haiti

By L. W. STRAYER.

[BY PRIVATE WIRE TO THE GAZETTE.]

WASHINGTON, March 2.—The Haitian republic need not be nervous over our probable intentions regarding that country and the Dominican republic. We have no intention of annexing either of those little countries, and Secretary Hay has made this very plain to J. N. Leger, the Haitian minister, who took occasion recently to inquire if our operations in Santo Domingo contemplated the annexation of that country or his. It would seem that the policy of this government is sufficiently well known and understood the world over to make such an inquiry unnecessary, but evidently Minister Leger's government wanted a specific denial from the United States, probably for the purpose of quieting fears at home. At any rate such a denial was forthcoming and left no room for doubt. Secretary Hay not only says that we have no idea of annexing either of the two republics that occupy the island of Santo Domingo, but that if the people of those countries begged us to take them into the American union, there would be no disposition to acquiesce.

"Our interests are in harmony with our sentiments," he said, "wishing you only continued peace, prosperity and independence." In his reply to Secretary Hay, Minister Leger expresses his gratitude at this frank and open statement and is apparently pleased to hear that we do not want his people in the Union. Mr. Hay meant no slight, it is probable, but he doubtless thought it best to state the case plainly and leave no loophole through which a doubt might creep into the minds of the Haitiens.

We Owe Much to Haiti.

We owe Haiti a good turn, and the people of that republic can never have any fear of the United States adopting any course that will be contrary to the Haitian interests. Not only did Haiti win her own independence by dint of her own efforts and by as bloody and hard-fought battles as were ever immortalized in song or story, but she gave us a helping hand in the days when every little bit of assistance was duly appreciated and contributed to the grand result that made the American colonies free and independent. It will be remembered that soon after the war of the revolution broke out here, France got into a dispute with England and in 1778 a treaty was concluded between France and the colonies by which it was agreed to render mutual assistance against England.

In 1779 Count d'Estaing was ordered to recruit a force from the French Antillian colonies to co-operate with the Americans who were then engaged in their struggle for independence. He brought over from Santo Domingo island a party of 800 Haitian volunteers, all of them blacks and mulattoes, who plunged into the trouble and helped the colonists in a very effective way. They participated in the siege of Savannah and acted with the colonists in other operations. While it must be admitted from the accounts of history that d'Estaing did not accomplish much in the way of victories, his Newport engagement especially not being calculated to create great enthusiasm, yet it must not be forgotten that with his force were the 800 Haitians who came as volunteers, and their good intentions will not be questioned.

Had a Checkered Career.

Like all the little republics on the western hemisphere, and the big ones, too, for that matter, Haiti has had a checkered career. Her history is in many respects identical with the story of the conquest and civilization of the western world, and there are many pages of it that she may well be proud of. The island now known as Santo Domingo, one-third of which is occupied by the republic of Haiti and two-thirds by the Dominican republic, was formerly called Haiti and was the sixth point of land discovered by Columbus during his first voyage to the new world in 1492. The early discovery of gold there brought many greedy adventurers to the island and they impressed the natives into their service. The development of the gold mines resulted in the importation of African slaves by the Portuguese and this marked the origin of the presence of the negro in America. Later, when the gold fields declined in production and new mines were discovered in Mexico and Peru, the Spaniards who had been working the Haitian mines, hurried to the new fields, taking with them many of their African slaves, and thus was the institution of slavery transferred to the American continent.

Proud Page of History.

But the grandest page in Haitian history is that of the emancipation of the blacks and the institution of a free government which stands today as the negro republic. When the French revolution broke out, Haiti, then a French province, contained 30,000 whites, 30,000 mulattoes and 500,000 blacks. The fires of revolt swept over the West Indies and anarchy reigned in Haiti. Two commissioners sent out by the national assembly to restore order declared a general emancipation in 1793 and from that day to this the black men of Haiti have been free. Thousands upon thousands of lives have been sacrificed to defend that freedom, but it has been held. Napoleon in 1802 tried to re-enslave the negroes and sent an expedition over for that purpose, but Toussaint L'Ouverture and other patriots fought with a genius and effectiveness that were remarkable, and with the aid of a yellow fever epidemic, were successful. In 1803 Napoleon was glad to abandon the attempt to re-enslave the rebel blacks which had cost him 50,000 troops and 200,000,000 francs. During the first 98 years of independence, Haiti had 17 chiefs of state, most of whom met violent deaths, as is the usual end of a tropical potentate. But she has maintained her freedom and today she stands as the most progressive and strongest of the small West Indian republics.

Obsconders Must Move.

There will no doubt be a general exodus of ex-bank cashiers and others from Nicaragua in the near future. Secretary Hay and Minister Corea have signed an extradition treaty between their two countries. About a year ago, when it became certain that the United States would utilize the Panama route for the isthmian canal instead of the Nicaraguan route, Nicaragua denounced all of the treaties existing between the two countries and thus opened up a new haven of refuge for fugitives from justice from the United States. Nicaragua, with its delightful climate and its natural advantages proved a splendid place of hiding for those who had good reason to seclude themselves from the observation of their fellow-citizens, and furthermore, it enjoyed the advantage over Canada of being far enough distant that people were not coming and going with the frequency that they are to Canada.

But now the refugee will have to move on, for the treaty that has just been concluded can be made retroactive and any lawbreaker who is sitting down there in fancied security will soon find that it is not the haven he imagined. Nicaragua has recovered from her fit of jealousy and rage at the failure of this country to build the canal through her domains and she is now ready to resume the friendly relations that were somewhat broken off by her denunciation of the treaties.

Secretary Hay and the Nicaraguan minister are now building a treaty of commerce and amity to replace the one that existed before, and the new one is expected to do much to improve conditions and put the commercial relations on a better basis. A great deal of American capital is invested in Nicaragua, and much of the mineral and agricultural development of that country is being done by money from the United States. Consequently our interests are such as to demand good protection by treaty agreements.

The Dominican Treaty.

Among the treaties to be taken under consideration by the senate at the extraordinary session immediately following the inauguration is the one with the Dominican republic by which this government agrees to administer the finances of that republic for a time sufficient to enable it to pay off its debts. The protocol providing for this treaty created a great deal of comment when the news reached here that it had been signed, and among senators there was expression of disapproval, but it is probable that when all of the facts are laid before the senate the course of the president will be agreed to.

Looked at Disapprovingly.

For many years passengers could expectorate in Kansas City street cars with impunity; but some time ago a strict order was issued by the board of health prohibiting the practice, and now the man who spits in a street car is sometimes looked at disapprovingly by other passengers. And it is none too severe, either.—Kansas City Journal.

GIANT AUSTRIAN FOUND MURDERED

Milo Kovocevic Stabbed to Death by Countryman in Carson Street House.

MURDERER EVADES THE POLICE

While alone in an upstairs room in the house in the rear of 2808 Carson street, South Side, about 2:40 p. m. yesterday, Milo Kovacevic, aged 34, a giant Austrian, was stabbed to death and his murderer escaped. The victim's throat was cut from the right ear to the chin, and he bled to death before the police reached the scene. When the body was examined two other stab wounds were found, one being in the heart. Milo Milosevic, aged 24, is believed to be the murderer. He escaped, and no trace of him was found by the police up to last midnight.

Kovacevic, according to the police, was a professional gambler, and for the last three years had done no work, making his living by playing cards. Among the foreigners of the South Side he was known as "Big Milee," as he was over 6 feet tall and weighed about 240 pounds. The boarding house in which the murder occurred is conducted by Alexander Rodosevch. The room in which the stabbing took place was splattered with blood.

While the foreigners who board at the house refused to give the police much information, it was said that a card game was in progress when a fight started. It was also stated that a grudge of long standing was settled in the room. When the police failed to secure definite information from the inmates of the house they arrested nine men and two women and locked them up. Kovacevic was lying on a bench, his clothing wet with blood and a pool of blood under him on the floor.

Milosevic has for about three months been living in McKeesport, and he is also said to be a professional gambler. Previous to going to McKeesport he lived at 28 South Thirtieth street, and the police believe that after he committed the deed he started for McKeesport or one of the small towns in that section. Milosevic had been at the boarding house since Wednesday, and yesterday afternoon he and his victim were seen drinking in several South Side saloons.

Mrs. Martha Adoschwich, who lived at the boarding house, discovered that murder had been committed. She told the police the two men were alone in the room when she left to go to the cellar to get a bucket of coal. When she returned she saw the body of Kovacevic lying on the bench, and she ran with her baby in her arms to the street, where she shouted for help. When the police reached the house the street was jammed with people, who were attracted by the woman's cries.

On February 12 Kovacevic and 11 other foreigners were arrested on a charge of gambling at 2611 Sarah street, South Side. He was fined $50 and costs, and in default of payment was sent to the workhouse for 30 days. Several days later Attorney John Marron had him released on a writ of habeas corpus, it being alleged that Kovacevic and the others had been imprisoned by politicians who wanted them out of the way on election day.

GAILEY WAS APPOINTED.

Former Indiana Man Gets Prominent Position With Pittsburgh Coal Company.

Announcement is made by Comptroller J. B. L. Hornberger of the Pittsburgh Coal Company, of the appointment of S. C. Gailey as auditor in charge of the accounting department of the company with headquarters at Pittsburgh. The appointment is made to relieve the comptroller of many routine duties. The change gives Mr. Hornberger more time for general duties assigned by President Robbins, and the general supervision of accounts of the company.

Mr. Gailey, whose appointment became effective March 1, came here from Chicago, where he has been assistant auditor at the head of the western department of the Pittsburgh Coal Company. He is a native of Pennsylvania, having been born at Indiana, April 7, 1870. He came to Pittsburgh in 1888, starting his business career in the offices of F. L. Robbins' coal interests.

SECURE INDUSTRIAL HOME.

Salvation Army Purchases Lawrenceville Turner Hall for $10,500.

Negotiations were closed yesterday for the purchase of the Lawrenceville Turner hall, Home and Plummer streets, by the Salvation Army, for $10,500. After being remodeled the building will be used as the industrial home of the local branch of the army.

At present this work is being conducted in small rented quarters at 4507 Butler street, where second hand goods of all description are sorted out and offered for sale. The Salvation Army will take possession of the new property on April 1.

Made "Hello" Girls Uneasy.

William D. Long is being held by the Homestead police until his record can be investigated. He was arrested late on Wednesday night by Officer John Mellon, on complaint of the Bell Telephone management. Several times during the past week he is said to have gone to the exchange in Amity street and informed the girls that he was an inspector for the company and intended discharging a number of the operators.

GLENWOOD WOMAN BURNS TO DEATH

Mrs. Mary Lippert Loses Her Life While Hanging Wash in the Yard.

M'LAUGHLIN DIES OF WOUND

While hanging wash on a line in the yard in the rear of her home, 27 Mansion street, Glenwood, yesterday afternoon, Mrs. Mary Lippert, aged 24, was fatally burned, her apron igniting from burning rubbish. She died at 8:30 o'clock last night.

Thomas McLaughlin, the traveling man injured by falling against a traction pole in Smithfield street, near Third avenue, Monday night, died at 10 a. m. yesterday at the Homeopathic hospital of a fractured skull. It is alleged he was intoxicated and was ordered to leave the barroom of the Hotel Griswold. On going out C. Shinneller is alleged to have given McLaughlin a push, which caused the latter to fall. Shinneller was committed to jail without bail by Coroner Armstrong on a charge of murder yesterday, and Andrew Johnston, the negro porter at the hotel, was committed to jail as a witness. Shinneller, when arraigned before Magistrate Stewart, stated he pushed McLaughlin because he believed he was about to shoot.

Despondent because of illness, due to a stroke of paralysis sustained several weeks ago, John Hatfield, Sr., aged 71, yesterday shot and killed himself at the home of his son, 146 State street, Wilmerding, where he had been living for some time.

Albert Adamitz, aged 10, a son of Mrs. Frederick Adamitz, was killed by a car on the McKeesport division near his home yesterday morning.

John Patsko, aged 28, an Austrian miner of Ford City, Pa., died yesterday afternoon at the South Side hospital from being struck by a train.

Charles C. Brown, aged 25, attempted to jump on a locomotive in Pitcairn yesterday afternoon and was run over and killed. Brown's home was at 192 West Eighth avenue, Columbus, O.

John Sweeney, aged 43, and married, was killed by a bucket of ore falling upon him at the furnace department of the National Tube Company at McKeesport yesterday morning.

James Grasser, aged 37, colored, died yesterday morning at the penitentiary of consumption.

Application was made yesterday to have the body of the unknown man killed by a Castle Shannon train on December 22 exhumed. Edward Richards, aged 42, of Beltzhoover avenue, was reported to the coroner yesterday as having disappeared on that date, and it is thought the man killed may be he. The unknown is buried in Highwood cemetery.

WILL RENEW MOTION.

Attorney Marron Says He Has Additional Evidence Grand Jury Was Fixed in the Lamp Case.

Attorney John Marron will, on Saturday, renew his application for an investigation of the charge of jury fixing made in connection with the ignoring of a bill against City Detective Fred Lamp of McKeesport by the last grand jury. Since he made the last motion Mr. Marron has collected additional evidence with which he hopes to convince the court of the necessity of some action.

One of the women who was with Lamp the night he is alleged to have made the attack on Officer Frank Hoop entered suit against Hoop before Alderman Groetzinger, charging him with assault. She claims to have been struck by Hoop's mace, while he and Lamp were fighting. After Hoop was arrested, P. J. Murphy went on his bond. It is said Lamp was so impudent to Murphy for doing this that Murphy was compelled to give him a trouncing, which he did in short order, Lamp still bearing the marks of the trouble.

Murphy took the matter into councils, calling attention to the fact that Lamp was being paid as a special officer, when he was working as a special county detective. Councils refused to approve Lamp's claim for salary and now he threatens to sue.

AUTHORIZED TO BUY.

Reform Congregation Rodeph Shalom Gives Committee on New Site Power to Purchase Without Further Notice.

At a special congregational meeting of the Reform Congregation Rodeph Shalom last night in the Eighth Street temple the committee authorized to secure options on a site for a new temple was given authority to purchase such location as appealed to them to be to the best interests of the congregation.

No proposed sites were reported, and after a discussion it was agreed that to build in Allegheny would be against the best interests of the congregation as a whole, and the Bellefield and East End districts were suggested to the committee as the most appropriate localities for building. While not officially reported, it is believed that the site at Fifth avenue and Clyde street, recently reported in The Gazette as having been under the consideration of the committee, will be finally selected.

The congregation authorized President A. Lippman to appoint a committee of nine to secure plans and specifications for a new temple, subject to the final approval of the congregation.

TREASURER OF GYPSY CAMP FINDS DEFICIT

Thieves Break Into Strong Box and Make Away With Small Fortune.

Steve Morgan, chief of a band of gypsies camping on the Bowman farm on the outskirts of McKeesport, is willing to pay $500 for information leading to the arrest of parties who broke into the strong box of the band Wednesday night, taking with them about $2,500 in currency and gold. The robbery was reported to the McKeesport police yesterday.

Morgan and most of the other members of the band were away from camp Wednesday night, and two women were left in charge of the gypsy outfit. It is said that during the evening a number of visitors from McKees Rocks were entertained at the camp.

Discovery of the robbery followed Morgan's return to camp. He had been trading, and had a large amount of money to add to the hoard in the strong box. When he opened the treasury he found an appalling deficit. After a sleepless night, devoted to a rigid questioning of the women left in charge of the camp, Morgan sought the assistance of the police.

BURTON HOLMES SHOWED IRELAND'S BEAUTIES

Last Night's Travelogue Was Through the Emerald Isle and Was Very Much Enjoyed.

In Burton Holmes' third travelogue of this season's Pittsburgh series, "Beautiful Ireland," given at the Carnegie Music hall last evening there were shown 144 scenes and 27 motion pictures. His trip began at Holyhead, there being a "crazy" crossing of the Irish channel from that point to Ireland's North Wall and thence on to Dublin, where the real sightseeing began. There were many amusing incidents last night, several of which were reproduced by the bioscope. An Irish jig was danced by the oldest inhabitants in County Mayo. Trips were taken on the "Ballybunion Mono-Rail Express," a train of cars on a one or "mono" rail and the "topsy-turvey" tourists in Dublin went sightseeing in a "retrogressive" jaunting car.

One of the specially interesting bioscope pictures showed the "death-defying" act of kissing the Blarney stone. In conclusion, after looking over some of the scenes in Cork, the tourists were treated to a beautiful scenic panorama on the railway along the shores of Queenstown Harbor, the ideal harbor of the world, and finally landed at the steamer which was to take them back across "the ferry" to "dear little old New York."

Next Thursday night Mr. Holmes will take his fellow-tourists to Russia, today one of the most interesting countries on the globe and show them stirring scenes along the Nevsky Prospect, St. Petersburg, lately the scene of riot and bloodshed.

CLOSING CONCERTS.

Pittsburgh Orchestra, After Three Weeks' Absence, Reappears Tonight With Eugene D'Albert as Pianist.

The last set of concerts but one of the present season of the Pittsburgh orchestra will be given tonight and tomorrow afternoon. Tonight's program has been changed by Mr. Paur from the one originally printed, the "Euryanthe" overture by Weber being added. This week's concerts are notable for two reasons, first, that Mr. Paur will for the second time this season play a Brahms symphony (No. 2 in D major), second, that the soloist will be Eugene d'Albert, pianist, who has never before appeared with the Pittsburgh orchestra, and has played only once in Pittsburgh during his career. Mr. d'Albert will conduct the performance of the prelude to his opera, "Improvisator." Tonight's concert is the first after an interval of three weeks, during which the orchestra has been winning honors in leading cities of the country. The program in full is as follows:

Overture, "Euryanthe" .... Weber
Symphony No. 2 in D major .... Brahms
Concerto No. 2, in E major, for piano and orchestra .... d'Albert
INTERMISSION.
Prelude to "Improvisator" .... d'Albert
Conductor, Mr. d'Albert.
Piano soli:
(a)—Impromptu, op. 90, No. 3.... Schubert
(b)—Impromptu, op. 142, No. 4.... Schubert
Prelude to Act 1, "Lohengrin" ...... Wagner
Introduction to Act II "Lohengrin" .. Wagner

MAGISTRATE SUSPENDED.

Mayor Hays Has Relieved Joseph H. Vitchestain from Duty for an Indefinite Period.

Joseph H. Vitchestain, police magistrate on the South Side, and one of the chief promoters of the so-called Young Men's Republican club, a payroll organization, was yesterday indefinitely suspended from duty by Mayor Hays.

For some time Mayor Hays has been displeased with his South Side police magistrate because he frequently failed to appear on the bench to conduct police hearings. It is stated that he has not attended any hearings this week since Monday.

Magistrate Vitchestain is given another chance by being put on the suspension list, and it is said that if he does not improve his suspension is to be made permanent.

Good Pianos Away Under Price

All used pianos must be sold.

No matter how much or how little service a piano has had the price of every instrument has been made attractively low in order to bring about a complete clearance in as short a time as possible.

The result is that all of our used instruments are being purchased by discriminating people who buy nothing that is not up to the standard. These are GOOD instruments, many of them being practically as good as new. And it is a great deal better to buy a first class instrument even though used slightly than to invest in the "commercial" piano so much advertised.

If you are interested, come at once.

BRITISH NAVAL ESTIMATE CUT

Committee Appointed to Give Admiralty Benefit of Lessons of War in Orient.

STATEMENT BY LORD SELBORNE

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

LONDON, March 2.—A memorandum of the navy estimates issued tonight shows the estimates for 1905-1906 to be $166,945,000 against $181,445,000 for the current year.

The admiralty proposes to build during the year 1 battleship, 4 armored cruisers 5 ocean-going torpedo boat destroyers, 1 ocean-going torpedo boat destroyer of an experimental type, 12 castal torpedo boat destroyers and 11 submarine boats. King Edward has approved naming the new battle ship Dreadnaught and one of the armored cruisers Invincible.

Lord Selborne, the retiring first lord of the admiralty, announced today that between January 1, 1904, and March 31, 1905, the following ships have been or will be completed and available:

Four battleships, 1 armored cruiser, 4 third-class cruisers, 12 submarine boats and a new admiralty yacht. At the present time the following are under construction: Eight battleships, 15 armored cruisers, 1 second-class cruiser, 1 third-class cruiser, 8 scouts, 18 destroyers and 11 submarine boats.

Lord Selborne announces the constitution of the committee on designs to assist the admiralty board, with Admiral Sir John A. Fisher as president. He says the work of this committee will enable the board to ensure to the navy the immediate benefit of experiences derived from Russo-Japanese naval warfare. His lordship asks parliament for $250,000 for the commencement of a second royal yacht. The total amount for the commencement of new ships is a little over $8,250,000.

In conclusion Lord Selborne says it is now certain taht oil has taken a place as a fuel for the navy.

The number of men asked for in the estimates is 129,000, a reduction of 2,100.

A WAGNER EVENING.

City Organist Koch of Allegheny, Gives a Musical Treat.

Mr. Caspar P. Koch entered upon his second year as city organist of Allegheny with the recital given last night in Allegheny Carnegie music hall. The program was one to appeal to lovers of good music, and Mr. Koch was rewarded by an audience of unusual number, that displayed its keen appreciation in the applause given.

The feature of the evening was Mr. Koch's rendition of the love-death scene from Wagner's "Tristan and Isolde," something never before given at the Allegheny recitals. Rheinberger's sonata pastorale of three movements was given in its entirety. Miss Adelaide Lutmeyer, soloists, and Earl Byron Byers, at the piano, assisted Mr. Koch.

The Death Roll.

Mrs. Thomas Wightman.

Mrs. Isabella Ruth Russell Wightman, wife of Thomas Wightman, of the Thomas Wightman Glass Company, is dead at her home, Forbes and Wightman streets. She was born at Shippensburg, Pa., July 30, 1824, her parents, John and Catherine Russell, who came from Londonderry, Ireland, crossing the Alleghenies when Mrs. Wightman was two months old, and settling in Pittsburgh. She was a member of the Fourth Presbyterian church on Penn avenue from childhood until 1873, when she became connected with the Bellfield Presbyterian church. She is survived by her husband, six sons, John R., James F., Algernon Sydney, William H., Samuel R. and Thomas Wightman, Jr., and two daughters, Miss Jane and Miss Belle. The funeral services will be from the residence on Saturday afternoon at 2:30 and will be conducted by the Rev. Dr. Russell, assisted by Henry C. McClelland, D. D., and Dr. W. J. Holland, former pastor of the church. The interment will be in Homewood cemetery.

Mrs. Sarah Murtha.

Mrs. Sarah Murtha, aged 62, is dead at the home of her daughter, Mrs. P. F. Harney, 721 Forbes street, from a stroke of paralysis. She was born in Johnstown and lived there until 1888, when she came to Pittsburgh. When 16 years old she was married to James Murtha of Johnstown, who, with his son, James, Jr., latter's wife and three children, lost their lives in the Johnstown flood. She was a member of the Roman Catholic church of the Epiphany and is survived by two sons; John C. of Akron, O., and William of Butler, Pa., and five daughters, Mrs. P. F. Harney, Mrs. O. E. Shields of St. Louis; Mrs. L. Norton of Cleveland; Mrs. Nell Kearney of Johnstown, and Mrs. A. Wilkinson of Pittsburgh.

Mrs. Annie Lunby.

Mrs. Annie Lunby, aged 81, died yesterday afternoon at her home at May and Irwin avenues, Sheraden, of paralysis. She was born in County Down, Ireland, and came to America when a girl, settling in Pittsburgh, where she married Hugh Lunby, who died 14 years ago. Until three years ago she was the proprietor of a bakery and confectionery store in the Pittsburgh market, and also conducted a confectionery store in Sheraden. She was a member of the Holy Innocents Roman Catholic church of Sheraden, and is survived by one son and four daughters.

Mrs. John Schillady.

Mrs. John Schillady, aged 63, is dead at her home, 50 Lawn street, after a brief illness of pneumonia. She was born in County Down, Ireland, coming to Pittsburgh at the age of 25, and making her home with her brother. She was married to John Schillady in 1870. She is survived by her husband, her mother, Mrs. Alexander Morrison; a brother, Robert Morrison; three daughters, Mrs. Frederick Bayfield, Mrs. Daniel Davis, and Miss Lizzy J. Schillady. She was a member of the First United Presbyterian church.

Mrs. Mary Orr Brown.

Mrs. Mary Orr Brown, aged 54, died at her home, 110 Third avenue, Homestead, Wednesday, after an illness of eight months, due to cancer. Deceased was a former resident of West Newton, where she spent the greater portion of her life. She is survived by her husband, two brothers, Dr. William Orr of West Newton, and Dr. John Orr of Sandy Creek, and one sister, Mrs. John Patterson of West Newton. She was a member of the United Presbyterian church.

Henry Bourke.

Henry Bourke, aged 68, died yesterday afternoon in his home in Idlewood. He was the oldest resident of Idlewood and was born in County Roscomon, Ireland, coming to this country when a child. His wife died one year ago. He was a member of St. Phillip's Roman Catholic church of Crafton for 50 years, and is survived by two sons and three daughters.

Samuel G. Guy.

Samuel G. Guy, aged 42, died yesterday afternoon at his home, Penn avenue, Turtle Creek, after a long illness with dropsy. He was born in England and was a resident of the Turtle Creek valley for 25 years. He is survived by his widow and five children. He was a member of the Turtle Creek lodge of Odd Fellows and of the Methodist Protestant church.

Obituary Notes.

Escort of the President.

The parade ceremonies of the day are: Escort of the president from the White House to the capitol at 9:30 a. m. Afternoon assembly of the military and civic grand divisions. Escort of the president from the capitol to the White House at the conclusion of his inaugural address, at about 1:20 p. m. Review of the military and civil grand divisions by the president from the latter's stand in front of the White House at 2:45 p. m. Dismissal of parade. Escort from the White House to the capitol. Assembly of grand marshal's staff, president's personal and veteran escort. The president, accompanied by his personal escort, composed of Squadron A, National guard of New York, and a detachment of the late First United States volunteer cavalry, will be escorted at 10 a. m., from the White House to the capitol by the grand marshal and staff and a division composed of veterans of the civil and Spanish-American wars and of the regular army and navy of the United States, commanded by Maj.-Gen. Oliver O. Howard, U. S. A.

This escort will be formed at 9:30 a. m. as follows: The staff and aids of the grand marshal will assemble at 9:30 a. m. on Fifteenth Street, north of Pennsylvania avenue, and will be formed facing south in column of platoons of eight files each, staff and special aids leading, head of column at Pennsylvania avenue.

Squadron A, New York National guard, with detachment of First United States volunteer cavalry on their right, will be formed in line facing south at 9:30 a. m., on the north side of Pennsylvania avenue, the right of the First volunteer cavalry at Jackson place, so that in forming column of platoons to the left the right will be in front.

President's Personal Escorts.

The division of veterans will be formed in line on the south side of Pennsylvania avenue facing north, the left of the Spanish war veterans at the west gate of the White House, the line extending east to Fifteenth street and thence along the west curb of the latter and the south curb of Pennsylvania avenue as may be necessary. The veterans of the army of the United States (regular army and navy union, etc.), will assemble in column on Pennsylvania avenue facing east, head of column at Executive avenue west prepared to follow the veterans of the civil and Spanish wars.

The president will be received by his personal and veteran escort as he comes out of the west gate of the White House and immediately thereafter squadron A will for a column of platoons to the left, and, preceded by the grand marshal, his staff and aids, will march to the capitol. The detachment of First United States volunteer cavalry, remaining in line until their front is cleared by the presidential party in carriages, will dispose themselves equally on both sides of these carriages at five yards distance.

The marshal of the veteran division and staff will assemble on New York avenue facing west, the marshal at Fifteenth street, prepared to follow immediately in rear of the presidential party in carriages and the First volunteer cavalry detachment. The Spanish and civil war veterans will, by successive posts from the left, wheel to the right by platoons (16 files front exclusive of guides), and stand fast until the right flank of the division is uncovered by the presidential party, when the division will take up its march to the capitol immediately following the presidential party.

Returning from Capitol.

The grand marshal's staff and aids, conducted by the adjutant general, will proceed through B street north to First street East, thence south on First street East, from which they will turn west into the capitol grounds on the central roadway opposite East Capitol street, military aids passing to the right and civilian aids to the left of the Washington statue, where they will halt.

At the conclusion of his inaugural address the president will be received at the speakers' stand by the First brigade, first division military grand division, and the column will immediately move in the order designated, each division and brigade taking up the march as its head is cleared by the division or brigade preceding it in the column.

The route will be north through the capitol grounds to B street North, thence to First street West, thence to Pennsylvania avenue, thence on Pennsylvania avenue to Fifteenth street, thence north to Pennsylvania avenue, where the column will be halted while the president's personal escort will conduct the president and party through the east gate to the White House, where luncheon will be served. During this period every effort will be made to have the column closed.

The parade will be reviewed by the president from a stand on the south side of Pennsylvania avenue opposite the White House. The guide will be left throughout the entire march and salutes be rendered according to the requirements of the drill regulations of the respective arms of the military grand division.

The parade will be reviewed by the grand marshal at Vermont avenue on the north side of K street. Organizations quartered south of Pennsylvania avenue will then move north through Fourteenth street West, through L or M streets to Twenty-second street, thence north through Twenty-second street and beyond Pennsylvania avenue and proceed by the most direct route to their respective quarters. Organizations quartered north of Pennsylvania avenue will march by the most direct routes to their respective quarters.

ST. LOUIS FAIR UNDER INQUIRY

Government Is Investigating Charge That Buildings Were Sold for Less Than Value.

UNCLE SAM HAS INTEREST

THE PITTSBURGH GAZETTE BUREAU,
Room 10, Postal Building,
WASHINGTON, D. C., March 2.

Among the other investigations which the federal government has on hand can be included the management of the St. Louis fair. Some grave complaints have been heard in the last few days and it developed tonight that they will be included in a report to congress on which the government commission, of which Senator-elect Thomas H. Carter of Montana is chairman, is now working.

The most serious of these complaints are that the management of the Louisiana Purchase Exposition Company recently sold the property in which the government has a third interest for about one-quarter of what it was worth; that it was a secret transaction; that the property transferred includes much more than was advertised. The United States government has one-third interest in the property of the exposition company, the city of St. Louis one-third and the company itself one-third.

Among the other charges is one that the stock of the company was not all paid in, but this is indefinite; and an expert is now at work on the books which are said to be in a very much mixed condition.

The buildings which the company had a right to sell include all of the great exposition structures except those erected by foreign governments and the states and the one building in which the government exhibit was housed. The machinery and a large part of the other furnishings of these buildings were to be included in the sale. It was all sold to the Chicago House Wrecking Company for $450,000. Experts say that the Chicago company would make on the transaction at least $1,250,000.

Miss Miller Appointed.

The public school committee of the Allegheny board of school controllers last night recommended Miss Florence Miller as assistant librarian to succeed the late Miss Martha McAllister, who died on Monday. The committee also recommended the appointment of an additional assistant librarian at a salary of $50 a month.

What To Do For Heart Trouble

I Back Up My Advice With This Remarkable Offer—A Full Dollar's Worth of My Remedy Free to Prove That I Am Right.

I ask no reference, no deposit, no security. There is nothing to promise, nothing to pay—either now or later. To any heart sufferer who has not tried my remedy—Dr. Shoop's Restorative—I will gladly give, free, not a mere sample, but a full dollar bottle.

I am warranted in making this unusual offer because mine is no ordinary remedy. It does not vainly try to stimulate the heart. Such treatments are worse than useless. It goes straight to the cause of all heart trouble—the heart nerves—and strengthens them and vitalizes them and restores them. Then that is the end of heart diseases.

For the heart itself has no more self-control than a common sponge. It is made to beat by a tender nerve so tiny that it is scarcely visible to the naked eye. Yet ten thousand times a day this delicate nerve must cause the heart to expand and contract.

The heart is about the size of your clenched fist. Open and close your fist a dozen times, even, and you will see the monstrous labor this little nerve must do.

The heart nerve is only one of the branches of the great sympathetic nervous system. Each branch of this system is so closely allied with the others that weakness or irregularity at any point is apt to spread. Heart trouble frequently arises from Stomach trouble through sympathy, and Kidney trouble may also follow. For each of these organs is operated by a branch of these same sympathetic nerves—the inside nerves.

The bond of sympathy between the nerves that operate the vital organs has a useful purpose, as well. For what will cure weakness in one branch will surely cure weakness in every branch—what will restore one center, will surely restore them all.

There is nothing new about this—nothing any physician would dispute. But it remained for Dr. Shoop to apply this knowledge—to put it to practical use. Dr. Shoop's Restorative is the result of a quarter century of endeavor along this very line. It does not dose the organ or deaden the pain—but it does go at once to the nerve—the inside nerve—the power nerve—and builds it up, and strengthens it and makes it well.

If you have heart trouble and have never tried my remedy, merely write and ask. I will send you an order on your druggist which he will accept as gladly as he would accept a dollar. He will hand you from his shelves a standard sized bottle of my prescription, and he will send the bill to me. This offer is made only to strangers to my remedy. Those who have once used the Restorative do not need this evidence. There are no conditions—no requirements. It is open and frank and fair. It is the supreme test of my limitless belief. All that I ask you to do is to write—write today.

For a free order for a full dollar bottle you must address Dr. Shoop, Box E 568, Racine, Wis. State which book you want.	Book 1 on Dyspepsia. Book 2 on the Heart. Book 3 on the Kidneys. Book 4 for Women. Book 5 for Men. Book 6 on Rheumatism.

Mild cases are often cured by a single bottle. For sale at forty thousand drug stores.

ROSENBAUM COMPANY

ANNOUNCEMENT

We beg to advise the public that we have secured the entire block on Market St., between Liberty St. and Fifth Ave. This includes the buildings now occupied by the "Crystal" Pharmacy, our present Market St. stores, the May Drug Co., the Louvre, the Hucke buildings and the Barrios Diamond Co. Future plans will shortly be revealed. We have always increased our business in the past as we enlarged, and we never would have taken on such an enormous additional selling space if we weren't sure of proportionately greater trade. We have splendid things in store for you and we know you'll be delighted to hear them when presented.

GREAT REMODELING SALE

IMPORTANT—PLEASE READ!

It seems we are always running up against new and inconvenient situations, which, strange to say, always result in the greatest benefit to our thousands of customers. We had expected to vacate our store at the corner of Market and Fifth Ave. next Monday. Conditions so shaped themselves that this has become unnecessary. Two months ago we ordered new fixtures for our Market St. stores and everything was prepared to have them arrive this Saturday. As soon as we learned that we would not remove from the corner stores, we telegraphed to the makers of our new fixtures to delay shipment. They wired back that it was too late—that 12 carloads were already on the way. They are coming Saturday and we must accept them. As a consequence business will be practically suspended in the following sections: Art Embroidery, Lace, Embroidery and Dress Trimming Depts., Hollow Silver and Silver Plated Ware, Notions and Leather Goods. The store will not be closed for we shall continue regular business in our other depts. but in the sections stated we shall lose a whole day's business.

In order to make up for this loss we shall offer for Friday the most extraordinay inducements throughout the store so as to do two days' business in one

The more goods we sell the less we shall have to move around. We are cutting prices as never before so as to move as few as possible. This is the sole reason for the following tremendous bargains and we trust you will be here today to take advantage of this unparalleled opportunity:

Art Embroidery Reductions to Condense 2 Days' Business in One

We shall try to make up for the loss of Saturday's business by making Friday's sales big enough for two days. These splendid bargains are the important attraction.

AN EX-COLLEGE STAR WILL PLAY FOR THE PIRATES

FAMOUS ATHLETE JOINS PIRATES

Homer Hillebrand, a Former Princeton Star, Will Be Used as a Utility Player.

HE HAS A FINE RECORD

Homer Hillebrand, a member of the well-known family of athletes so prominent at Princeton and in the northwest, has accepted the terms of the Pittsburgh ball club and will be here in time to go south with the team on March 12. Hillebrand is living on the ranch at Waubay, S. D., which is owned by his brother, A. R. T. Hillebrand and himself. He spent all of last year on the ranch, but played some games last fall with an all-college team in the northwest.

The deal was conducted by a prominent attorney of this city, who has been his friend since his college days. Hillebrand was advised by this friend to cast his lot with the Pittsburgh team if he had made up his mind to play professional baseball.

President Dreyfuss saw Hillebrand pitch for Princeton several years ago and in the fall of 1903 Fred Carisch advised him to sign the young man as a catcher. Carisch had played with him in 1902 in the northwest and pronounced him one of the most promising players in that part of the country. Hillebrand could not be induced to come here then, but at the time promised his influential friends here that he would not sign with any other major league team. He was claimed by the Washington American league team last spring but never signed with Ban Johnson's tail-enders and could not be reserved by that club. The Washington team and several other major and minor league teams tried to sign him during the winter, but he was as good as his word, and gave the Pittsburgh club the first chance to sign him. Terms were sent to him and he wired his acceptance last night.

The Hillebrand ranch is only 60 miles from Deacon Phillippe's ranch at Redville and the Pittsburgh pitcher considers the Hillebrands his neighbors. Phillippe says that Homer Hillebrand is about 25 years old, weighs 170 pounds and is 5 feet 8 inches in height. Homer Hillebrand comes of a family of athletes. His brother, A. R. T. Hillebrand, is head coach at Princeton in baseball and football and had a splendid record at college. He made the football and the baseball teams in his freshman year at Princeton and was with six championship teams. He was rated as the best pitcher of his time. Any of the major league teams would be glad to sign him now, but he has decided not to play professional ball and will remain at Princeton as coach. Clarence Hillebrand, a younger brother, is at Princeton now. He is a six-footer and will probably be heard from in college athletics.

Hillebrand will find one old acquaintance when he joins the Pirates. He was at Princeton when Lynch was at Brown university and they pitched against each other once. Hillebrand played 64 games in the Iowa-South Dakota team in 1902. That season he scored 51 runs, stole 10 bases, made 12 sacrifices and had a batting average of .282. Behind the bat he had 340 put outs, 106 assists and 13 errors. His fielding average was .977.

In 1903 Hillebrand played in the Pacific coast league and in faster company batted even better than he did in the smaller league, as his average was .323, against .282 of the previous year. He played in 56 games and made 39 runs and 68 hits. Behind the bat he averaged more than six chances a game.

Hillebrand while in the northwest was the catcher for Strickiett, the real discoverer of the "spit" ball, now used so successfully by Chesbro, Patsy Flaherty, Irvin Wilhelm and many other imitators. Being a clever twirler himself, Hillebrand became interested in the delivery and made a study of it until he mastered the style. He can use it now if called upon to pitch. He will fill a general utility role, and as he can pitch, catch and play first or the outfield, he is a promising candidate for the position.

Tommy Leach left for Cleveland last night and will not return until Sunday morning, March 12. The little third baseman is very particular about his bat, and one of his reasons for coming here was to get the old stick which he used last year. The handle of this stick was broken early in the 1904 campaign, but instead of throwing the bat away, Tommy wrapped the handle with tape and used the club all summer. During the winter a friend of his at Cleveland showed him a piece of ash which is nine years old and offered to make him a bat out of this well-seasoned block. Tommy went over to Exposition park yesterday and hunted up his old bat for a model. Although the smallest man on the team, Tommy uses the largest bat.

HIGH SCHOOLS OFFICERS.

Capable Men Are Named to Look After Athletics on Track and Field.

The semi-annual meeting of the Pittsburgh High School Athletic association, held at the Central building yesterday afternoon, was largely attended, with representatives present from all departments. CHAMPION BISTRI OF PERCHINA.
One of the Russian Wolf Hounds for the Coming Dog Show.

RUSSIAN WOLFHOUNDS WILL BID FOR HONORS

Fine Team of Four Will Be Entered in Local Show—Extremes in the Dog Fad.

One of the most striking exhibits at the coming Pittsburgh bench show which opens next Wednesday morning at Old City hall, will be that of the Russian wolfhounds. It was a team of four of this breed which won in the variety class at New York, beating any other four of any breed in the competition.

In all probability these wolfhounds originated in Persia, as it is more like the dog of that nation than it is like the deerhound family, however. J. B. Thomas, Jr., of the Valley Farm kennels, brought back recently some good ones from Russia. Among them are Nenagladni of Perchina, Nayada of Perchina, and Schaloste of Perchina, from the kennels of the Grand Duke Nicholas. He has also Ch. Sorva of Woronzova and Ch. Bistri of Perchina.

The fad in dogs this year is the extremes in size, either the very small ones or the other extremes, and the Russian wolfhounds are the most popular of the large ones.

MANY PITTSBURGH WINNERS.

PHILADELPHIA, PA., March 2.—(Special.)—The schedule committee of the Tri-State league was appointed today by President Cremer to meet Friday night at Harrisburg, as follows: J. A. Blough, Johnstown; Dr. Smith, Harrisburg, and Max Lindheimer, Williamsport. George W. Heckert of York, secretary, and Theodore Cremer, president, will also be at the meeting.

Yale's Old-Time Mascot Dead.

NEW HAVEN, CONN., March 2.—James Smith, known widely to Yale graduates and followers of Yale sports as "Pop," died suddenly at his home here today, of heart disease. He was 87. For a quarter of a century or more he figured as a "mascot" at various Yale athletic contests, traveling extensively with the football and baseball teams especially.

Corbett Is on the War Path.

YOUNGSTOWN, O., March 2.—(Special.)—Owen Zeigler, the local pugilist, who helped train James J. Corbett before the latter's fight with McCoy in 1900 has sued him for $57. He sent a local attorney to Cleveland to interview Corbett who is said to have threatened to "punch his face," and then come to Youngstown to punch Zeigler's face.

Warner's Case Up to the League.

CINCINNATI, O., March 2.—The claim of player John J. Warner for $500 extra compensation from the New York National league club for coaching young pitchers last season was referred to the National league today by the national commission, which holds that the player should first appeal to the league of which he is a member.

Will Prohibit Betting and Fighting.

SACRAMENTO, March 2.—The assembly by a vote of 43 to 20, has passed a bill prohibiting pool selling or wagering on a horse race, and providing a fine. The Ralston anti-prize fight bill was passed by the senate on reconsideration by a vote of 25 to 11. The measure now goes to the assembly.

Bowser and Blackburn Matched.

Mull Bowser of this city and Jack Blackburn of Philadelphia, who recently defeated Cy Flynn at Sharon, were last night matched for a 12-round bout before the Followfield A. C. at Monongahela City on March 11.

GUILT OR INNOCENCE MUST BE ESTABLISHED

How the Mistrials of Caleb Powers Prove the Conspiracy Against Him.

The very fact that the three verdicts of guilty in as many trials of Caleb Powers on charges of conspiracy in the murder of Senator William Goebel have been set aside makes the charge that these trials were unfair, unrefutable.

The fact that each of these trials have been conducted by methods in violation of regular procedure indicates more strongly than any other argument that there has been a determination to convict this man at all hazards. If guilty, why should he not be convicted by due and fair process of law? If innocent, why not given opportunity to prove his contention of being free from the stain of guilt? It is for the purpose of affording the prisoner an opportunity to enjoy equity and justice, and to overcome the barriers with which a conspiracy has obstructed justice, that The Gazette fund has been established in his behalf. Contributions to the fund will be asknowledged in these columns from day to day, and any assistance, whether large or small, will be appreciatively accepted. Contributions to date amount to $1,002.

Will Elect New Officers.

The North Side Gun club will hold an important meeting for election of officers next Tuesday evening at 165 Ohio street, Allegheny.

MISCREANT SPOILED FOX HUNTERS' SPORT

Reynard Was Killed Just After the Start. Many Hunters and Hounds Took Part.

[SPECIAL TELEGRAM TO THE GAZETTE.]

CRESTLINE, March 2.—The third and last fox chase of the season given here today was attended by fully five thousand people, and a brass band entertained the crowd before the hunt commenced, but none of the hounds entered in the chase captured the fox, some miscreant setting a dog onto the fox about a half mile from the starting point and killing the animal before assistance could arrive. While the chase did not end as successfully as was hoped for, the start was one of the finest ever witnessed in the state.

Reynard was given a preliminary lead in a two-mile circle and lifted into a buggy about a quarter mile from the starting point. Then he was released and started in a little different direction from that taken in the preliminary lead. When the hounds were released every one in the bunch took the trail of the preliminary lead and before they could get back to the starting point Reynard had met his untimely death.

Seventy-five hounds from every point in this section of the country were entered in the chase and it brought about the largest gathering of sportsmen held in this part of the state in many years.

COLLEGE TEAM'S TRIP.

Allegheny's Unbeaten Five Will Meet Strong Teams—Want Game With South Side.

MEADVILLE, PA., March 2.—(Special.)—The Allegheny college basketball team left this morning on its first trip away from home, and its doings will be watched with intense interest, as up to its departure not a single semblance of a defeat has been suffered. Such teams as Yale, Geneva and University of Indiana have been rather easy at home. It remains to be seen what the team can do on foreign floors. Every member of the team and every rooter is out for a clean record for the season.

Colgate will be met at Hamilton on March 3; Syracuse at Syracuse, March 4; Hamilton college at Clinton, March 6; and the team will get back in Meadville in time to play Syracuse a return game on March 9. Manager Frost took the following players with him: Rossiter, Hewitt, Russell and Hallinor, forwards; Comfort, center; McArthur, Aiken and Lewis, guards.

Allegheny college is inclined to feel that South Side wants to back down on its challenge to meet Allegheny, as Manager Frost had arrangements about completed with Manager Roberts for a game when the latter neglected to answer further correspondence. All Allegheny admirers are enthusiastic over the arrangement of this game, and no little anxiety has been caused by the hitch which has been brought about. The Buffalo Germans have fallen down on their contract to meet Allegheny on March 17, and Manager Frost still hopes to get the South Side team to fill this date.

MANCHESTER'S VICTORY.

Defeated the Altoona Five After Some Very Fast Play.

The Manchester and Altoona basketball teams had a warm struggle in Raleigh hall last night and the home team won, 21 to 14. The game was one of the fastest of the season and kept the crowd on edge throughout. The Altoona boys were represented by a large force of rooters who yelled themselves hoarse, but all in vain. The line-up:

Manchester—21.		Altoona—14.
Patterson	Forward	Hargraves
Tannehill	Forward	Freetley, Bashore
Walliser	Center	Roth
Holmberg	Guard	Graham
Tomlinson	Guard	Burry

Goals from field—Tannehill 4, Patterson 2, Walliser, Burry, Graham Freetley 2, Roth 3, Hargraves. Goals from foul—Graham 3, Roth 2. Fouls called—On Manchester 5, on Altoona 7. Referee—Little. Scorer—Miller. Timer—Gottlieb.

The Manchester Juniors defeated the Hannas in the preliminary, 30 to 12. The line-up:

Manchester Juniors—30.		Hannas—12.
Billinger	Forward	Stauffer
O'Neil	Forward	Moreland
Patterson	Center	Schilo

Goals from field—Patterson 6, Billinger 4, Alton 2, Graham 2, O'Neil, Stauffer 3, Moreland 2. Goals from foul—Schilo 2. Officials—Graham and Tannehill. Scorer—Kunkle. Timer—Miller.

Millvale Pool Team a Winner.

In the first of a series of three games the St. Aloysius pool team of Millvale defeated the Young Men's Institute team of Sharpsburg at the Y. M. I. rooms last night. The game was close and interesting throughout. Scores:

St. Aloysius—Krouse, 34; Kramer, 36; Verner, 30. Totals, 100.

Y. M. I.—Daily, 28; McClusky, 22; McGiven, 40. Totals, 90. Scratches—St. Aloysius, 8; Y. M. I., 7. Referee—W. Verner.

BIDS MAY BE REJECTED.

Commissioners of Westmoreland County Consider the Premiums Offered Too Low.

GREENSBURG, March 2.—All of the bids for Westmoreland county's bond issue of $1,000,000 to provide for the construction of the new court house may be rejected by the board of county commissioners, and the advertisements for proposals again made. Seven bids were received by Controller John D. Hitchman but the premiums offered are considered too low.

The premiums are as follows: Graham & Co., New York, $31,000 premium, on condition that the bonds be free of state tax; Pittsburgh Trust Company, Pittsburgh, $20,760; Huhn Brothers, New York, Lamprecht Brothers & Co., of Cleveland, and W. J. Hayes & Sons, $20,210; Rudolph Kleyboldte, Philadelphia, $18,877.50; N. W. Harris & Co., New York, $21,819; N. W. Hasley, New York, $15,700; Guaranty Trust Company, New York, $10,650.

Second Trial of Sidney Cole Commences.

PARKERSBURG, W. VA., March 2.—(Special.)—Sidney Cole, who served nearly two years of his sentence in the penitentiary for the murder of William Terry, carpenter on the steamer Keystone State during the flood of 1900 and who was recently granted a new trial, was placed on trial here today. Officers of the vessel testified for the state.

A Prominent Pittsburgher

Suffered for ten years with nervous troubles. Doctors did not do any good. Finally he had to give up his business. He thought he was doomed. One day a prominent physician recommended Dr. Thomas' Uncooked Wheat Bread. It was the one thing needful. The man was well in three months. You can learn all about it if you write B. S. Dunning, Local Agent, 422 Bissell block, 407 Seventh ave.

ESCUTCHEON WON HANDICAP EVENT

The Race Was Spoiled by a Jam After the Start, but Finish Proved Exciting.

SOME GOOD RACING

[SPECIAL TELEGRAM TO THE GAZETTE.]

NEW ORLEANS, March 2.—Escutcheon coupled with Right Royal, as an entry, captured the seven furlong handicap today, which was the chief attraction at the Fair grounds. Doc Strett's derby colt, Jake Sanders, finished second, with Edith May third. Fitzgerald broke the small field well enough, but Right Royal, Menace Maid and Antimony got in a jam and were put out of the running a few yards after the start. Escutcheon, following his usual style of running, raced to the front and at once straightened away down the back stretch well in the lead, with Jake Sanders second and Edith May close up. He forced a stiff pace around the stretch bend and still had a comfortable lead, straightening out for the wire. Sanders lost some ground swinging wide, but closed fast, and at the final eighth appeared to have a good winning chance. Escutcheon, however, hung on unexpectedly well, and though he was giving it up with every stride in the final 50 yards, lasted long enough to win from the Strett colt.

The stewards announced after the race that in view of Right Royal's performance with Martin in the saddle, which showing was no better than he made in the last race, when Walter Robbins had the mount, the latter would be absolved from all blame for the Hayman colt's defeat by Lucky Charm on February 25. Summary:

First race, 6 furlongs—Caterpillar, 111, Martin, 18 to 5, won; Sadducee, 107, McCafferty, 8 to 5, second; Alard, 113, Aubuchon, 5 to 1, third. Time, 1:14 4-5.

Second race, mile—Blennenworth, 109, H. Phillips, 5 to 1, won; Whorler, 101, Lee, 18 to 5, second; Red Raven, 101, Baird, 4 to 1, third. Time, 1:41 1-5.

Third race, 5½ furlongs—Inspector Halpin, 107, W. Robbins, 3 to 5, won; Il Dottore, 110, Lee, 40 to 1, second; Clique, 107, H. Phillips, 6 to 1, third. Time, 1:08.

Fourth race, 7 furlongs—Escutcheon, 104, Aubuchon, 8 to 5, won; Jake Sanders, 111, W. Robbins, 5 to 1, second; Edith May, 107, Crimmins, 9 to 5, third. Time, 1:27.

Fifth race, 1 1-16 miles—Favonius, 103, Aubuchon, 13 to 5, won; Miss Betty, 102, L. Williams, 12 to 1, second; Gravina, 104, J. McIntyre, 15 to 1, third. Time, 1:48 3-5.

Sixth race, 5 furlongs—Hannibal Bey, 94, Schilling, 7 to 1, won; Margaret O., 99, M. Murphy, 2 to 1, second; Prestige, 97, Baird, 9 to 2, third. Time, 1:01 2-5.

DR. HOLLIS WON STAKE.

Got a Flying Start and Had No Trouble After That.

LOS ANGELES, March 2.—The Woodlawn stake was the feature at Ascot today. Dr. Hollis, carrying 118 pounds, with a flying start, led all the way, winning easily from Father Catcham, with Sunfire third. Dr. Hollis covered the four furlongs in :48, a record for the Ascot track. The surprise of the day came in the last race, Red Damsel leading all the way. Summaries:

First race, 6 furlongs—Dixell, 100, Herbert, 8 to 1, won; Merces, 100, McDaniel, 6 to 1, second; Sweet Kitty Bellaire, 100, Moriarity, 3 to 5, third. Time, 1:14¼.

Second race, mile and 20 yards—Lurene, 100, J. Kelly, 7 to 5, won; Hectolus, 107, Dugan, 5 to 1, second; Headstrong, 107, Narvez, 25 to 1, third. Time, 1:46.

Third race, Slausson course—Fireabil, 105, Dugan, 9 to 5, won; Pasadena, 115, Fuller, 6 to 5, second; Cutter, 105, McDaniel, 12 to 1, third. Time, 1:09.

Fourth race, Woodlawn stake—Dr. Hollis, 118, Pryor, 7 to 2, won; Father Catcham, 123, McDaniel, 8 to 1, second; Sunfire, 118, J. Kelly, 20 to 1, third. Time, :48.

Fifth race, 1 mile—La Londe, 90, Miller, 4 to 5, won; Ralph Young, 102, McDaniel, 4 to 1, second; Judge Denton, 102, Moriarity, 15 to 1, third. Time, 1:41½.

Sixth race, mile and 70 yards—Red Damsel, 105, Holmes, 2 to 1, won; Potrero Grande, 105, McDaniel, 6 to 5, second; Rippar, 106, J. Kelly, even, third. Time, 1:45½.

ANDERSON THE WINNER OF BILLIARD TOURNEY

Had a Record of Six Wins and Not a Defeat—Close Games Marked Final Play.

As Brown goes to Washington today with the Tariff club he was anxious to complete his string of games in the billiard contest, and accordingly played Anderson and Benne, losing to the former in the afternoon and winning from the latter in the evening. The afternoon game was the hottest and most closely contested of the series, and had not the demon of ill luck pursued Brown in the latter part of the game he would have won. As it was he was only beaten out by three points.

In the evening game it looked like a cinch for Brown, as for the first 16 innings he never recorded a miss. He scored one or more points every time he stepped up to the table, and it was almost a foregone conclusion that he would win. Toward the middle of the game, however, Benne got his stride and came along like a race horse. The handicap imposed on him was too much, and he had finally to go down to his third defeat.

At the conclusion of this game Brooks and Jack started in to play their last game, and on this game hinges the question of second and third moneys. Anderson proved the winner of the first prize, going through the tourney with six wins and no defeats. The following is the score by innings of the first two games:

Afternoon game—Brown (175), 0, 0, 0, 0, 2, 2, 11, 0, 8, 1, 0, 3, 3, 8, 0, 1, 1, 0, 2, 0, 10, 1, 0, 3, 0, 2, 10, 7, 0, 3, 0, 0, 0, 0, 4, 0, 5, 1, 2, 4, 11, 0, 2, 6, 4, 5, 4, 16, 1, 1, 3, 2, 0, 0, 1, 6, 0, 9, 0, 2, 2, 4, 1, 1, 10, 0, 0, 6. Total, 172. Average, 2 36-68.

Anderson (200), 0, 3, 16, 0, 0, 0, 1, 15, 3, 9, 0, 1, 10, 2, 1, 0, 1, 10, 10, 0, 0, 3, 8, 2, 6, 1, 1, 1, 1, 0, 0, 0, 0, 0, 0, 0, 3, 1, 0, 1, 7, 4, 0, 0, 0, 3, 0, 1, 22, 4, 0, 1, 0, 5, 0, 3, 0, 2, 1, 1, 0, 0, 15, 4, 1, 0, 2. Total, 200. Average, 2 64-68.

Evening game—Benne (300), 0, 0, 15, 1, 3, 4, 0, 3, 5, 2, 21, 4, 19, 4, 0, 0, 1, 16, 5, 9, 2, 0, 12, 0, 0, 0, 4, 3, 15, 24, 0, 0, 6, 0, 7, 1, 0, 4, 0, 0, 6, 14, 13, 2, 7, 21, 2, 0, 6, 1, 1, 0, 4, 5, 1, 0. Total, 282. Average, 4 38-56.

Brown (175), 2, 2, 2, 2, 12, 2, 6, 12, 3, 6, 3, 1, 1, 11, 10, 1, 0, 0, 0, 0, 10, 1, 0, 0, 0, 0, 1, 0, 7, 6, 1, 0, 0, 0, 1, 0, 6, 1, 1, 1, 0, 0, 12, 0, 0, 1, 16, 0, 6, 0, 2, 36, 2, 0, 0, 21.—Total 175. Average, 3 7-56. Referee—Michael Horne.

McDonald Buys a Fine Stallion.

INDIANAPOLIS, March 2.—Dave G. McDonald, manager of the Brunots Island race track for the Pittsburgh and Allegheny Matinee club, gave $4,500 at auction here today for the three-year-old stallion Marechal (2:26¼). He is entered in stakes worth $40,000. The purchase was made for a member of the Matinee club.

May Cancel Decoration Day Games.

WASHINGTON, PA., March 2.—(Special.)—Manager W. H. Davis of the Washington and Jefferson college baseball team stated today that he would probably cancel the two games arranged at Waynesburg for Memorial day. The failure of the Greene county manager to settle details is mainly responsible.

BOTH WANT VICTORY.

Tonights Hockey Contest Promises to Be a Warm Affair.

The second game in the hockey series between the American Soo and Pittsburgh will be played at Duquesne garden tonight. The opening game Wednesday night was a strenuous affair and tonight's contest gives promise of being even more so. The Soo players, smarting under the defeat in the opening contest, are more than anxious to trim the locals tonight, and will play their utmost to even up matters.

With the possible exception of Sweltzer, who has a sprained ankle, the team from Michigan will line up the same as Wednesday night. Should Sweltzer be unable to play "Bllly" Young, formerly of the Bankers seven, will play left wing. Play will begin at 8:30. The line-up follows:

American Soo.		Pittsburgh.
Jones	Goal	Winchester
Hamilton	Point	Spittal, capt.
Howell	Cover point	Baird
Stevens, Capt.	Center	Campbell
Robinson	Rover	Sixsmith
Sweltzer or Young	Left Wing	Roberts
Laviolette	Right Wing	Kent

Referee—H. H. Jack.

SOCIETY

MRS. JOSEPH W. MARSH gave the last in her series of luncheons yesterday at her home, Wallingford and Neville streets, Shadyside. The last was also the most beautiful, the decorations being carried out in green and white. In the center of the long table was a mound of large white roses, combined with ferns, while around the centerpiece were strewn farleyense fern leaves, their delicate green intensifying the white of the dainty lunch cloth. Covers were laid for 20, the guests including Mrs. W. H. Scott of Dunkirk, N. Y., for whom the luncheon was given and who is the house guest of Mrs. Abraham, Mrs. James Buchanan Yohe, Mrs. James Grier Roak, Mrs. Wenman A. Lewis, Mrs. Andrew M. Moreland, Mrs. W. W. Dickey, Miss Bessie Johnston, Miss May Allen, Mrs. William D. Hamilton, Mrs. Webster B. Balsinger, Mrs. Edgar MacCormick Balsinger, Mrs. William McC. Rea, Mrs. Alva C. Dinkey, Mrs. J. Charles Wilson, Mrs. Harry J. Lawrence, Mrs. William Steinmeyer, Mrs. George B. Motheral and Mrs. E. E. Baker. Following the luncheon a most delightful, although informal, musicale was given, Mrs. Baker singing several solos to her own accompaniments, and Mrs. Scott, who is also an accomplished musician, giving several piano numbers.

Miss Fite's Wedding Day.

Miss Clara M. Fite, Mr. and Mrs. John Fite's daughter, has chosen Tuesday, March 21, as the date for her wedding to Dr. B. M. Dickinson. Invitations for the wedding will go out tomorrow announcing 7:30 o'clock as the hour for the ceremony in the Highland Presbyterian church. The Rev. John Welbley, pastor of the Bethany Lutheran church, will solemnize the marriage. The bride's sister, Mrs. Joseph Welker, will be matron of honor, and her little daughter, Miss Elizabeth Welker, will serve as flower girl. Dr. Dickinson and his bride will be at home in Stanton avenue after their wedding trip.

Several New Patronesses.

Added to the list of patronesses for the Homeopathic hospital benefit matinee at the Nixon on Tuesday are the names of Mrs. Ralph Baggaley, Mrs. William W. Blair, Miss Marion Bingaman, Mrs. John Fremont Steel, Mrs. Samuel Lansing Seymour, Mrs. H. C. Fownes, Mrs. W. H. Seif and Mrs. R. B. Scandrett. The patrons are Pennock Hart, H. J. Heinz, O. E. Kreuger and Dr. Robert McClelland.

Will Have Two Attendants.

Miss Martha R. Young and John Paul Cameron, at their wedding next Tuesday evening, will have two attendants, Miss Edna Young, a sister of the bride, and Charles Beggs, a cousin, who will serve as maid of honor and best man. The wedding will take place at 6 o'clock at the home of the bride's parents, Mr. and Mrs. Samuel Young, in Grafton street, East End. The Rev. Dr. Robert M. Russell, pastor of the Sixth United Presbyterian church, will officiate.

To Meet a Spring Bride.

Mrs. Thomas I. Donaldson, a bride of last month, was honor guest at the pretty little tea given yesterday afternoon by Mrs. Alfred Kimes Grubbs of Lincoln avenue, Allegheny. Four o'clock was the hour for the tea, at which the hostess was assisted informally by her mother, Mrs. O. D. Glenn, Mrs. Thomas Grubbs, Miss Olive Munroe, Miss Ethel Craig, Miss Jeannette Pontefract, Miss Marie Steel, Miss Jessie Bruce and Miss Florence James. These six girls were bridesmaids at the wedding of Mrs. Grubbs when Mrs. Donaldson, then Miss Harriet Noyes, was maid of honor.

Arrangements for Banquet Complete.

Arrangements have been completed for the fourteenth annual banquet of the Delta chapter, Nu Sigma Nu, University of Pennsylvania, medical department, to be held at the Hotel Henry this evening. Prof. James Tyson of Philadelphia, who is to be the guest of honor, will arrive in Pittsburgh this morning and after the banquet will be entertained at the Union club, where he will meet his former students. Dr. Edward Stieren is toastmaster for this evening, and the committee in charge includes Dr. Stieren, Dr. H. Chester Hieber, Dr. J. H. K. Duff, T. E. McMurray, A. H. Jahns and R. C. Butz.

Mrs. Evans Gave Reception.

Mrs. Howard Salisbury Evans of South Negley avenue received her friends from 3 until 6 o'clock yesterday afternoon in honor of her sister, Mrs. Bernard Wesley Lewis, who is a bride of a year ago. The hostess and her guest of honor receiving together, were assisted by Mrs. Joseph Fawell, Mrs. Wenman A. Lewis, Mrs. Thomas Evans, Mrs. Thomas Raymond Evans, Mrs. Joseph G. Walter, Mrs. James McFadyean, Miss Margaret Aiken, Miss Verna Collord, Miss May Llewellyn, Miss Helen Walker and Miss Edith Speer.

Large Attendance at Concert.

There was a large attendance at "Ye Olde Folks' Concerte" in the Sewickley auditorium last evening by the ladies of the Sewickley United Presbyterian church. A chorus of 20 voices, under the direction of Mrs. William Brandt, sang old-time songs, and the costumes were of 100 years ago. Several wedding gowns, coats and hats of the oldest Sewickley families were used.

Mawhinney-Hutchinson.

The marriage of Miss Carrie Gertrude Mawhinney, daughter of Mr. and Mrs. John F. Mawhinney of Cecil, Pa., and William Loveland Hutchinson of this city was solemnized at the home of the bride at 12:30 o'clock yesterday afternoon. The Rev. A. R. Anderson, assisted by the Rev. S. E. McKee of Allegheny, officiated. After April 15, Mr. and Mrs. Hutchinson will be at home in Marchand street, East End.

Bridal Couple at Home.

Mr. and Mrs. Joseph Seward McFeatters, who were married in November, are now at home to their friends in Swissvale. Prior to her marriage, Mrs. McFeatters was Miss Catherine Rose Dwyer of Homewood. She is the daughter of Mrs. Catherine Dwyer and the late Michael C. Dwyer of this city.

Notes of Society.

Mrs. Albert H. Sharp of Sewickley will entertain this afternoon with a tea in honor of her house guest, Miss Lucy Timms of Columbus, O.

Miss Eva Maratta, daughter of Mr. and Mrs. P. H. Maratta, and James S. Hineman were married at the home of the bride's parents in New Sheffield, Pa., yesterday, the Rev. J. D. Campbell of Allegheny officiating.

Mrs. James N. Manwaring of Hamilton avenue gave a delightful 12 o'clock dinner Wednesday in honor of Miss Laberta M. Lyus, formerly of Lancaster, Pa., who will be married to Wilmer G. Balpha of Hamilton avenue next Thursday.

Mr. and Mrs. Thomas Spence of North St. Clair street, East End, announces the engagement of their daughter, Miss Mae Florence Learned, to James Whitney Hess of North Negley avenue. The wedding will take place Wednesday, March 22.

Mrs. Archibald L. George gave a pretty 4 o'clock tea at her home, "Dry Banks," in Sewickley, yesterday afternoon. The honor guests were two sisters-in-law of the hostess, Mrs. John Shaw George (nee Cooper), an autumn bride, and Mrs. William D. George (nee Willard), formerly of Allegheny.

Miss Alice Carlin, daughter of Mrs. Katherine Carlin of Braddock and Michael A. McNamara were married yesterday morning at 8 o'clock in St. Thomas Roman Catholic church. The ceremony was performed by the Rev. Robert McDonald. The maid of honor was Miss Mary Britt, a niece of the bride, and the best man was Nicholas Glasser. Upon their return from the south the couple will be at home in Braddock. The groom is an official in the Ninth street plant, Braddock, of the American Steel and Wire Company.

GUESTS AT DANCE VIEW MISS PORTER'S PRESENTS

Andrew Carnegie Gives Candelabra. Civil Ceremony Uniting Her to Mr. Mende Today.

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

PARIS, March 2.—A dance at the American embassy tonight inaugurated the festivities attending the wedding of Miss Elsie Porter, daughter of the ambassador, to Dr. Edwin Mende of Zurich, Switzerland. There was a large attendance of intimate friends of the family, who were given a preliminary view of the superb presents.

The French government signalized its esteem of the ambassador by presenting Miss Porter with a Sevres tea set, especially made at the government's porcelain factory and bearing her initials. The other presents and givers were Mr. and Mrs. George J. Gould, a solitaire sapphire ring; Mrs. Mackay, a gold jeweled purse; Secretary and Mrs. Hay, a silver tray; Prince and Princess Radolin, gold bonbonnieres; Gen. and Mrs. Winslow, a gold chocolate service; Andrew Carnegie, a silver candelabra; Marshall Field, a silver tea set, and Gen. Porter, an automobile of the latest landau type and a number of rare jeweled pieces. Dr. Mende, father of the groom, gives a residence at Berne. The civil marriage will take place tomorrow at the town hall of the Bois de Boulogne quarter, only the family and the witnesses attending.

The church marriage will be celebrated Saturday and will be the event of the season in the American colony. The bridesmaids are Misses Mary Edwards, Alice Colburn, Lilian Cridler, Bessie Payne, Judith Minor and Erna Mende.

PAUR THE FEATURE.

Pittsburgh Orchestra Director Wins New Laurels as a Pianist at Von Kunits Quartet's Concert.

The final concert in the series given this season by the Von Kunits String quartet at the Conservatory of Music hall in Dithridge street, proved the most excellent program that the organization gave. The feature of the evening which won decidedly the greatest appreciation was Beethoven's sonata in A major from Opus 47, the Kreutzer Sonata. The sonata was rendered by Luigi Von Kunits and Emil Paur. The director of the Pittsburgh orchestra again displayed his rare genius as a pianist. Von Kunits' skill with the violin finds adequate expression in this selection and he shared the honors with Director Paur.

The Beethoven sonata was the middle selection in a program of three parts. The first number was Haydn's quartet in G Minor, Opus 74, No. 3. The final one was Schubert's quintet in A major, Opus 114. Of the quartet Von Kunits, Jean deBacker and Hermann Beyer-Hane took part, with Director Paur at the piano and Wenzel Jiskra playing the double bass. The audience was large and appreciative.

GOING TO HARRISBURG.

Chamber of Commerce Committee Will Plead for Personal Registration Bill.

President John Eaton of the chamber of commerce was authorized yesterday to appoint a committee of five to go to Harrisburg next Thursday in the interest of the personal registration bill.

The chamber approved committee reports which had come before the meeting of the board of directors on February 21, including the indorsement of the state armory bill now before the legislature, and a report of the municipal affairs committee condemning the proposed changes in the court house.

To Hold Examinations.

Local Secretary H. F. Smith of the United States civil service commission, announces examinations for federal positions. The first examination will be held March 15 and the second March 27. Application blanks are being issued by the secretary at room 408, federal building.

Resolutions of Respect.

A tribute of love from the board of managers of the First Allegheny Day Nursery and Temporary Home for Children, to the memory of Mrs. Elizabeth McAllister Trimble.

Whereas, God in His infinite wisdom and love has called from her labors here to her reward above a dear friend and earnest worker, we desire to express our sense of the deep loss our board has sustained. She had been a member of the board from the beginning of the work and was always deeply interested in every phase of it, ready to do her part, her mother heart always touched with the needs of the little ones in the home. It seemed to her a joy to labor for the Master. We deem it a privilege to have been a co-worker with her.

Resolved, That we mourn her loss, but bow in humble submission, comforted with the sweet assurance that her life's work was done, and with her "All is well."

Resolved, That in her death we recognize the call to greater diligence in the Master's service, to do with our might whatsoever our hands find to do, for the night cometh when no man can work.

Resolved, To those especially near and dear, her husband, children and sister, we extend our heartfelt sympathy, and earnestly pray to "Our Father" that his everlasting arms may be underneath them to lift them up nearer to Him through this great trial.

Weep not that her toils are over,
Weep not that her race is run,
God grant we may rest as calmly
When our work as her's is done.
Till then we will yield with gladness
Our treasures to Him to keep,
And rejoice in the sweet assurance
He giveth His loved ones sleep.

Resolved, That these resolutions be recorded in our minutes, a copy sent to the family and sister, and that they be published in the daily papers.

AMONG THE CLUBS

"A BACHELOR'S ROMANCE," is the name of the play to be given by the Wellesley College club next Monday evening, March 6, at the Duquesne auditorium, Craig street. The rehearsals have been satisfactory, and under the direction of the stage manager Dr. Ellen Patterson, a great success is predicted. All those taking part in the play are college men and women, the girls from Wellesley and the men from Princeton, Harvard, Washington and Jefferson, Lafayette, Worcester Tech. and Massachusetts Institute of Technology. The cast is as follows:

David Holmes, literary critic of the Review ....George E. Flaccus
Gerald Holmes, his brother, a pleasure-loving man of the world......Charley Yon
Martin Beggs, David's secretary and confidential man............Charles Arensburg
Harold Reyolds, on the staff of the Review......................Klaus J. Steiner
Archibald Lytton Savage, a modern literary man..................Norman Davis
Mr. Mulberry, an antique literary man ....William McCreery
Helen Le Grand, David's sister, a young widow of the world............Mary Gilson
Harriet Leister, a society girl...Florence Petrie
Miss Clementine, a maiden lady....................Elizabeth MacMillan
Sylvia, David's ward..............Catherine Linn

The following members of the club will act as ushers: Annie Davis, chairman; Annie Carr, Berthe Smith, Marion Ingham, Effie MacMillan, Myra Sawhill.

It is expected that this occasion will be quite a social event, as well as very enjoyable from a theatrical standpoint. The success of the play, "7-20-8," given by the Wellesley club two years ago, is an evidence of what the talented members of this club can do. The list of patronesses for the performance Monday evening includes the following:

Mrs. John S. Mayben, Mrs. Dallas Irish, Mrs. Albert Presley Burchfield, Miss Mary F. Patterson, Mrs. R. S. Smith, Mrs. A. R. Peacock, Mrs. John R. Nevin, Mrs. George B. Logan, Mrs. A. H. Berhorst, Mrs. James Howard, Jr., Mrs. W. T. Whitney, Mrs. William Laird, Mrs. James H. Reed, Mrs. John G. Jennings, Mrs. Wesley Linford Smith, Mrs. G. A. Steiner, Mrs. Jobiah N. Davidson, Mrs. A. F. Sawhill, Mrs. Robert S. McCague, Mrs. Nelson Ferguson, Mrs. Samuel Moody, Mrs. L. G. Linn, Mrs. Frank White, Mrs. George Vandergrift Milliken, Mrs. Magnus Pflaum, Mrs. J. Robert Wright, Mrs. William Brady, Mrs. Frederick Rohrer.

Tickets are now on sale at Kleber's music store, Fifth avenue. The proceeds from the performance are to be donated to the College Settlement association, and it is hoped that quite a fund will be raised.

Wimodausis Euchre and Dance Held.

The euchre and dance held last evening by the Wimodausis club, in Syria temple, was a delightful affair and a great success financially. The function was given to increase the building fund. In the main hall nearly 100 tables were in requisition and these were filled with players during the early part of the evening. The women received in the Turkish room on the second floor, while on the third floor dancing was participated in. All the rooms were handsomely decorated. In the large dining-rooms covers were laid for 500 guests. Mrs. Samuel Miller, the secretary of the club directed the arrangements in the dining-room. Mrs. Charles E. Smith was general chairman of the entire entertainment. The name Wimodausis has peculiar significance, it is made of the first letters of the following words—wives, mothers, daughters and unmarried sisters of Master Masons.

Executive Board Gave Reception.

The executive board of the Lawrenceville Branch of the Y. W. C. A. gave a reception last evening to the Domestic Science alumnae of the Central association and to all contributers of the domestic science equipment. All pupils who have studied cooking in this school were also invited. The Central Alumnae association gave the outfit to the Lawrenceville branch two years ago, and the interest in the department has grown phenomenally. Mrs. William Velte, chairman of the executive board, opened the program last evening with a greeting, to which Miss Cornelia I. Trimble responded. Miss Nellie Bender gave several beautiful violin solos and Miss Katherine Ellis sang. Miss Lula Ganet gave a piano number and Mrs. C. P. Wiles added to the evening's entertainment by a clever reading. The executive board is composed of Mrs. Velte, chairman, and Mrs. J. H. Stauff, Mrs. R. M. Sands, Mrs. C. Blyholder, Miss Mary Milligan, Miss Jane Kerr, Miss Martha Young and Mrs. E. A. Armstrong.

Branch W. C. T. U. Meetings.

A number of the branches of the Woman's Christian Temperance union will hold meetings next week. The East End union will meet on Tuesday at 2:30 p. m. in Smith's hall, 6004 Center avenue. The devotional exercises will be conducted by Miss Belle Stewart. The business meeting will be in charge of the president, Mrs. J. C. McDowel; there will be a discussion on soldiers' and sailors' work, led by Mrs. E. Murdock; a paper by Mrs. James Masters, and a reading by Mrs. C. Swobelein. The Bellevue union will meet in W.C.T.U. hall at 2:30 p. m. Monday. The Douglas union will meet at 8 p. m. of the same day in Brown's chapel, Hemlock street, Allegheny. On Tuesday the Sheraden union will meet at 7:30 p. m. in the First Methodist Episcopal church of Sheraden, and the Swift union will meet at 2:30 p. m. in the Helping Hand parlors of the Bible House, Arch street, Allegheny. The Wilkinsburg union will meet at 2:30 p. m. Wednesday in the First Presbyterian church of Wilkinsburg, and the Homestead union will meet at 7:30 p. m. on Thursday at 330 Fourth avenue, Homestead.

Dancer Entertains Club Women.

The Professional Woman's club always has a unique and charming program. Just what each form of entertainment is to be no member knows in advance except the ones who have charge of that particular session. Last evening at the home of Dr. Luba Robins in Fifth avenue the unexpected happened. The committee in charge announced that a professional dancer would give a serpentine dance. The performance called a number of encores. While out of the ordinary, the studies were very pretty. After the dance Miss Meyer of the Alinda school gave a talk on Wilhelm Raabe. After the program refreshments were served and the meeting took the form of a farewell to Dr. Robin, who, after her marriage, will sail on March 28 to spend some time in study abroad.

"Chinese Honeymoon" Coming.

The comic opera with the enviable record, "A Chinese Honeymoon," will be the attraction at the Duquesene theater next week. No opera, comic or otherwise has attracted so much attention among the theater-going and music loving people since the days of "Erminie" and "Robin Hood" as the "Honeymoon."

COURT ORDERED DEPUTIES PAID

Controller Cunningham Refused to Pay for Extra Protection at the Polls.

DAVID BONNER'S WILL FILED

County Controller Cunningham was compelled yesterday to pay the extra deputy sheriffs sworn in by Sheriff Dickson for duty on election day, and issued the certificates, amounting to $190. Judge Rodgers made an order for the payment. Thirty-eight deputies were sworn in by the sheriff and the controller refused to pay them except on order of court, declaring he deemed it an unwarranted proceeding. This belief was not borne out by the facts as presented on election day, when the court had the busiest day in the history of elections in the county, and was using deputies at many polling places in the city.

David Bonner leaves his property to his son, George, in trust for disposition under the terms set out in the will. The bulk of the estate goes to this son. He is directed to use the income on $200 to keep up the Creswell graveyard in Brush Valley township, Indiana county. He is to pay two children of a deceased brother $5 each. One-half of the residue of the estate, exclusive of Indiana coal lands, is to go to the trustee, subject to the payment of $25 a month to the widow of his brother, Mowry, but a codicil reduces this amount to $15. One-fourth of the estate is left in trust to M. C. Bonner, a son, and it is directed that the coal lands be held for three years and then sold, the proceeds to be divided between the sons, M. C. Bonner's share to be held in trust by George, who is to pay him $25 a month till the wife of the son dies, when the amount is to be increased to $50. On the death of the beneficiary under the trust the principal is to be divided among his children.

In the divorce suit of Sarah J. Allshouse against George D. Allshouse, the libellant testified that she was married in June, 1870, at the Arch Street Presbyterian church, Allegheny. The couple lived together until eight years ago, when the husband left, returning later, but leaving her finally four years ago. The wife alleged her husband is living with another woman in Wilmerding and refuses to support her.

Harriet E. Harbison filed a libel in divorce against Albert L. Harbison, naming Alice Eck of Dubois as co-respondent. She charges desertion and infidelity. Another libel charging desertion was filed by Stella M. Orr against Chambers S. Orr.

Suit for $5,000 damages for breach of promise of marriage was filed by Mary Hudok against Shauder Kovatz. A capias was issued for the defendant's arrest. The plaintiff alleges that on January 1 of this year Kovatz asked her to marry him and that she agreed, the date of the marriage being set for next Saturday. She alleges that Kovatz has since notified her that he would not marry her. The plaintiff says she has bought her wedding clothes and has gone to other expenses for the ceremony. The marriage was also announced in the church.

Warden Lewis of the county jail petitioned the court to send Irene Brown, a prisoner, to Marshalsea, as she is insane and unsafe to be allowed at large. The court made an order committing her to the insane department. The woman was committed to jail by Alderman John Groetzinger for 30 days on a charge of barratry, and her sentence is about to expire.

Rebecca E. Duff, wife of David Duff of Snowden township, has petitioned to be allowed to act as a femme sole trader. She avers that her husband has been addicted to drunkenness for the past three years, and has failed to support her.

Marie Antonio Capuano filed a suit for $5,000 damages against Pasquellino Betotta, alleging that her good name has been defamed by the defendant.

Executions issued: Automatic Roofing Company vs. Ernest Kranter, $774; Duquesne Brewing Company vs. George Reese, $4,000; J. C. McGinniss vs. Harry W. Heyl, $2,767; B. Heid vs. W. C. Tinnemeyer, $200.

Judge John D. Shafer has been detailed as judge for the March term of oyer and terminer court, with Judges Robert S. Frazer and Elliott Rodgers as assistants, but it is probable James S. Young will take Judge Rodgers' place as assistant.

BURGLARS TOOK LUNCH.

Bold Thieves Loot a Residence Within 50 Yards of a Police Station.

Worked Systematically.

The residence of Charles Mendoza, 2030 Center avenue, was entered by burglars between 2 and 4 o'clock on the morning of Washington's birthday. The house is within about 50 yards of No. 2 police station and this is the second time it has been robbed.

The burglars gained an entrance through the kitchen window. Before going into the sleeping rooms of the family they helped themselves to a lunch. They then went to the room of Mr. Mendoza. Taking his vest and trousers they returned to the dining room, where they searched the clothes. Mendoza had $12 50 in his trousers, which they took. They then returned to the upper part of the house, taking a diamond brooch, a pair of cuff buttons and $6 from a satchel belonging to his wife.

The robbery was not discovered until Mrs. Mendoza came down in the morning to prepare breakfast for the family. The stairs, dining room and kitchen were strewn with burnt matches, and Mrs. Mendoza's pocketbook was lying on the dining room floor.

DO NOT WANT SCALE.

Carpenters Claim Agreement With Master Builders Will Interfere With Rights.

At a meeting yesterday of the district council of the Brotherhood of Carpenters and Joiners, Business Agent E. M. Swartz thus defined his position and presumably that of the brotherhood in relation to the dispute with the Master Builders' association:

"The carpenters do not want an agreement as it deprives them of their right to work with and for whom they please," he said. "The Master Builders should not demand an agreement as it deprives them of employing whomsoever they see fit. Why do they ask and try to force us to sign an agreement that will take from us our rights, and leave us at the mercy of unscrupulous employers, or compel us to work with persons who are objectionable to us."

CHAMBER OF COMMERCE TO HOLD ANNUAL MEETING

The annual meeting of the Pittsburgh chamber of commerce will be held next Tuesday morning at 11 o'clock, at which time a president, seven vice presidents and 25 directors will be elected. The polls will be open from 11 until 1 o'clock. The ticket which has been presented by the nominating committee is as follows: President, John Eaton; vice presidents, Albert J. Logan, H. K. Porter, George H. Anderson, James H. Willock, Robert Pitcairn, John F. Dravo, John Bindley; directors, John C. Alrich, H. D. W. English, W. N. Frew, A. M. Hanauer, H. J. Heinz, James A. Henderson, W. J. Holland, John B. Jackson, William L. Jones, William M. Kennedy, James W. Kinnear, Stetson Leach, Joseph W. Marsh, James R. Mellon, William A. Renshaw, M. Rosenbaum, Lee S. Smith, William H. Stevenson, Edward B. Taylor and Taylor Alderdice.

SQUIRREL HILL SITE PURCHASED

Corner of Shady and Wilkins Avenues to Be Improved With $75,000 House.

OTHER DEALS IN THE EAST END

Through the office of George Bros. a sale of $70,000, involving one of the finest home sites sold in this city for two years, was closed yesterday. The property is a part of the plan known as Ferree place in the Twenty-second ward, and belonged to the estate of Elizabeth F. McCombs. It is at the southwest corner of Shady and Wilkins avenues, having a frontage of 352 feet in the former and 440 feet in the latter thoroughfare. The site is in the midst of one of the most aristocratic neighborhoods in the city, the costly homes of W. H. Schoen, A. M. Neeper, George M. McLaughlin and William Metcalf, Jr., being near by. The name of the buyer was withheld yesterday, but he is understood to be a wealthy iron manufacturer, who will build a $75,000 residence on the site in the spring. The grounds will be laid out by a landscape gardener and a large carriage house and stable erected near the rear of the lot.

Two more Squirrel Hill properties were sold yesterday by the Real Estate Trust Company for T. A. and E. P. Mellon. They are two of the new three-story brick colonial houses standing on lots 43x120 feet and facing in Northumberland street, near Wightman street. The houses contain 11 rooms each, are finished in hardwood and have three tile bathrooms. One of them, at 5622 Northumberland street, was bought by William Whigham, an official of the United States Steel Corporation, and the other, at 5618, was secured by a local business man. The houses brought $15 000 each and both were purchased for homes.

Many Rumors—One Sale.

A host of rumors have been current for several days relative to sales around the East Liberty station. So far as known only one deal has been closed, the sale of the J. Cosgrove property at 6317 Penn avenue for $18,000, or $600 a foot. The lot is 30x84 feet and is improved with a good brick house. It was bought by Samuel Crosby who, it is said, takes it as a site for a hotel. The property is on the south side of the avenue about 100 feet east of the railroad bridge over Penn avenue.

Rumor had it yesterday that the Strahley holdings on the north side of Penn avenue, just east of the bridge, had been sold for $105,000. This report was strongly denied by Mr. Strahley, who said that an offer of over $105,000 was being considered, but that no papers had been signed in the deal. The property is probably the largest plot in that neighborhood, having a frontage of 156 feet and an extreme depth of about 180 feet to the railroad. It is irregular in shape, having several notches in the rear. The total frontage on the railroad is 250 feet. Six brick buildings and a frame house stand on the lot.

Another report that gained considerable credence was that the McAuley holdings, a few rods east of the bridge, had been resold for $700 a foot. A short time ago they were sold to George M. Koser, the wholesale liquor dealer, for $600 a front foot. J. N. Straub, who handled the first sale, said last night no deal had been made for the property and an offer of $700 a foot had been declined.

Squirrel Hill Property to Be Plotted.

The McComb property in the Twenty-second ward will shortly be plotted and put on the market in large lots. It is one of the finest vacant tracts in the Squirrel Hill district, comprising nearly 60 acres and having the following frontages: Six hundred and sixty feet in Shady avenue, 3,200 feet in Homewood avenue, 3,200 feet in Solway street, 1,490 feet in Woodmont street, 1,000 feet in Irwin avenue and 2,600 feet in Murray avenue. About two-thirds of the property will be laid out as soon as the weather permits. The lots will range in size from 50 feet upward, with a depth of from 150 to 200 feet. The frontage will sell for from $100 to $150 a foot on the main streets. Considerable grading will be done this spring and several streets will be paved. Homewood, Wilkins, Irwin and Shady avenues are already graded and paved. It is understood that Woods & Coleman will handle the property.

A big corps of surveyors are at work on the Schenley farm in Oakland, making it ready for the contractors. Actual work on making the streets will be started April 1. It is likely that Bayard street will be the first one to be opened, and no time will be lost in grading the remainder of the new thoroughfares. The estimated cost of the streets alone is put at $400,000.

Second Avenue Sale of $35,000.

The sale is reported of the M. E. Matthews property at 212 Second avenue for $35,000. The deal is credited to the Aronson-Friedman Company, but no mention of the buyer has thus far been made. The lot is 21x70 feet and is improved with a three-story brick house, facing on the south side of the street, a short distance above Market street.

J. H. Greenberg handled the sale of the G. C. Moll residence at North Highland and Stanton avenues, which was reported in The Gazette yesterday. The exact price was $25,500.

The Commonwealth Real Estate Company has closed the sale of the Dr. Hopkins property at 6229 Penn avenue, the consideration being $42,750. There is much guessing going as to who the real buyer is, as title to the property is taken by W. L. Hardy, who is connected with the Commonwealth. The lot is 17.5x84 feet and extends through to Frankstown avenue, where it is known as No. 24.

Avery & Irish have leased for A. B. Holmes and Mrs. Caroline C. Wolfe the first floor of the building at 222 Fifth avenue for a term of years to the New York Suit, Cloak and Fur Company, which has stores in all the principal cities. They have also leased for the same owners to Raubitschek Brothers, cigar dealers, the first floor of the building at 226 Fifth avenue. The latter building is 18x60 feet and the other 22x60 feet.

Values Ranged from $2.25 to $2.75.

More than the usual amount of interest is being taken in the testimony offered in the condemnation proceedings instituted by the Pittsburgh & Junction Railroad Company to get posession of the Vandergrift property in Lawrenceville. Witnesses were heard in the United States court Wednesday and the testimony showed the values given ranged from $2 25 to $2 75 a square foot. The owners of the property claim about 89,000 feet, while the railroad authorities make the plot to contain only about 85,000 square feet. This difference is due to a disagreement about certain river frontage which the owners claim. The case has been pending for weeks, and owing to the size of the property is being watched closely by both property owners and railroad men.

The announcement that the Sharon Land Company and the Girard Land Company constitute companies of the United States Steel Corporation, have decided to reduce rents $2 a month at South Sharon carries considerable importance with it at this time, when it is generally admitted that the tendency of rents for the cheaper class of dwellings in the city is downward. Eight months ago the same companies reduced rents 15 per cent. The present reduction is said to average from 8 to 10 per cent more. The companies control and own a large number of houses at Sharon and South Sharon and have taken this step because of the complaints of employes of the big mills there that they could not pay the rents charged and live comfortably.

Selling New Houses Rapidly.

Charles R. Miller & Co. have sold two of their new houses on the Charity hospital site for $8,500 each. One of them, 5703 Wellesley avenue, was bought by F. P. Dable and the other, 5715 Wellesley avenue, was secured by Grace C. Liggett. The houses are 10-room, reception hall brick dwellings with two bathrooms and all modern conveniences, and stand on lots 30x106 feet. The same company is having plans prepared for the 12 residences which it will build on the frontage in Hampton avenue and St. Clair street, recently purchased from James Scott. These will be 12-room houses costing $8,500 each.

J. B. Griggs, who started in the real estate business in the Germania Savings Bank building a few months ago, has become a member of the firm of Robinson & Orr, investment brokers.

Farragut street: George B. Kelly sold for Kate D. McCrickert to John N. Noble a 10-room, reception-hall brick house on 50x184 feet at the northeast corner of Farragut street and Wellesley avenue, for $9,550.

Sydney street: John G. Strickel sold to Frederick Godecke an improved lot, 20x62 feet, in Sydney street, Twenty-sixth ward, for $3,000, and a property of the same size adjoining for a like figure.

Dearborn street: Charles J. Neise sold to Patrick Kelly an improved lot, 20x100 feet, in Dearborn street, Nineteenth ward, for $3,600.

Rippey street: Joseph M. Drumm sold to R. M. Brud an improved lot, 48x120 feet, on the south side of Rippey street, near St. Clair street, Nineteenth ward, for $6,500.

A building permit was issued yesterday to J. A. Shields of 6309 Broad street, East End, for a two-story brick of eight rooms. The lower floor will be used for a storeroom, while the second floor will be fitted up for lodge and secret order purposes. Cost, $9,500. A permit was taken out by Otis Hollis for two two-story frame dwellings in Saulsburg street, Twenty-seventh ward; cost, $3,8000.

FOUR FIREMEN HURT AT A BLAZE IN MONTOOTH

In the fire which destroyed three dwellings and damaged a fourth in Montooth borough early yesterday morning, Emil Boff, Julius Salzer, Henry Reinhardt and Albert Vogel, members of the Montooth volunteer fire department, were injured by falling over a high embankment. The houses destroyed were located in Boggston avenue, and two were unoccupied. It is believed tramps sought shelter in one of the houses and set it on fire by accident. The loss is estimated at $10,000. The houses destroyed were occupied by the families of J. C. Maiseed and C. Clemens. Both families lost most of their furniture.

Finished Count of Votes.

The returning board yesterday finished the count of the vote cast at the municipal election. The official tabulation resulted in the discovery that William B. Armstrong, the Republican candidate for alderman in the Twenty-third ward, defeated D. C. Beatty, the Citizens-Democratic nominee. Armstrong received 1,422 votes and Beatty 1,373. In the unofficial returns printed by the newspapers no mention was made of the Fourteenth ward assessorship, and the official returns show that W. G. Mahaffey, Citizens-Democratic-Orphans candidate, defeated A. J. Farrell, Republican.

Easy To Quit Tobacco or Cigarettes.

Each of the Undersigned, for Himself, Freely and Voluntarily Testifies as Follows:

I hereby certify that I was completely cured of the tobacco habit more than two years ago by Rogers' Tobacco-Specific. I have not used tobacco in any form since, nor had any desire to do so. I found Tobacco-Specific not only perfectly harmless, but of great benefit to my general health. Before taking Tobacco-Specific I had used tobacco the number of years set opposite my name below.

Hundreds upon hundreds of people in all parts of the country have been cured by Tobacco-Specific. It is a harmless vegetable remedy made by a noted chemist of Cincinnati, and is practically odorless and tasteless. It can be given in food or drink at meal time, and will positively cure any case without the patient's knowledge.

Taken by the patient himself it is just as certain to cure. It cures all forms of tobacco habit, whether that of pipe, cigars, cigarettes, snuff or chewing.

The Rogers Drug and Chemical Co., 4132 Fifth and Race Sts., Cincinnati, Ohio, will send you free, in plain wrapper, a trial package of Tobacco-Specific, and the most valuable book on the subject ever published, if you will send your name and address.

WILL ASK "TECH" BIDS TOMORROW

Specifications and Working Plans Are Approved and Ready for Issuance.

MARCH 21 IS THE LIMIT SET

At the meeting of the Carnegie Technical schools committee yesterday afternoon the printed specifications were approved with but few corrections and the call for bids will go to the contractors by tomorrow. The bids must be in by March 21, and it is hoped that a week or so later the contract will be let, so that actual construction will be started about April 1.

The contractors who will be requested to bid on the work are those who make application for permission to the management of the "Tech," and demonstrate their ability to handle satisfactorily and in the requisite time the big task. There will be required a satisfactory assurance and forfeit that the contract will be assumed if rewarded. The necessity for rapid work on the buildings will not allow the management to waste any time with contractors unable to handle the task.

Already 15 or 16 contractors, some from Pittsburgh and some from other cities, have expressed their desire to enter the bidding, and it is probable that a few others will be in the competition before the call for bids is formally made and the specifications and working plans delivered to the contractors who are to compete.

Henry Hornbostel, of Palmer & Hornbostel, the architects, is in the city in connection with the work, and the committee has authorized the architect and the director to look after a number of the details yet to be settled.

The building on which bids will be submitted is the one shown recently as the part to be completed this year. It is a structure of seven wings and fronts in Woodlawn avenue. From the drawings shown it is the guess of an expert builder that close to $500,000 will be required to build and equip the institution. Not all of this cost figures in the bids which are to be made now by the general contractor. An estimate of $400,000 is made for that part of the work. The nearness of this estimate will be known only when the bids are opened.

PNEUMONIA WAS FATAL.

Thirty Deaths in One Week Attributed to That Disease.

The statement of mortality in Pittsburgh for the week ending February 25 shows 179 deaths against 158 deaths for the corresponding week of last year. Thirty of the deaths are attributed to pneumonia.

During the week 25 cases of typhoid fever, 13 of scarlet fever and 7 of diphtheria were reported. Two cases of typhoid fever were reported yesterday.

Junk Dealer Is Held.

Morris Silverman, a junk dealer of 1107 Fifth avenue, was held for court by Alderman Grotezinger yesterday on a charge of larceny made by F. M. Turner, superintendent of the Oliver Iron and Steel Company. Silverman, it is claimed, removed some 22,000 pounds of scrap iron from a car at the company yard some days ago.

VERY FEW PEOPLE

Are Free From Some Form of Indigestion.

Very few people are free from some form of indigestion, but scarcely two will have the same symptoms.

Some suffer most directly after eating, bloating from gas in the stomach and bowels, others have heartburn or sour risings, still others have palpitation of heart, headaches, sleeplessness, pains in chest and under shoulder blades, some have extreme nervousness, as in nervous dyspepsia.

But whatever the symptoms may be, the cause in all cases of indigestion is the same, that is the stomach for some reason fails to properly and promptly digest what is eaten.

This is the whole story of stomach trouble in a nutshell. The stomach must have rest and assistance and Stuart's Dyspepsia Tablets give it both by supplying those natural digestives which every weak stomach lacks, owing to the failure of the peptic glands in the stomach to secrete sufficient acid and pepsin to thoroughly digest and assimilate the food eaten.

One grain of the active principle in Stuart's Dyspepsia Tablets will digest 3,000 grains of meat, eggs or other wholesome food, and this claim has been proven by actual experiment, which anyone can perform for himself in the following manner: Cut a hard boiled egg into very small pieces, as it would be if masticated; place the egg and two or three of the tablets in a bottle or jar containing warm water heated to 98 degrees (the temperature of the body) and keep it at this temperature for three and one-half hours, at the end of which time the egg will be as completely digested as it would have been in the healthy stomach of a hungry boy.

The point of this experiment is that what Stuart's Dyspepsia Tablets will do to the egg in the bottle they will do to the egg or meat in the stomach and nothing else will rest and invigorate the stomach so safely and effectually. Even a little child can take Stuart's Tablets with safety and benefit if its digestion is weak, and the thousands of cures accomplished by their regular daily use are easily explained when it is understood that they are composed of vegetable essences, aseptic, pepsin, diastase and Golden Seal, which mingle with the food and digest it thoroughly, giving the overworked stomach a chance to recuperate.

Dieting never cures Dyspepsia, neither do pills and cathartic medicines, which simply irritate and inflame the intestines.

When enough food is eaten and promptly digested there will be no constipation, nor, in fact, will there be disease of any kind, because good digestion means good health in every organ.

The merit and success of Stuart's Dyspepsia Tablets are world-wide and they are sold at the moderate price of 50 cents for full sized package in every drug store in the United States and Canada, as well as in Europe.

ROSSA WILL TELL OF "IRELAND OF TODAY"

Man Who Was Banished from His Country to Speak in This City.

O'Donnovan Rossa, editor of the United Irishman, and one of the foremost of Irish revolutionists, arrived in Pittsburgh yesterday. He is here to deliver his lecture on "Ireland of Today" at the celebration of the 127th anniversary of Robert Emmett's birth, given under the auspices of the "Clan-na-Gael," in Old City hall tomorrow evening. Last night he was tendered a reception by local Irishmen at the Henry. Today he will visit points of interest about the city.

Rossa's first conflict with the laws of England was in his youth, when he started a shop with the sign above the door printed in Gaelic. This proved objectionable to the officers and he was required to have one with the name in English. In 1858 Rossa, together with some 65 others, was arrested for alleged participation in a dynamite outrage, and Rossa was particularly charged with printing treasonable utterances in a paper which he edited. Rossa was sentenced to life imprisonment, but popular sentiment was aroused, and in 1870 petitions were circulated which resulted in his release in 1871, with the understanding that he was not to visit Ireland for 20 years.

Rossa came to the United States, and has been working ever since for the cause of Irish liberty. In speaking of the condition of Ireland and the probability of ultimate freedom from British rule, Mr. Rossa said that it would be as "safe to trust England with freeing Ireland as to trust your salvation to the devil."

The committee in charge of arrangements for the demonstration is composed of the following: John M. Kelly, Eugene Buckley, John F. O'Loughlin, P. S. Ambrose, J. M. O'Conner, M. Gillespie, Anthony Foley, John Hogue, Patrick Fitzgerald, Patrick McGovern, M. Sheedy, John P. Killeen, John Sullivan and John Malone.

THE THREE RIVERS

The stage of water at Davis Island dam, at 9 o'clock last night was 6.2 feet, and the river was falling slowly.

[SPECIAL TELEGRAM TO THE GAZETTE.]

CINCINNATI, O., March 2.—There is prospect that navigation will be resumed out of Cincinnati harbor within the next two days. At 4 p. m. today the Ohio river at Cincinnati was 28.2 feet and falling. The ice has run out of the local harbor and was about one-fifth full today of shore ice. This did not retard the movements of the boats or other craft. Clear and warm.

WHEELING—River 17.4 feet and falling. Clear; not so cold. No movement of the ice today.

LOUISVILLE—River rising. In canal, 8.8 feet; on falls, 7.6 feet; below locks, 24.5 feet. Clear and cool.

OIL CITY—River 2 feet 6 inches and stationary. Weather clear and cold.

GREENSBORO—River 8 feet 5 inches and falling. Weather clear and cooler.

WARREN—River frozen. Weather fair and cold.

POINT PLEASANT—River 10 feet 8 inches and falling. Weather clear. Up, Jos. B. Williams. Down, J. B. Lewis.

MORGANTOWN—River 8 feet 4 inches and stationary. Weather clear and colder.

PARKERSBURG—River 10 5-10 feet and rising slowly. Ice has gone out from a point above Marietta. Weather clear and mild. The Valley Belle arrived tonight from Middleport, to resume her Middleport and Marietta trade. The Kanawha, which has been tied up at Marietta, passed down from Charleston tonight.

STEUBENVILLE—River 16 feet 11 inches and falling. Weather clear and cold. River closed.

BOAT OWNERS ARE HAPPY.

Cincinnati Gorge Not So Destructive as Had Been Expected.

Pittsburgh owners of steamboats and other craft at Cincinnati are decidedly relieved now that the great gorge at that city has passed out. The loss to local owners was not nearly so heavy as they expected it to be. Every Pittsburgh man who had boats there was congratulating himself yesterday on the breaking of the gorge with so little damage.

The J. B. Finley, Transit and Jim Wood, of the River Coal Company, which were at Louisville when the ice broke, caught about 20 of the runaway barges and boats yesterday and day before and landed them in the Kentucky river. The steamers then went back to Louisville to make repairs to their wheels which were damaged in the tussle with the ice. The Ironsides, of the same company, which was laid up at Moscow, started down after the ice and is now pulling a lot of boats off the shore, where they were left when the ice went out. None of these are badly damaged.

There are still two gorges in the Ohio which prevents navigation. One is at Powhatan and the other at Wheeling island. No boats can get up the river until these break, and they are not likely to break until there is a heavy rise at this end of the stream. This is somewhat disturbing to rivermen, as it may tie up the river for a couple of weeks yet.

The steamer Virginia, of the Pittsburgh and Cincinnati packet line, went on the ways at Cincinnati yesterday and will be thoroughly repaired at once. It is not believed she was badly damaged by her experience in the ice. The ice is reported nearly all out of the Ohio at that point.

Ice was running out of both the Allegheny and Monongahela rivers yesterday. It was very heavy and hard, but fortunately there was not much of it. Some of the cakes were 15 or 18 inches thick.

DANIEL G. REID WAS NOT MARRIED IN LONDON

NEW YORK, March 2.—(Special.)—The published statement that Daniel G. STOCK MARKET ACTIVE AT IRREGULAR PRICES

High Grade Railroads Sold Off, Low Grade Advanced and Industrials Were Strong—Air Brake Firm and Higher.

By JOHN O. BAGLIN, Financial Editor.

The New York stock market yesterday was active, the sales being nearly a half-million shares larger than on Wednesday. Prices were irregular. The high grade railroad stocks which were the leaders of the rally the day before were reactionary and closed lower. Some of the lower grade stocks, however, and practically all the industrials, were firm and higher and closed at net gains. London was a large buyer on balance, the purchases for foreign account being estimated as high as 100,000 shares.

In the initial dealings a very strong tone was displayed and nearly everything on the list opened higher. On the theory that the rally was too rapid, traders sold, causing a slight decline. Then attention was concentrated largely upon the industrials, and the buoyancy of these produced a sympathetic effect throughout the entire market. The buying of U. S. Steel common was on a large scale and the price easily advanced to 36½, the highest on this movement and $25 a share higher than the highest prices recorded in March, 1904. The preferred was also strong, advancing to 96⅛, the highest for three years. There was no news affecting the steel stocks, but there was a repetition of the story now growing old that despite production on a scale heretofore unprecedented, the consumption was ahead of it, and prices were advancing from a legitimate demand from consumers. A reort was also current that the corporation would follow the example of its subsidiary company (the H. C. Frick Coke) and advance wages to furnace and mill-workers. Ordinarily a step in the direction of increasing costs of production is not construed as bullish, but in this instance the proposed action will, it is thought, forestall labor troubles.

The minor iron and steel stocks were firm and higher, and the U. S. Cast Iron Pipe issues both advanced to new high records. Amalgamated Copper was firm all day and in the afternoon became strong, crossing 78 and closing at the highest price of the day. Sugar was also strong and higher and closed at a net gain of 2⅝ per cent. Consolidated Gas closed at an advance of 3¾ per cent, presumably on the intimation that the prospect of inimical legislation was growing fainter.

While the standard railroad issues were reacting on profit-taking some of the lower grade issues advanced. All Erie issues rose to the highest prices on this movement. Baltimore & Ohio was strong, crossing 110, and Reading closed a point higher. Atchison, Illinois Central and Canadian Pacific closed strong and higher. New York Central and Pennsylvania closed unchanged for the day. In the late trading the tractions were among the strongest stocks and all of them closed higher. Metropolitan Securities leading with a net gain of 2¾ per cent.

The call loan market remained easy and unchanged, rates closing at 2 to 2½ per cent. The Bank of England did not reduce its minimum rate of discount, and some disappointment was expressed. The weekly return of the bank showed an increase in loans of $11,600,000, and a reduction on the percentage of reserve to liability from 54.97 last week to 52.51 per cent at the present time. The Bank of France reported a decrease of $1,835,000 in its holdings of gold and an increase in loans of $15,400,000.

Westinghouse Air Brake was the strongest stock on the local market, advancing $4 a share to 150 and closing at the top. More than 500 shares changed hands, the largest amount for any day this year. The strength was naturally accounted for by the reports of large orders placed by various roads for car equipment, which necessarily implies an increase demand for brake apparatus. Westinghouse Electric was also firmer, advancing to 91¼, but it subsequently reacted to 90½. Union Switch and Signal preferred sold unchanged at 100. U. S. Glass continued to advance, rising 1½ per cent to 56, possibly in anticipation of an increase in the dividend rate. The Steel stocks were active and firmer and closed slightly higher. The coal stocks remained dull, the Pittsburgh issues advancing a fraction, while River Coal preferred declined to 28. American Sewer Pipe rallied to 38¾ and National Fire Proofing preferred to 35. The brewing and gas fuel stocks were dull and about steady. Bonds were dull but firm.

FEATURES OF THE DAY

IN PITTSBURGH.

Westinghouse Airbrake rallied $4 to 150, the highest this year.

Westinghouse Electric rallied to 91¼, but reacted to 90½.

United States Glass rallied 1½ to 56 and closed firm.

Steel stocks were active and firm, closing at net gains.

Bank clearings increased $3,470,000 over the same day last year.

IN WALL STREET.

United States Steel common reached 36½ and the preferred 96⅛, new high prices.

Copper and Sugar also made a good rally and closed at the top.

All the Erie issues advanced to the highest prices on this movement.

High-grade railroad stocks reacted and some of them closed lower.

Trading active, sales being 1,530,000 shares stock and $4,580,000 bonds.

NOTES AND COMMENT.

It is curious to note that while much of the bull argument of Wall street is based upon the industrial revival in the Pittsburgh district, and while there is undoubted evidence of general business improvement here, the local stock market should remain so dull and narrow. Every day the New York stock market shows a half score of stocks selling at higher prices than for two or three years, and in some instances at the highest on record. All the time the Pittsburgh market remains in the same old rut. In this district it is estimated that between 95 and 98 per cent of the iron and steel plants are running full and prices of products are advancing. Pittsburgh bank clearings for the first two months of the year were about $80,000,000 larger than for the first two months of last year, and the clearings for February were the largest for any corresponding month on record. The local money market has been ruling easier than at this season for years. One would think that local business conditions would eventually be reflected in the local stock market. Yesterday there was an indication of a response at last to trade reports. Westinghouse Air Brake rallied to 150, the highest for a year, and the sales were larger than for some time past. The railroads have ordered thousands of new cars and locomotives. Every new piece of rolling stock must now be equipped with brake apparatus, and the earnings of the Westinghouse Company this year should show a very respectable increase.

These stocks yesterday sold at the highest prices on this movement: American Car and Foundry, 36¼; Atchison, 91; Canadian Pacific, 140¼; Erie common, 48⅛; Erie first preferred, 82½; Erie second preferred, 69¾; Railway Steel Springs, 38; United States Cast Iron, 32⅝; preferred, 89⅝; Realty Construction, 92½; United States Steel, 36½; Steel preferred, 96⅛.

"It is wonderful what this market is doing in the way of healing over old sores and reviving dead accounts," remarked a Pittsburgh member of the New York stock exchange yesterday. "Just to give an example," he continued. "In July, 1903, I had a customer who bought 500 shares Steel common at 25, on the theory that even if the dividend were cut in two, he would still have an 8 per cent investment. In the following September he bought 500 shares more at 20 in order to average his holdings, which then represented a total investment of $22,500. When the dividend was passed entirely he lifted his stock and carried it down to 8⅜. At 9 his 1,000 shares represented a loss of exactly $13,500, and it looked as though he would never come out whole. Yesterday he sold the 1,000 shares at 36, which represented $36,000, or a profit of exactly $13,500, not counting interest during the past year. I tell you what, when a man turns what looks like $13,500 hopelessly lost into a cash profit of $13,500, it has a wonderful temperamental effect. His liver works better and things generally appear in a more cheerful light. The effect cannot be otherwise than good on business, wholly apart from the stock market. For illustration, while that man was $13,500 in the whole on his speculation, there was naturally a disposition to be economical in personal expenditures. Now with a profit of $13,500 there is just as natural a disposition to be a trifle more open-handed, and this probably means more business for the dressmaker and the milliner."

The decline in River Coal preferred to 28 was probably influenced by the exaggerated reports of damage to river craft down the river by the breaking of the ice gorge. The stock is quoted lower than any other preferred stock in this market.

At auction sale in Philadelphia $2,000 Union Bridge (Pittsburgh) first 5s of 1915 sold at 100.

The net earnings of Illinois Central for January increased $251,000. St. Paul for the same month decreased $51,000 net.

One New York house bought 25,000 shares United States Steel common and sold 20,000 shares Erie.

It is understood that the United States Steel Corporation is preparing to start its Troy furnaces. So great is the pig iron demands of the finishing mills that every stack owned by the Steel Corporation will be operated to the full capacity.

Central District and Printing Telegraph sold at 135, the highest on the present capitalization.

The gross earnings of Ontario & Western for January increased $42,118 and net increased $41,200.

For the year ended January 31, 1905, the American Radiator reports net profits of $702,930, an increase of $162,413. Dividends increased $48,050 and surplus increased $114,483.

Gross earnings of Canadian Pacific for January increased $356,063, and net increased $65,017.

The largest volume of transactions ever recorded in the month of February on the New York stock exchange was that of the month just ended, 24,943,463 shares being traded in.

Commercial failures in the month of February, as reported by R. G. Dun & Co., were 1,012 in number and $9,780,370 in amount of defaulted indebtedness, against 1,063 in the corresponding month last year, when liabilities aggregated $15,812,533. Failures were more numerous in the three years preceding, and the average amount invested was slightly in excess of $11,000,000, so that last month makes a very gratifying exhibit.

The fifteenth quarterly dividend on the preferred stock of the United States Steel Corporation was paid February 28 to more than 45,000 shareholders. A rush to transfer stock on the opening of the books showed the big accumulation of preferred shares now going on. It is also noticeable that common stock is now being taken over in quantities, the new purchasers evidencing their determination to keep it for a long pull by having it transferred.

The Chicago Pneumatic Tool Company will probably recommence dividends at the rate of 4 per cent annually. Directors will act on the matter in about two weeks.

Russian bonds declined in Paris yesterday to the lowest price since last May.

The accumulation of Erie was of large influence on sentiment owing to an element of mystery in it, and to the vagueness of intimations that important announcements affecting a railroad deal were to be expected in which that property would figure. Apparently there is nothing which impresses the speculative mind in the current stock market to the same extent as the idea of a railroad deal or merger. The new form of the rumor was of the more importance to its influence owing to the waning of the effects of recent stories coupling New York Central and Union Pacific.

Alfred H. Curtis, vice president of the New York State Bankers' association, has been asked to be present at a meeting of the bankers of the state of Massachusetts on March 22 to organize a state bankers' association. Massachusetts has never had a state bankers' association.

There does not appear that any determined step has been taken to defeat the bill which will require New York trust companies to make quarterly reports. The New York State Bankers' association is really back of the movement. The arguments used by the supporters of the bill are well known. The main contention is that most of the trust companies are doing a regular banking business, and therefore should be subject to the same legislation as the state banks.

Striking movements were made in the southern group of railroad stocks and the reasons were not very clear, although the assigned motives for the buying were derived from the presence in the city of some southern capitalists of influence. Some of the southern industries shared in the movement.

STEEL COMMON WAS LEADER IN MARKET

Stocks Continued to Harden, Following Rapid Recovery in Prices of the Day Before.

[BY PRIVATE WIRE TO THE GAZETTE.]

NEW YORK, March 3.—The Herald this (Friday) morning says:

Stocks continued to harden yesterday, following the rapid recovery in prices on the previous day. Trading shifted to industrials and the lower-priced railroad shares, in many of which the most substantial advances were scored. It was found that the recent favorites, when they reached former high prices, met with strong opposition to further advances.

Profit-taking sales were strongly in evidence in such issues as Union Pacific, New York Central, Southern Pacific and Pennsylvania, and efforts to continue the former successful operations for an advance proved doomed to failure. A recognition of this condition resulted in a general transfer of speculative activity to other quarters. Common shares of industrials developed activity, and railroad shares, some of which have been more or less inactive, were brought forward. Transactions in these issues generally resulted in gains.

While there was but little diminution in the trading in the so-called high-priced railroad stocks, interest in their movements has flagged, possibly as a result of the non-appearance of any official or definite explanation of the rumored deals on which much of the speculation was based. The prominence now given to the industrial activity, as exemplified in the iron and steel trade, has attracted attention to the speculative opportunities in the common shares.

Steel common was one of the market leaders in point of activity and strength. Judging from the action of the five per cent bonds and the preferred stock, there has been of late a considerable shifting of accounts of investors and speculators. For some time brokers reshifting their investments into the preferred port that holders of the bonds have been stock, and these in turn have disposed of a portion of their accounts and have taken an interest in the common stock, purely for speculative reasons. It is pretty well known that dividends on the common stock are very remote.

READY FOR MERCHANTS.

"M. & M." Issues Pamphlet for Those Coming on Inbound Excursion.

The Merchants and Manufacturers' association has issued a pamphlet to its associate membership and other merchants in the Pittsburgh district, describing the coming inbound excursion. This excursion will start March 15 and continue until April 15.

The active members will furnish cards on which the totals of the purchases will be entered. Any person having business of this kind with the merchants will secure a rebate of all their railroad fare in case the fare does not exceed 1 per cent of the total sales. The pamphlet also gives a directory of the points of interest about Pittsburgh, and many facts concerning the city.

New York Money Market.

NEW YORK, March 2.—Money on call steady, 2¼@2¾ per cent; closing bid 2½ per cent, offered at 2¾ per cent. Time loans steady, 60 days and 90 days, 3@3¼ per cent; six months, 3½@3¾ per cent. Prime mercantile paper, 3¾@4½ per cent; sterling exchange firmer with actual business in bankers' bills at $4.86.70@4.86.75 for demand, and at $4.84.65@4.84.70 for 60 day bills. Posted rates, $4.85½ and $4.87½@4.88. Commercial bills, $4.84⅛@4.84½. Bar silver, 59⅛c. Mexican dollars, 46c. Government bonds steady. Railroad bonds firm.

Six Killed by Avalanche.

INNSBRUCK, AUSTRIA, March 2.—Six children were killed today by an avalanche which overwhelmed the house of a peasant near Ausser Villgraten.

FINANCIAL AND TRADE NOTES.

WASHINGTON, March 2.—National bank notes received today for redemption, $1,199,318. Government receipts from internal revenue, $808,621. Customs, $755,621. Miscellaneous, $332,881. Expenditures, $1,380,000.

NEW YORK, March 2.—(Special.)—It is understood that the United States Steel Corporation is preparing to start its Troy furnaces. So great is the pig iron demand of the finishing mills that every stack owned by the Steel Corporation will be operated to the full extent of its capacity.

THE MONEY MARKET.

The local money market is steady at 5@6 per cent on call and time loans. Clearing house comparisons:

	Exchanges.	Balances.
Yesterday	$9,875,950 26	$2,428,811 35

Last Year	6,405,331 06	1,174,461 89

Foreign Money Markets.

LONDON, March 2.—Money was in good demand in the market today though the pressure was somewhat reduced. Discounts were rather unsettled. On the stock exchange the leading departments were cheerful and trading was fairly active. The feature was the keen demand for gilt-edged securities. Consols hardened, but closed below the best quotations of the day. Americans were buoyant, Atchison, Topeka & Santa Fe and Erie were strong. A moderate amount of business was transacted. Prices closed firm. Grand Trunk recovered. Canadian Pacific was in demand. Kaffirs were cheerful on hopes regarding the February output, and Lord Selborne's appointment as high commissioner in South Africa being well received. Imperial Japanese government 6s of 1904 were quoted at 100. Consols for money, 91. Consols for account, 91¼. Bar silver steady, 27 5-16d an ounce. Money, 2½@3 per cent. The rate of discount in the open market for short bills is 2½@2⅝ per cent. The rate of discount in the open market for three months' bills is 2 5-16@2½ per cent.

PARIS, March 2.—Prices on the bourse today opened firm on the better internal conditions in Russia, but later became irregular and heavy on rumors of General Kuropatkin's retreat from Mukden. Russian Imperial 4s were quoted at 90.10, and Russian bonds of 1904 at 506. Three per cent rentes, 100 francs 37½ centimes for account. Exchange on London, 25 francs 21½ centimes for checks.

BERLIN, March 2.—The trading on the boerse today was extremely quiet. Exchange on London, 20 marks 48½ pfennigs for checks. Discount rates: Short bills, 2½ per cent; three months' bills, 1¾ per cent.

Banks and the Treasury.

NEW YORK, March 2.—(Special.)—In redemption of checks drawn by depositors of gold at the San Francisco and Seattle assay offices, today's official records show that the subtreasury paid out yesterday $91,035. Of this amount $88,061 had been deposited at San Francisco and $2,974 at Seattle. Total thus paid out since Friday, $275,333, against $132,400 for the same period a week ago. Total payment by government to New York banks for the day, $2,974,000. Payment by banks to government, $3,775,000. Balance on the day's transactions, $761,000 paid by banks to government. Total net payment by banks to government since Friday, $3,313,000, against $679,000 paid by government to banks for the corresponding period a week ago, and $1,097,000 paid by banks to government a year ago.

Condition of the Treasury.

WASHINGTON, March 2.—Today's statement of the treasury balance in the general fund exclusive of the $150,000,000 gold reserve in the division of redemption, shows: Available cash balance, $140,821,832; gold, $54,072,111; silver, $25,209,595; United States notes, $14,060,296; treasury notes of 1890, $25,409; national bank notes, $16,421,667; total receipts this day, $1,487,524; total receipts this month, $3,683,438; total receipts this year, $368,351,647; total expenditures this day, $1,380,000; total expenditures this month, $3,180,000; total expenditures this year, $394,298,079; deposits in national banks, $105,910,755.

BUTTER AND EGGS ARE BOTH BREAKING DOWN

High Prices Are of the Past and Business Is Decidedly Improved.

That high-priced butter and eggs are of the past was evidenced yesterday when eggs dropped to 30 and 31 cents a dozen and the market weakened rapidly. The butter market is also dropping in the east, and local dealers expect a decided change next Monday in the Elgin figures. The New York market found the consumers would not stand for the high-priced article, and New York sets the figure for the country. Today Pittsburgh is the highest market in the country, but this is bound to adjust itself in the near future.

No change took place in the price of flour yesterday, although it was expected. The western millers have already cut, but, as they have been somewhat above the local figures, the cut made no change here. If wheat steadies to where it was yesterday there is no doubt the present figure will be maintained. Local wholesalers do not look for any drop until the 1st of April. March is always the hardest month on wheat. If the month passes without any serious damage to the winter grain there will be a big drop about April 1, as the present outlook is for an enormous crop of wheat this year.

Green goods were going out readily yesterday, and no changes in prices resulted. Cabbage and potatoes have not adjusted themselves yet, but will do so in a few days, as there is plenty of stock on its way here. Onions have advanced some and may go still higher, as the stock is beginning to run short and there is not much held back.

HAY AND GRAIN.

Receipts.

Receipts of hay and grain yesterday were as follows: Pennsylvania lines—9 cars hay, 1 car rye, 1 car corn. Pittsburgh & Lake Erie—1 car feed, 1 car corn, 1 car oats, 1 car hay. Baltimore & Ohio—9 cars hay, 2 cars oats, 1 car corn.

Receipts yesterday were not sufficient to meet the demand, and prices in the hay and grain market advanced sharply. Buyers were willing enough to pay the advance. The markets in the west continue strong, and still higher prices here are not considered unlikely.

Coffee and Sugar.

NEW YORK, March 2.—The market for coffee futures opened barely steady at a decline of 20@30 points under a renewal of liquidation and bear pressure, following lower European markets and bearish estimates for Brazilian receipts during March. Good people seemed to be buying at the decline, and shortly after the opening prices rallied 5 or 10 points. The undertone continued nervous and apprehensive, and later when the closing French cables reported a decline of ¾ franc the market here broke with prices in some instances selling below the previous level. The close was steady with the spot month 15 points lower, and other points 20 to 30 points net lower. Sales were reported of 158,750 bags, including April at 6.05c; May, 6.15@6.30c; July, 6.35@6.45c; September, 6.50@6.65c; October, 6.65c, and December, 6.75@6.80c. Spot Rio quiet; No. 7 invoice, 7⅝c; mild steady. Sugar, raw firm; refined firm.

WHEAT MARKET HAD A FIRM UNDERTONE

Decreased Primary Receipts and Better Prices for Cash Cereal Kept Pit Steady.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

CHICAGO, March 2.—Decreased primary receipts and advanced prices for cash grain created a firm undertone today in the wheat pit. At the close wheat for May delivery was up ⅛@¼c. Corn is up ⅜c. Oats and provisions are practically unchanged.

The wheat market opened rather easy. May was off ⅛c to ½c at $1 14¾ to $1 14⅞. July also was down ⅛c to ¼c at 98⅝c to 98¾c. At the start, offerings were somewhat in excess of demand, a small decline at Liverpool being partly responsible for bearish sentiment. Liberal receipts in the northwest formed an additional factor at the opening. Later the demand improved materially. The moderate decline brought out considerable covering by shorts and purchasing by commission houses. The market soon rallied from the initial weakness, May advancing to $1 15⅜. July sold up to 99¼c. Some reaction followed on realizing. Trading during the remainder of the day was extremely quiet, no news of importance being received that would tend to stimulate activity. One influence that contributed to the firmness of the late market was a decrease of 100,000 bushels in primary receipts compared with total arrivals the corresponding day a year ago. The market closed firm with May at $1 15⅛@1 15¼. Final quotations on July were at 98⅞@99c. Clearances of wheat and flour were equal to 68,300 bushels. Primary receipts were 408,400 bushels, compared with 508,500 bushels a year ago. Minneapolis, Duluth and Chicago reported receipts of 384 cars, against 480 cars last week and 260 cars a year ago.

A firm undertone was manifested in the corn market throughout the entire session. At the opening the market was influenced by higher prices at Liverpool. As trading progressed the bulls were further encouraged by advices from the country reporting an excellent demand for corn for feeding purposes. The market closed at about the highest point of the day. May opened unchanged to ⅛c higher at 47⅝c to 47¾c, sold up to 48¼c and closed at 48c. Local receipts were 447 cars, with two of contract grade.

Trading in oats was moderately active and the market had a firm undertone. Cash houses and some of the large shorts were active buyers early in the day, causing a small advance. Later the demand was not so brisk, and prices eased off a trifle. Sample oats were in good request at a small gain. May opened a shade lower to a shade higher at 31½@31⅝c to 31¾@31⅞c, sold up to 31⅞c and closed at 31½@31⅝c. Local receipts were 142 cars.

Provisions were rather weak early as a result of an over-abundance of live hogs. Commission houses were moderate sellers. Later the market steadied on a good demand for lard, supposed to be for a leading packer. At the close May pork was off a shade, at $12 52½@12 55. Lard and ribs each were up a shade at $6 95@6 95¼, and $6 75@6 77½ respectively.

Estimated receipts for tomorrow: Wheat, 30 cars; corn, 438 cars; Oats, 181 cars; hogs, 32,000 head.

Forty-Barrel Producer Found in the Thirty-foot Development

West of Mannington, Marion county, the 30-foot development has presented another fair producer. It is the Delmar Oil Company's No. 7 on the A. J. Hays farm and is good for 40 barrels a day. The location is inside of defined limits and opens nothing in the way of an extension to the pool. In the Smithfield district the South Penn has drilled its No. 3 on the James Wade farm 12 feet into the Gordon, and the hole has filled up 600 feet with fluid.

On the east side of the Folsom district, near Wallace, Harrison county, the South Penn has drilled its test on the Richard Robinson farm 20 feet into the stray and has a show of oil. In the Salem district, in the same county, Gartlan & Co. have drilled their second test on the Isaac Wilcox farm through the Gordon and will have a duster unless a shot changes the present outlook. Northeast of Weston, in Lewis county, the Reserve Gas Company has drilled its test on the W. Bailey farm into the fifth sand and has a good gasser.

On Middle Island creek, Ellsworth district, Tyler county, Neeley, Casper & Co. have drilled No. 4 on the Byron Archer farm into the Maxon sand and have a 25-barrel producer. In Meade district, Tyler county, Stiles Bros. have drilled their test on the R. M. Mayfield farm through the Cow Run sand and found nothing. On Yellow creek, Calhoun county, the Guaranty Oil Company has completed its No. 10 on the M. M. Sommers farm and has a 75-barrel producer.

On the Ohio side there is nothing to attract attention. The new wells are light and the number of dry holes increasing. In the Marietta district, Washington county, George L. Craig & Co. have drilled their No. 14 on the Dyer heirs' farm through the first Cow Run sand and after it has been shot will have a light pumper. In the Newport district, Hayhurst & McCraley have drilled their second test on the Joseph O'Neil farm through the Berea grit and will have a very light pumper. In the Rinards Mills district, Washington county, the American Oil Development Company has drilled its test on the George Armstrong farm through the Big Injun and has a duster. In the Lewisville district, Monroe county, the Emery Oil Company's old No. 2 on the C. R. Buchanan farm is still producing 70 barrels a day. No other well in this district now has a production of 50 or more barrels a day.

Back of Beaver Falls, Beaver county, Pa., dusters have been encountered and the prospects for a pool of some dimensions are not encouraging. J. Figley & Co. have drilled their test on the T. M. Boyd farm through the sand and have a duster. The South Penn has completed its test on the Wintergill farm and failed to develop any oil or gas. Calloway & Co. have completed their test on the Crozier farm and have a duster. McGrew Bros. have completed their test on the Wilson farm and have a show for a very light pumper. In the same locality Caley, Ritchie & Ewing have drilled their second test on the J. and T. M. Boyd farm into the Berea grit and have a show for a good producer.

Near Amsterdam, Jefferson county, O., the Hickory Nut Oil Company's No. 3 on the George Minor heirs' farm is producing at the rate of 125 barrels a day. This is now about the same kind of a producer as No. 2 on the same farm when first drilled into the sand.

COKE SHIPMENTS GREW AS DID PRODUCTION

Surplus Piling Up in the Yards—Summaries of Connellsville and Masontown Fields.

[SPECIAL TELEGRAM TO THE GAZETTE.]

CONNELLSVILLE, PA., March 2.—Coke production and shipments made gains over the preceding week. Ovens added to the active list increased the production beyond 280,000 tons. The aggregate shipments from the Connellsville and Masontown fields exceeded 311,000 tons—the largest output of coke ever made in a single week. The Baltimore & Ohio and the Pittsburgh & Lake Erie railroads have been making experiments on the long western hauls, the result of which will shorten the time of returning empty cars from western furnaces. Although the shipments have been gaining, they have not kept pace with the firing of ovens, and surplus coke is piling up in the yards.

A summary of the Connellsville region, corrected to Saturday, February 25, shows a total of 22,707 ovens at the Grace and Revere plants of the Rainey company. Of the 95 active plants, 87 plants (21,263 ovens) made six days, four plants (208 ovens) five days, three plants (165 ovens) four days and one plant (110 ovens) seven days. The week's production amounted to 260,728 tons, an increase of 972 tons over the previous week. The shipments aggregated 11,325 cars, distributed as follows: Pittsburgh and river points, 4,660 cars; points west of Pittsburgh, 5,678 cars; points east of Everson, 1,087 cars; total, 11,325 cars, a net increase of 382 cars. The shipments amounted to 254,818 tons, an increase over the week previous of 8,600 tons. The week's production was 5,910 tons in excess of the shipments.

The shipments from the Masontown field aggregated 2,037 cars, distributed as follows: Pittsburgh and river points, 192 cars; points west of Pittsburgh, 1,715 cars; points east of Everson, 130 cars; total, 2,037 cars, a net increase of 284 cars. These shipments are estimated at 57,036 tons, an increase of 7,962 tons over the previous week. The total shipments were 311,854 tons.

Chadwick Case Adjourned.

CLEVELAND, O., March 2.—The adjourned hearing of the Chadwick bankruptcy case, set for this afternoon, has been adjourned until March 8.

NEWS FROM THE MINES.

Advices from Tonopah state that ore shipments over the Tonopah railroad last week aggregated 1,328 tons, of which 39 tons came from Goldfield.

It is said the railroads entering Tonopah have advanced the freight rate on California oil shipped into the camp. The cost in the future will be $4 60 a barrel laid down at Tonopah, against $2 30 heretofore.

A Reno dispatch says a sensational discovery of gold ore has been made 75 miles north of Tonopah, 15 miles north of Jefferson canon and 45 miles south of Austin.

Seventy per cent of all the ore that has so far been taken from the rich lower vein on the Sandstorm at Goldfield, Nev., has been sacked and shipped, amounting to about $25,000. The mill dump has about 250 tons of $50 ore, amounting to $12,500.

The contract for constructing the line of the Goldfield railroad has been awarded to McLean & McSweeney, and they will begin grading at once. Thirty-five miles of the grade of the Tonopah railroad has been broadened, ready for the new rails.

Despite washouts the Old Dominion smelter ran during the month of February, with only slight interruption. The last five days three furnaces were in commission and production for the month was close to 2,000,000 pounds. March promises a new production record.

At the annual meeting of the stockholders of the Belle of Thunder Mountain Mining Company the following directors were elected to manage the company's affairs during the ensuing year: F. T. F. Lovejoy, J. C. Russell, C. J. Fleming, R. W. Purdum, W. C. McElhaney, W. A. Cartshore and J. N. Carswell. The following officers were elected to serve the coming year: F. T. F. Lovejoy, president; J. C. Russell, vice president; R. E. Russell, treasurer; C. J. Fleming, secretary; R. W. Purdum, general manager. W. A. Cartshore was elected to take the place of C. D. Greenlee on the board. The stockholders have thoroughly demonstrated their appreciation of the efforts of Messrs. F. T. F. Lovejoy and J. C. Russell in behalf of the company. They also extended a vote of appreciation for the energy and perseverance displayed by Manager Purdum in transporting the company's large mill and tram over 146 miles of snow-covered and muddy wagon roads into what was at first termed an inaccessible region to the mine.

In his report, Manager Purdum says: "We discovered the ore bodies in the Sunnyside September 12, 1902, and have never been out of ore since, a period of two and a half years. We have cross-cut the ore body, however, 10 times up and down and have proven without doubt that the ore bodies lay flat. After discovering this fact I, with the sanction of the proper authorities of this company, ordered a Keystone drilling machine, such as is used in the oil country here, and before bad weather set in succeeded in putting down six holes through the gold rock, working to the north with the object of tracing the big ore blanket to a point north above the Burosk tunnel, which cut the mountain about 1,000 feet north of the Sunnyside workings. The drifts, crosscuts, up-raises and winzes in the Sunnyside workings blocked out three and three-quarter acres of ore that can be measured, and Prof. John A. Kruse estimates it at $800,000 an acre. The drilling machine has proven that this blanket extends under 40 acres and while I do not presume to say that this value of $800,000 an acre will continue through the entire 40 acres, still no one familiar with the district can estimate it at less than half that amount. It must be remembered that this is strictly a gold panning mine, and while we knock down more or less barren material while handling the drilling tools up and down, yet we are able to arrive at the proper values by panning and assaying. I wish to state that every one of the 10 holes have better than pay ore and that the drilling machine is therefore the quickest and cheapest means to prospect this property. I feel sure that I will open up at least 110 acres of this big blanket in our property this summer."

The Metal Market.

NEW YORK, March 2.—The London tin market was irregular with spot a little higher at £131 12s 6d and futures lower at £130 12s 6d. Locally the market was quiet and a shade lower on the inside prices with the range standing at $28 50@28 87½. Copper remains quiet but generally firm in the local market with the large producers holding lake at $15 50; electrolytic at $15 37½@15 50; casting at $15 00@15 25. The London market was a little easier with spot closing at £68 3s 9d and futures at £68 11s 3d. Lead was easier in the London market, closing at £12, but remained unchanged here at $4 45@4 60. Spelter declined slightly abroad with spot closing at £23 17s 6d. Locally prices were unchanged at $6 10@6 20. Iron closed at 54s in Glasgow and at 49s 7½d in Middlesboro. Locally demand continued firm and prices were firm. No. 1 foundry northern is quoted at $17 75@18 25; No. 2 foundry northern at $17 50@18 00; No. 1 foundry southern and No. 1 foundry southern soft at $17 75@18 25.

BOSTON, March 2.—The strength in A. C. P. drew attention to copper stocks today and slight gains were shown in Allouez, Osceola, Mohawk and Copper Range. Greene also was in good demand, selling up to 28½. The February output of the lake mines which was published today encouraged the traders and the bullish feeling on copper stocks is stronger than it has been for some time, and we believe that the purchase of Osceola, Mohawk, Copper Range, Winona, Mass and Michigan around present prices will all show a good profit in the near future.

Railroad News.

Railroad officials and coal shippers are actively engaged in making preparations for the opening of the lake season for coal. The lake men usually begin to figure on starting their boats out by April 1, always hoping that the season opens by that time. This winter has not been so severe as most winters. Although there have been several real cold spells, they have not lasted long; consequently the lake shore ice is not so thick as in former years. The river ice emptying into the lake is not so strong as usual; consequently the boats will be able to cross the lakes earlier this season than for several years. A good many of the coal shippers intend having a large quantity of coal at lake ports before the season opens so boats can be loaded in time to be transported at the earliest possible time. The railroad officials are not in favor of taking lake port orders too soon, fearing it will tie up their rolling stock, causing a great scarcity of cars. But they will accept lake shipments in time to have the coal at lake ports in time to be loaded ready for transport as soon as it is safe for the steamers to cross. One thing holding the railroad officials from accepting lake port shipments is the fear of another strike of the longshoremen. The strike last year proved costly to railroads and until the unions agree to terms for the season the railroad officials will not permit all their cars to be loaded.

Another Speaker Secured.

One of the most interesting as well as valuable features in connection with the dinner to be given by the Traffic club of Pittsburgh at the Hotel Schenley on the evening of April 7 will be an address by Willis L. King, vice president of the Jones & Laughlin Steel Company. His topic will have reference to the vast interests of Pittsburgh and the many ideas advanced will undoubtedly be given unusual consideration on account of the large representation of high traffic officials who will be present on that occasion. Mr. King is particularly adapted to speak with much confidence as well as a wide knowledge on this topic, for his life has been spent in Pittsburgh in connection with the largest iron and steel producing firm outside of the corporation.

C. & N. W. Changes.

Henry C. Lydiard, traveling agent of the Chicago & Northwestern railway, with headquarters in Pittsburgh, has been transferred to Philadelphia, where he will assume a similar position. As Philadelphia yields more business to the Chicago & Northwestern than Pittsburgh, the change is considered a promotion. He will be succeeded in this city by Eugene H. Lamb, who was formerly traveling agent of the company at Denver, Col. Mr. Lydiard has been connected with the company for 16 years and for the past 15 months has been in Pittsburgh.

Railroads Secure Injunction.

Local passenger officials are much pleased over the news that the district supreme court of the District of Columbia had granted a temporary injunction against ticket brokers in Washington doing business. The hearing is to take place March 7, but by that time the inauguration of President Theodore Roosevelt will be history and whether the injunction be made permanent or not matters little to railroad officials. The plan of securing temporary injunctions a few days before an event of this kind answers the purpose of a state law prohibiting scalping.

Left for Hot Springs.

J. W. Patterson, vice president and general manager of the Wabash-Pittsburgh Terminal, left yesterday on the 1:10 train for Hot Springs, Ark. With him were J. O'C. Campbell and wife, W. E. Griffith and W. J. Burns, Jr. They expect to be away two weeks. This indicates little will be done toward pushing local improvements until their return.

Railroad Notes.

Considerable freight has been moved during the past few days, due largely to the moderating of the weather. All signs of a freight congestion have passed.

The freight officials of the Vanderbilt interests held another meeting yesterday to further discuss the uniform freight rules governing all the affiliated lines.

Col. Samuel Moody, general passenger agent of the Pennsylvania lines, put a quietus to the rumor that the passenger department would be moved to Chicago. He stated that no such plan was even contemplated.

R. E. McCarty, superintendent of the Panhandle, made an inspection of the Scully yards and Chartiers branch yesterday.

Andrew Kaiser, the newly appointed assistant superintendent of the Pittsburgh division of the Pennsylvania railroad, made an inspection over the line yesterday.

HOUSE CLEARS THE CALENDAR

Lower Branch of Legislature at Harrisburg Quickly Disposes of Bills.

SOLONS GOING TO INAUGURAL

THE PITTSBURGH GAZETTE BUREAU.
HARRISBURG, PA., March 2.

In almost a record-breaking time the house this morning cleared the calendar, received some new bills and adjourned until Monday night. Quite a large number of senators and members will leave Harrisburg Saturday morning to attend the inaugural ceremonies at Washington.

Thirty first-reading bills were passed, six on third reading and final passage and one on reading postponed for the present. There was opposition to the latter bill. It authorizes "companies incorporated under the laws of any other state for the manufacture of paper to erect and maintain buildings and manufacturing establishments and to take and have and hold real estate necessary and proper for manufacturing purposes." Mr. Creasy wished to amend the bill. His offer was that if any company doing business under the act became affiliated in any way with the paper trust, the concern should lose all its rights in this state. The amendment was voted down and the bill then passed second reading.

In the Interest of Breweries.

Mr. Kline of Pittsburgh introduced a bill which takes from the courts the power of granting licenses to brewers and vests it in the county treasurer. It permits breweries to hold one or more wholesale licenses in each county, which is distinctly an innovation. The existing wholesale fee is to stand, but there shall be filed a bond of $5,000 for each license. The product of the breweries may be sold in quantities of not less than 12-pint bottles or less than one-eighth of a barrel.

The treasurer shall receive a fee of $3 and the clerk of the court $5 for advertising the license application. Each new brewery established shall pay a fee of $1,000 for the first year and thereafter a fee, graduated according to the production, from $250 for not more than 1,000 barrels to $6,000 for not more than 300,000. The bill was sent to the law and order committee.

Explaining the purpose of the bill Mr. Kline said: "The object of this act is not to evade the law; in fact, it makes it even more stringent than the Marshall act of 1897. The purpose is to make the law uniform through the state in the matter of granting licenses and transfers. One county may have one ruling and another one directly opposite. But if the matter is placed in the hands of the county treasurer there could be no deviation by the courts of Pennsylvania.

New Law for Burglary.

"In my mind this is the only way in which equity can be accorded to those in the manufacture of brewed or malt liquors. The bill has been prepared by some of the most competent lawyers of the state and will, I believe, meet with the approval of the people. If the brewing business is lawful, why should it not receive the same consideration as any other lawful business? The brewers only ask for a square deal."

Representative Jackson of Armstrong believes that his bill, introduced yesterday, amending "an act to consolidate, revise and amend the penal laws of this commonwealth," to be a measure of the utmost importance. The amendment pertains in particular to the crime of burglary when nitro-glycerin, dynamite, gunpowder or any other high explosive is used, the penalty being fixed at a fine not exceeding $1,000 and imprisonment not exceeding 25 years, the later to be that of separate or solitary confinement at labor. Mr. Armstrong gave The Gazette correspondent the following reasons for introducing the bill:

"The purpose of this bill is to reach criminals known as 'yeggmen,' and post-office robbers. Hardly a fortnight passes that we do not hear of this kind of burglary somewhere within the state. Of late the 'yeggmen' have been particularly active in and around Pittsburgh and Philadelphia.

Most Desperate Criminals.

"They are growing more bold every day. I believe that this class of criminals is the most desperate with which we have to contend. They do not hesitate to take human life in the pursuit of their vocation. There are many instances reported where the 'yeggman' have terrorized the entire community, have commited murder, robbed postoffices and railroad stations. Their loot seldom exceeds $100 and yet they are willing to kill, no matter how small the amount of money secured. It is my purpose to make the punishment fit the crime and the bill introduced is none too severe in its application to the characters to which it will apply."

Among the bills pased finally were the following:

Authorizing municipalities to vacate in whole or in part all streets, lanes and alleys within their corporate limits laid out by the commonwealth, whenever the same or the portion to be vacated shall have remained unopened for a continuous period of 30 years next preceding such vacation.

Permitting children residing in school districts in which no public school is maintained to attend a public school in some other district located near their homes, and providing for the payment of cost of tuition and school books.

Empowering the state forestry commission to grant rights for the use of the waters upon the state forest reservations and prohibiting grants of the use of waters upon the lands in any charter issued to private water companies.

The bill relating to licensing of engineers in cities of the second and third class was referred to the municipal corporations committee. Among the bills introduced were the following:

Mr. Osborne, Venango, providing that civil engineers and surveyors shall receive fees at the rate of $5 a day and mileage at the rate of 10 cents for attending court as witnesses.

Mr. Arner, Clarion, permitting owners or lessees of coal lands or coal in place to enter any colliery being operated on adjoining lands for the purpose of ascertaining whether such owners or lessees have been or are being trespassed upon, and imposing a fine of $200 for the refusal of such permission.

BARCHFELD FAILED TO APPEAR BEFORE CENSORS

Charges Preferred Against the South Side Physician Were Straddled by Investigating Committee.

The board of censors of the South Side Medical society met last night in the office of Dr. S. Blumberg, 1712 Carson street, to take action on the charges preferred against Dr. A. J. Barchfeld, who is alleged to have made assertions unbecoming a member of the medical profession. After hearing the charges the three members took different views, and no action was taken. The censors were Drs. Thomas P. Cochran, A. D. Husted and S. Blumberg.

Dr. Barchfeld is held responsible for the recent changes in the staff of the South Side hospital. He is also accused of saying the members of the old staff were incompetent, and other things, equally distasteful, are charged to him.

Dr. Husted sent a general delivery letter to Dr. Barchfeld, notifying him of the meeting, but it is said he had left the city before the communication was delivered. It is this fact which prevented action being taken last night. Dr. Blumberg favored waiting until Dr. Barchfeld could meet the censors. Dr. Cochran concurred in this, but Dr. Husted advocated immediate action and that the charges be sustained.

The meeting ended by instructing Dr. Husted to report to the executive meeting of the Medical society next Monday the opinion of each member of the censors. He will thus report that Dr. Blumberg prefers the society taking the matter into its own hands. Dr. Cochran is in favor of postponing action until more evidence is secured, and Dr. Husted favors sustaining the charges.

Francis J. Torrance to Preside.

Francis J. Torrance will preside at the mass meeting at 3 p. m., March 11, in the chamber of commerce to discuss the bills on child labor now pending before the legislature. Owen R. Lovejoy of New York will be present to address the meeting, as will Florence Kelly and several others.

TOOK ACTION ON APPROPRIATIONS

Legislative Committee Recommends $2,000,000 for Care of Insane.

PITTSBURGHERS ARE HEARD

THE PITTSBURGH GAZETTE BUREAU.
HARRISBURG, PA., March 2.

Bills appropriating $2,000,000 for the care of the indignant insane and $400,000 for consumptive hospitals were affirmatively recommended by the house appropriations committee tonight. It was also decided to employ an architect and supervising engineer to advise the committee concerning the new buildings the various institutions are asking for.

The bill for the indignant insane is $150,000 in excess of the appropriation of two years ago, but it is found the increase is absolutely necessary. For the consumptives $200,000 is to be expended for the building of a camp on a forestry reservation in the western end of the state. Another $200,000 is to be used in extending the present state camp at Mont Alto.

Chairman Plummer suggested the necessity of having an engineer and architect assist the committee in ascertaining the necessity and the cost of the various improvements the institutions are requesting appropriations for. It will also be his duty to determine the best method for immediate relief of the insane and feeble minded pending the completion of the institutions now in the course of erection. The position will be abolished at the close of the session.

Asked Increase of Salaries.

Representatives of the Western penitentiary were given a hearing before the house appropriations committee this evening. Those appearing for the institution were David B. Oliver, president of the board; James B. Reed, treasurer, and Dr. W. McC. Johnston, warden. Mr. Oliver explained the items in the appropriation bill submitted by the penitentiary. They are as follows: Salaries, $187,000; extraordinary repairs, $21,000; insurance, $6,000; hospital equipment, $500; books, stationery and postage for the prisoners, $2,000; battery of two new boilers, $11,450 and the usual gratuities to discharged prisoners.

The amount asked for salaries is $47,000 in excess of the appropriation of two years ago. Mr. Oliver explained the money is wanted to increase the pay of the employes as they are not now receiving sufficient salaries. They are paid on a schedule made 30 years ago, when the cost of everything was very much less. It is the desire to put them on the same plane with the employes of the Allegheny county jail and workhouse. Two years ago the committee acceded to an increase of 20 per cent in the pay of the men. Chairman Bliss later cut the sum away down and the $47,000 now asked for will enable the board to put the salaries to the point they desired to make them two years ago. Data showing the salaries now paid, those proposed if the increase in granted and the wages of the jail and workhouse employes will be forwarded to Chairman Plummer.

Using Counties' Money.

The item for extraordinary repairs is to cover expenses constantly being incurred for improvements about the building. Mr. Oliver said there were miles of steam pipe in the institution and the cost for repairs is heavy. He also cited other instances of where the money is needed. These expenses are now being paid out of the cash earned in the industries of the institution. Mr. Oliver said the money rightfully belonged to the counties sending the prisoners to the penitentiary and it would be an injustice to them to continue to divert it.

There was considerable discussion of the boiler item, but the need for the improvement was made apparent to the committee and the cost was shown to be not excessive. The hearing ended by Chairman Plummer saying to Mr. Oliver, "Your word is good with this committee."

There was a hearing given on the bill appropriting $15,000 to the Suburban General hospital of Bellevue. The institution was represented by Capt. William Martin, William B. Kirker, Stephen Newburg, L. K. Porter, S. H. Thomson and Dr. W. W. McCleary.

SENATOR FLINN OUT AGAIN.

Was Kept in House by Slight Operation on His Ankle, Due to Old Injury.

After being confined to his house for some time, former Senator William Flinn came downtown yesterday. He rode in the street cars and visited the office of Booth & Flinn, the Colonial Trust Company and the Duquesne club. The senator brought crutches along, but he did not have to use them.

In fact, although Senator Flinn's leg has been in bad shape, he has been able to walk for several days, and he only remained in the house to hear the result of an examination of a piece of bone taken from the shin, it being feared that the senator might have sarcoma, which might necessitate the amputation of part of the leg. The result of the examination was conveyed to Mr. Flinn on Wednesday night, and he was told that there was really nothing serious the matter with him, although he has suffered much pain.

Senator Flinn says the condition of the bone is supposed to be the result of a trivial injury received some years ago, the injury itself being so slight that the senator does not recollect whether it was 10 or 15 years ago, or whether it was caused by a fall or by the shin bone striking against something.

Senator Flinn will have to be careful of his leg for awhile, but the doctors are convinced that he will soon recover.

"Tea Party" Brings Good Returns.

The second evening of the "Tea Party" given by Epiphany parish church in Turner hall, Forbes street, proved very successful. There was a large attendance, and the many features of the occasion insured a pleasant evening. The net cash results from the party mean a start on the proposed Girls' club for Epiphany parish.

MAJORITY WOULD OUST GOV. ADAMS

Four Reports Are Presented on the Gubernatorial Contest in Colorado.

SPLIT AMONG REPUBLICANS

[BY ASSOCIATED PRESS TO THE GAZETTE.]

DENVER, COL., March 2.—Four reports were filed with Lieut.-Gov. Jesse A. McDonald by the gubernatorial contest committee today. Fourteen Republican members of the committee, a majority of one, sign in favor of ousting Adams and seating Peabody, but six of the committee declared they reserved the right to vote as they saw fit after hearing the arguments in joint convention.

Senator Allen had previously filed a report in favor of declaring the election of a governor null and void, creating a vacancy to be filled by the lieutenant governor. This received no support from the other members of the committee.

The nine Democratic members recommend the dismissal of the Peabody contest because no case had been made by the evidence.

The fourth report, which may prove to be the most important, was prepared by William H. Griffiths, chairman of the committee, and bears in addition to his signature those of Representative J. A. McIntyre, C. F. Dungan, J. B. Thompson, all of them Republicans. It sets out that there was shown to have been fraud in 40 precincts in Denver, which was not disproved by Adams. However, it also sets out that Adams proved by his evidence that 60 of the 104 precincts attacked by Peabody were proven to be without fraud and that the election in them was regular.

On this account, the report says, Adams still has enough votes to give him a good sized plurality, and the election. The conclusions are the same as those of the report submitted by the Democratic members of the committee, but they are reported in a different way.

Consideration of the reports was postponed today by the joint convention of the general assembly on account of the death of Edward O. Wolcott, former United States senator from Colorado. The general assembly appointed a committee to draft resolutions in memory of the late senator and adjourned until tomorrow forenoon.

SENATOR W. C. SPROUL INDORSES GREATER CITY

President Pro Tem of State Senate Says He Will Be Glad to Be of Assistance.

"I shall be very glad to see this project consummated and will be glad to be of assistance to you." This statement from Senator William C. Sproul, president pro tem. of the state senate at Harrisburg, was received by Logan McKee, secretary of the chamber of commerce, yesterday in reply to a copy of resolutions adopted at the Allegheny-Greater Pittsburgh mass meeting last Monday night. It is expected that within the next few days many favorable replies of a similar nature will be received from the members of the state house of representatives.

Prof. F. C. Farrar, who is conducting the work of getting signatures to petitions favoring Greater Pittsburgh, said last night that there is little trouble in securing signers.

"There is a wave of public sentiment on the North Side in favor of making the great city of Pittsburgh, Greater," Prof. Farrar says. "There are now more than 100 petitions being circulated, and rapidly and willingly signed. These will be forwarded to the members of the legislature."

"Pittsburgh is a great deal like a bundle of shoe strings," Winston D. Browne, representative of a New York shoe house, said last evening. "There is no cohesiveness to it. I have been here a week and am supposed to be canvassing Pittsburgh. Three times this week I have had inquiries from my firm, asking what I am doing. They don't understand this thing of sending in orders from Allegheny, Homestead, Braddock and a dozen other communities that make up the metropolis of Western Pennsylvania.

"If Pittsburgh wants to become a greater city there is nothing to prevent it. Take New York, Jersey City, Philadelphia, Boston, Buffalo, Cleveland, Chicago, Cincinnati and St. Louis—they have their baundaries limited by either a water front or a river dividing two states. Pittsburgh has plenty of room to grow, north, south, east or west."

SECOND FIRE AT STONEBORO.

Gann & Newkirk Again Suffer—Other Victims—The Losers and Amount of Insurance.

SHARON, March 2.—(Special.)—For the second time in six weeks Stoneboro was visited by a destructive fire this morning, the loss amounting to $12,000, with $5,000 insurance. The general store of Gann & Newkirk, which was moved to the Houser block after the recent fire, again suffered. The blaze started in the Houser building, which was totally destroyed, together with the residence of Louis Doolittle. The losses and insurance are: Mrs. Houser $4,000, insurance $1,000; Gann & Newkirk $2,500 on stock, insurance $1,000; L. Doolittle $1,000, with $500 insurance; Dr. Mead $1,000, partly insured; Jacob Geisler, tailor, $2,000, insurance $1,000; Mary Vickerman, $500. The origin of the fire is unknown.

BOYS GAVE THE JUDGE THE NAME OF JUNK DEALER

Peter Goetz, a junk dealer, of 462 Thirty-third street, is locked up in Oakland police station on a charge of receiving stolen goods, preferred by Thomas H. Chipp of North Craig street. Chipp's house was entered on Tuesday by five boys and robbed of a lot of lead pipe. The boys were arrested and sent to juvenile court yesterday, where they confessed to stealing the lead pipe and selling it to Goetz.

COMMISSION MAY DISCUSS RATES

Senator Dolliver Makes Speech in Support of a Recess Hearing.

JAMESTOWN FAIR BILL PASSES

[BY ASSOCIATED PRESS TO THE GAZETTE.]

WASHINGTON, March 2.—The senate today passed the sundry civil appropriation bill carrying about $68,000,000. There also was discussion of the pure food bill, and Mr. Dolliver made a brief speech in support of his resolution providing for the appointment of a joint congressional commission to investigate the question of railroad rates. The resolution was referred to the committee on interstate commerce.

At the night session, the general deficiency appropriation bill, the last of the supply measures, carrying $29,069,466 was passed. The house bill for the celebration of the aniversary of the first English speaking settlement in America on or near the waters of Hampton Roads, Va., appropriating $250,000 for the purpose, was passed.

Government participation in the exposition was provided by the house today when by a vote of 182 to 91, the bill for that purpose being passed under a suspension of the rules.

Conferees on the Indian appropriation bill reached an agreement tonight on all but three amendments. The senate receded from the Bard amendment prohibiting the use of Indian funds for the support of sectarian or denominational schools, and it goes out of the bill. The provision for the extension of the leases of oil lands in Oklahoma held by the Indian Territory Illuminating Oil Company, is accepted by the house conferees with an amendment to the provision increasing the royalty to be paid on each gas well from $50 to $100. This amendment stipulates that the president of the United States may determine the amount of royalty that shall be paid.

Representative Kehoe of Kentucky introduced a concurrent resolution today to annex the republic of panama to the United States. The resolution recites that "it will be to the best interest of the world, and especially beneficial to the contracting parties," the president be requested to advise the congress upon what terms the territory embraced within the republic of Panama can be annexed to the United States, the inhabitants thereof to enjoy the rights and privileges and immunities guaranteed to other citizens under the federal constitution.

CONTRACTOR IS WILLING TO MAKE RESTITUTION

Further Testimony Regarding Contracts Made by the Commissioners of Indiana County.

[SPECIAL TELEGRAM TO THE GAZETTE.]

INDIANA, PA., March 2.—The second day of the investigation into the charges of irregularity and excessive prices for work done by the county commissioners brought out peculiar transactions.

In the Buterbaugh bridge case the contract for the stone work of which was given to Michael Bennett at $2,060, several witnesses testified that the work was inferior and that it did not come up to the measurements given by the contractor. The wall was supposed to be 21 feet high, when witnesses testified that by actual measurement it was only 14 feet. Contractor Bennett testified that he did not measure the wall but only guessed at the height. He offered to refund to the county the difference due, but did not set any amount, which is estimated at $1,050.

The Nineveh fill on the Indiana county side of the Conemaugh river is being investigated. The amount paid for this work was $400. Witnesses testified that $50 to $60 would be good pay for the labor.

Train Runs Away, Horses Killed.

FAIRMONT, W. VA., March 2.—(Special.)—A freight train on the Baltimore & Ohio railroad ran away on the Cranberry grade near Grafton this morning and left the track at Rodener. Nine cars and the engine were derailed. Brakeman W. G. Bragg was seriously injured and may die. A carload of horses went over the embankment, killing many and crippling others. When Engineer Frank Greiner found that his train was running away he reversed the engine, but a ratchet broke, allowing the reverse bar to move back and forth so that he could not control the engine.

$500 REWARD FOR WOMEN
WHO CANNOT BE CURED.

So uniformly successful has Dr. Pierce's Favorite Prescription proven in all forms of Female Weakness, Prolapsus, or Falling of Womb, and Leucorrhea, that, after over a third of a century's experience in curing the worst cases of these distressing and debilitating ailments, Dr. Pierce now feels fully warranted in offering to pay $500 in cash for any case of these diseases which he cannot cure.

IT STANDS ALONE.—The "Favorite Prescription" stands alone, as the one and only remedy for these distressingly common forms of weakness, possessed of such positively specific curative properties as to warrant its makers in proposing, and binding themselves to forfeit, as we, the undersigned proprietors of that wonderful remedy hereby do, to pay the sum of $500 in legal money of the United States in any case of the above diseases in which after a fair and reasonable trial of our treatment, we fail to cure. No other medicine for the cure of woman's peculiar ailments is backed by such a remarkable guarantee; no other medicine for woman's ills is possessed of the unparalleled curative properties that would warrant its manufacturers in making such an offer; no other remedy has such a record of cures on which to base such a remarkable offer.

Therefore, *insist* on having Dr. Pierce's Favorite Prescription and turn your back on any unscrupulous dealer who would insult your intelligence by attempting to foist upon you some inferior substitute, under the plea that "it is just as good." Insist on having the article which has a record of a third of a century of cures and which is backed by those willing to forfeit $500 if they cannot cure you.

In cases attended by a leucorrheal drain a solution of Dr. Pierce's Lotion Tablets should be used conjointly with the use of the "Favorite Prescription." They are sold by all druggists, or sent post-paid to any address, on receipt of 25 cents in stamps. Send 31 cents in stamps for Dr. Pierce's Common Sense Medical Adviser. Address WORLD'S DISPENSARY, Buffalo, N. Y.

Weak and sick women are invited to consult Dr. Pierce, by letter, *free*. All correspondence is held as strictly private. Address Dr. R. V. Pierce, Buffalo, N. Y.

How Is Your Heart?

Is your pulse weak, too slow, too fast, or does it skip a beat? Do you have shortness of breath, weak or hungry spells, fainting, smothering or choking spells, palpitation, fluttering, pains around the heart, in side and shoulder; or hurt when lying on left side?

If you have any of these symptoms your heart is weak or diseased, and cannot get better without assistance.

Dr. Miles' Heart Cure strengthens weak hearts, and rarely ever fails to cure heart disease. Try it, and see how quickly you will find relief.

"About January 1st, 1902, I took down with weakness and dropsy, and gradually grew worse. I was told by my family physician that my case was hopeless. My neighbors and family had given me up to die. My limbs and body were swollen to one-third larger than normal size, and water had collected around my heart. For at least three months I had to sit propped up in bed to keep from smothering. I sent for five bottles of Dr. Miles' Heart Cure, and by the time I had taken them all I was entirely cured. I feel better than I have for twenty years, and I am able to do any kind of work on my farm. My attending physician told me that if it hadn't been for Dr. Miles' Heart Cure I would now be in my grave."
L. T. CURD, Wilmore, Ky.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

SOUTH TENTH STREET WORKS,
PITTSBURGH.

Sixty years of experience with Ayer's Sarsaparilla! Think of that! Think of the millions of people who have been cured by this medicine! If despondent, down-hearted, discouraged, and almost ready to give up, this splendid old family medicine will prove the silver lining to your dark and dismal cloud. Ask your doctor.

Made by the J. C. Ayer Co., Lowell, Mass.
Also manufacturers of
AYER'S HAIR VIGOR—For the hair.
AYER'S PILLS—For constipation.
AYER'S CHERRY PECTORAL—For coughs.
AYER'S AGUE CURE—For malaria and ague.

MONEY SAVERS

Tourist cars are great money savers. There are many other good points about them, but they are certainly money savers. By purchasing round trip tourist car tickets, good between

Chicago and San Francisco

you save on your railroad fare $20.00, which, added to the amount saved on tourist sleeping car fare ($14.00), is enough to pay one's expenses in California for two or three weeks.

If you cross the continent in one of the tourist sleepers of the

Union Pacific
and
Southern Pacific

You will enjoy your trip and save considerable money.
